OPERATIONS SUMMARY

Strong Financial Management

As a non-general fund agency, DPOR is supported by assessments on licensed practitioners, not by any tax revenues.

State law requires the agency to adjust fees so that revenues are sufficient to cover expenses, but not excessive.

	Fiscal Year 2003 (07/01/02 - 06/30/2003)	Fiscal Year 2004 (07/01/03 - 06/30/04)
Assessment Revenues	\$10,444,792	\$11,779,626
Federal Grants	\$506,968	\$457,879
Expenditures	\$11,039,091	\$10,891,767
Cash Balance	\$3,623,564	\$4,969,302

Complaints and Disciplinary Cases

The Complaint Analysis & Resolution Section processes all complaints received by DPOR. The Field Investigations Section determines whether evidence supports a probable violation of board regulations or state law. The Adjudication Section conducts Informal Fact-Finding (IFF) Conferences in accordance with the Administrative Process Act. Cases resolved through the agency's Alternative Dispute Resolution Section may avoid formal investigation.

Following an investigation and administrative hearing (IFF Conference), a board may require additional education, impose a monetary fine, or suspend or revoke the license if it finds a regulatory violation.

During the biennium, DPOR received **7,598 complaints** and conducted **3,007 IFF Conferences**.

In addition, the agency worked with local authorities in successfully prosecuting 755 cases of unlicensed activity. DPOR helps consumers receive **\$1.5 million** each year in court-ordered victim restitution.

LEGISLATIVE INITIATIVES

Governor Warner, General Assembly help licensees, protect consumers

In the midst of America's war on terror, DPOR strongly supported a bill to ease the burden on active-duty military personnel serving outside the Commonwealth. **House Bill 319** (2004) authorizes the agency to grant time extensions for meeting certain licensing requirements – such as continuing education coursework or other documentation for renewal. DPOR sought this legislation so that those serving in the armed forces do not jeopardize their professional license status while deployed outside Virginia or overseas.

A basic principle of professional regulation is to promote accountability and an ethical business climate. Recently, several asbestos training providers pled guilty in the Hampton Roads area for using false training certificates to obtain state licenses. DPOR, however, was powerless to take prompt disciplinary action because of a statutory loophole. As a result, **House Bill 462** (2004) allows the Board for Asbestos, Lead, and Home Inspectors to summarily suspend a license or training approval if a substantial danger to the public exists.

Following a troubling cemetery case involving complaints about maintenance, financial improprieties, and even allegations of improper burial, DPOR requested legislation to increase consumer protection. **House Bill 857** (2004) now allows the Cemetery Board to seek court intervention or the appointment of a receiver when a cemetery company threatens the public interest. By strengthening the statute, the state can ensure continuous cemetery operations and maintenance – including the integrity of pre-need and perpetual care trust funds.

To reassure consumers that Virginia will discipline unscrupulous or incompetent professionals, DPOR requested authority to allow information from public sources as the basis for a written complaint. Because of **House Bill 716** (2004), the agency can move forward with more disciplinary matters – many quite serious in nature – and revoke the licenses of individuals who pose a threat to the public.

In order to eliminate inefficiencies and provide customers with online business services, DPOR requested a bill to eliminate a technical obstacle to eventual electronic licensing. **House Bill 1749** (2003) removes an outdated requirement for Board for Contractors applicants to notarize license applications.

New agency programs, responsibilities

FAIR HOUSING

Based on a recommendation by the Housing Study Commission to strengthen Virginia's Fair Housing Law, **Senate Bill 1102** (2003) establishes an independent Fair Housing Board at DPOR. The Real Estate Board continues to handle cases involving real estate licensees or their employees. Both boards investigate housing discrimination through the agency's Virginia Fair Housing Office. The Fair Housing Board offers state certification for individuals who complete a two-hour, education-based course.

ELEVATOR MECHANICS

House Bill 829 (2004) implements a new certification program for elevator mechanics under the Board for Contractors. The new law, recommended by the Housing Study Commission, governs individuals who are engaged in building, installing, or servicing elevators, escalators, dumbwaiters, or related conveyances.

HAIR BRAIDERS

House Bill 1941 (2003) establishes a separate license under the Board for Barbers and Cosmetology for those who perform hair braiding services exclusively. Previously, the state required a full cosmetology license – with 1,500 hours of training in areas such as cutting and coloring – for hair braiding. The new law eases the regulatory burden while still protecting clients' health and safety by requiring appropriate education, training, and skill (such as knowledge in scalp disorders and tool sterilization).

LOCAL ENFORCEMENT PILOT

House Bill 454 and **Senate Bill 285** (2004) direct DPOR to establish a pilot program with at least one locality's Building Official to assist with complaint investigation and disciplinary orders against licensed contractors. The Board for Contractors is entering into formal agreements with localities of varying populations in diverse geographical areas.

Studies examine diverse, cutting-edge issues

In accordance with state law, the Board for Professional and Occupational Regulation (BPOR) evaluates the need for regulation.

During the biennium, the Board solicited comment at regional public hearings and conducted studies on:

ROLLER SKATING RINKS

The General Assembly directed BPOR to examine the appropriateness of regulating roller skating rinks in 2002. In its final report, BPOR concluded that the roller skating rink industry does not warrant regulation but might benefit from minimum safety standards.

ESTHETICIANS/ELECTROLOGISTS

At the request of the Board for Barbers and Cosmetology, in 2002 BPOR considered the need to regulate estheticians and related professionals, such as electrologists. In collaboration with the Department of Health Professions, BPOR found convincing evidence to support mandatory licensure of estheticians and electrologists in order to protect the public from harm.

PHOTOGRAMMETRY

For several years, a debate has surrounded the issue of photogrammetry – whether it is an occupation separate from the practice of land surveying, a specialty of land surveying, or itself a tool used by land surveyors. Following a study requested by the Board for Architects, Professional Engineers, Land Surveyors, Certified Interior Designers, and Landscape Architects (APELSCIDLA Board), in 2003 BPOR recommended all interested parties develop a mutually acceptable solution for licensing photogrammetrists and other "remote sensing practitioners." DPOR's Dispute Resolution Director facilitated the discussions among all stakeholders.

VOICE STRESS ANALYZERS

In 2003, the General Assembly and the Governor approved legislation providing DPOR with discretionary authority to approve the use of computer voice stress analyzers by licensed polygraph examiners. The Polygraph Examiners Advisory Board requested that BPOR study voice stress analyzers and other instruments and report on their validity and effectiveness. In its final report, BPOR found no independent scientific evidence to indicate that the computer voice analyzer is a valid instrument to detect deception, and recommended that such equipment not be approved in Virginia at this time.

BIENNIUM HIGHLIGHTS

Making great strides through Total Quality Improvement

In 2002, DPOR initiated a comprehensive review of its disciplinary process. Following the findings of a consultant report, the agency created an internal **Process Improvement Team** to identify ways to improve case processing.

Over a period of several months, staff representing all agency divisions underwent training in **Total Quality Improvement** through Chesterfield University, engaged in comparative studies of similar state agencies, and vigorously assessed existing practices.

As a result of the year-long effort, DPOR is turning away from purely punitive enforcement in favor of promoting compliance and avoiding future violations. Increasing opportunities for compliance strikes the best balance between protecting the public, remedying regulatory violations, and resolving complaints.

DPOR began implementing the Process Improvement Team recommendations during the summer of 2004. Within the structure of the new **Compliance & Investigations Division (CID)**, the Complaint Analysis & Resolution Section (CARS) is designed to increase processing efficiency at the initial complaint stage.

Building on the momentum of the first Process Improvement Team, DPOR is taking additional steps toward establishing a culture of **Total Quality Improvement**. The next two internal teams are a natural outgrowth. One will examine the complaint intake, investigation, and resolution of fair housing cases. The second is designed to maximize efficiencies in the administration of recovery funds as well as the administrative hearing component of the license application review process.

Education, exams ensure success in chosen professions

Advanced Contractor Licensing Course – A 20-hour course designed by the Board for Contractors and the Virginia Community College System (VCCS) to provide a basic understanding of business management subjects for contractor license applicants wishing to be successful in completing the Class A or Class B exams.

Participants learn how to avoid business failure through good management practices and knowledge of Virginia's unique contracting license requirements.

Real Estate Appraiser Internship Program – A curriculum developed by the Real Estate Appraisers Board and VCCS incorporating the compilation of property data, an introduction of computer-assisted mass appraisal, and a general analysis of value methodology. The internship offers practical application of property valuation.

Consumer education initiatives take center stage

DPOR dramatically increased its consumer education and outreach efforts throughout the biennium. Proactive communications include a community relations strategy resulting in widespread media coverage of consumer-related services.

The addition of bilingual staff allows DPOR to reach more diverse audiences. Agency-sponsored consumer education seminars are offered statewide and in conjunction with numerous partnerships such as TRIAD (local senior citizen and law enforcement chapters).

The City of Virginia Beach honored DPOR with its 9th Annual Consumer Service Recognition Award in 2003 for fraud prevention and public awareness efforts.

In 2003, DPOR successfully applied for grant monies through the Department of Criminal Justice Services. The funding obtained was used to place newspaper advertisements focused on fraud prevention in regions affected by Hurricane Isabel. In addition, the agency produced and distributed consumer education brochures and other materials for a variety of constituencies – including pamphlets targeted to Spanish-language consumers and senior citizens.

The "License Lookup" feature on the agency website provides citizens with instant access to license status and recent disciplinary actions. In 2004, DPOR upgraded the online service to offer even greater resources for consumers to make informed decisions.

Fair, accessible, adaptable housing for all Virginians

Equal housing opportunities remain a top priority at DPOR. The agency administers and enforces the Fair Housing Law, investigating allegations of housing discrimination based on race, color, religion, sex, national origin, elderliness, familial status, and handicap.

The Fair Housing Law requires certain accessibility standards in multifamily housing to prevent discrimination against persons with disabilities. And in recent years, the Virginia Housing Study Commission has focused attention on the concept of "visitability" and housing for persons with special needs.

In advance of any legislative recommendations, DPOR established a partnership with the **Virginia Society of the American Institute of Architects (VSAIA)** in 2003. Designed to increase awareness among architects about the value and necessity of designing accessible and adaptable housing, the innovative partnership included seminars, direct mail, and print advertising.

Funded in part with grant monies from the U.S. Department of Housing and Urban Development, DPOR is extending the partnership with VSAIA into the next biennium. Building on the success of that initial effort, in 2004 the agency initiated a similar partnership with the **Home Builders Association of Virginia**. Together, the organizations involved in these public-private partnerships will make great progress in increasing awareness about accessible design.

Technology innovations improve customer service

DPOR's Strategic Plan provides for the integration of electronic processing capabilities into all operations, with numerous accomplishments achieved during the biennium.

The agency began accepting license renewal payments via its website in 2003. In collaboration with VITA – Virginia Information Technology Agency, the Commonwealth's pioneering technology model – DPOR continues to develop an enterprise system allowing customers to apply for licenses and file consumer complaints online.

In 2004, DPOR successfully deployed digital document retrieval software, linked to its cutting-edge imaging system, allowing employees to access archived records from their desktops.

DPOR modified the Public Participation Guidelines (PPGs) for its regulatory boards in 2004 to allow for electronic notification.

In accordance with Gov. Warner's directive to use electronic procurement to the fullest extent, 100% of DPOR procurements are processed through "eVA."

Roles and Responsibilities

The primary responsibility of a regulatory board is to protect the public by establishing entry requirements to ensure minimum competence and standards of conduct for licensees. These requirements and standards are established in regulation.

The Board exercises its authority by acting as a Board, through the adoption of motions at properly noticed Board meetings. Individual members do not have the authority to take Board action.

As a Board Member you should:

- Attend all meetings, except in the case of emergency. Most boards schedule meetings for a year at a time. Your attendance is critical to ensuring the presence of a quorum for all actions. If you cannot attend, let your Executive Director know in advance. Failure to have a quorum present could result in last minute cancellation of a meeting. The result could be respondents, applicants, fellow board members, and other interested persons traveling a considerable distance and incurring travel costs only to arrive and find out that a meeting cannot be held due to lack of a quorum.
- Read all agenda materials prior to a meeting. You are not eligible to vote on case decisions involving disciplinary action and granting of a license if you have not read the complete record.
- Handle all application and complaint files with confidentiality. Do not discuss Board business with friends and family. Do not discuss board business with fellow Board members outside of a properly noticed meeting, including through the use of e-mail. Do not discuss cases with applicants or respondents outside of the Informal Fact Finding Conference or Board meeting.
- Review all board business to determine whether you have a potential conflict of interest. Personal, business and family relationships may result in a conflict of interest. Some conflicts will require you to disclose your relationship with the licensee or applicant, other conflicts may require you to remove yourself from voting on a case. You are required to complete a conflict of interest statement at every Informal Fact Finding Conference and Board meeting.
- Refer investigative matters to the Compliance and Investigations Division. The *Code of Virginia* gives DPOR investigators the authority to investigate. The role of a Board

member is to participate in the case decision making process at Informal Fact Finding Conferences and Board Meetings.

- Submit all travel vouchers promptly. Staff will assist you with the preparation of a travel voucher at each of your meetings. Please bring original receipts with you so that all reimbursements can be processed in a timely manner.
- Contact your Executive Director when you receive a press inquiry. Open investigations should not be discussed with the press. Information regarding press contacts will be shared with the DPOR Communications Director who will coordinate contacts and provide follow-up if appropriate.
- Familiarize your self with relevant provisions of the *Code of Virginia*.
(Tab 5A)

Board Meetings

The statutes relating to your specific Board set forth quorum requirements. A Board cannot act without a quorum present, therefore, your attendance at meetings is critical. It is also important for you to notify your Executive Director as far in advance as possible if you are unable to attend.

Voting to impose sanctions in a disciplinary case requires a majority vote of those "qualified" to vote. Members who have presided over the Informal Fact Finding Conference or who have a conflict that would prevent them from voting are not "qualified". However, members who are absent from the meeting are "qualified" unless disqualified for another reason. Therefore, instances may occur where a quorum is present to meet but a majority of those qualified is either not present or a split vote presents getting a majority vote of those "qualified". Again, these statutory provisions make your attendance at meetings very important.

Boards operate by motion and vote, typically the chairman votes. None of the DPOR Boards have formally adopted *Robert's Rules of Order*, however, the rules generally serve as a guide in facilitating the conduct of an efficient meeting.

The Agenda

Public Comment Period - The first item on the agenda is a public comment period. During this time, individuals may address the Board on any issue that is not on the agenda. Comment is limited to five minutes. A Board response is not required, however, the Board may request staff to look into issues raised and discuss them at a later time.

Adoption of Minutes - The second agenda item is the adoption of minutes from prior Board meetings and Informal Fact Finding Conferences. Remember, your minutes are a record of what occurred at the meeting. Corrections should be limited to the accuracy of the minutes. If you wish to discuss an item referenced in the minutes, you may request that the chair add the item to the agenda.

Disciplinary and Application Cases - The major portion of most agendas is the handling of disciplinary and application cases. Participants may speak on a case, again their time is limited to five minutes. A participant is anyone who participated in the Informal Fact Finding Conference. The Administrative Process Act (APA) requires that participants be given an opportunity to address the Board, however, the APA does not permit the submission of additional evidence at the Board meeting. The Board's decision is to be based on the record before them from the Informal Fact Finding Conference. Therefore, if

you have a question of a participant, your question should be clarifying in nature only, you should not elicit new evidence.

Miscellaneous Agenda Items - The remaining portion of your agenda will include miscellaneous items such as regulatory review or staff briefings on specific issues the Board may wish to address.

Boards should follow the agenda! The result is a more productive and efficient meeting and a more organized flow to the meeting minutes. In addition, members of the public can better follow your actions and plan their attendance to hear items of interest to them.

Freedom of Information Act Requirements

The Freedom of Information Act (FOIA) governs many aspects of your Board meeting. FOIA requires that your meetings be publicly noticed. The notices are published by the Registrar of Regulations in the *Register* and are posted on the Regulatory Town Hall Website and the Commonwealth Calendar. A list of meeting dates is also included on the DPOR website.

FOIA prohibits the discussion of Board business outside of a properly noticed meeting. FOIA also requires that your meetings be held in open session, with few exceptions. You may go into closed session to discuss legal advice with counsel, to discuss examination issues, or for the deliberation of disciplinary cases. DPOR encourages open government and the basic premise of FOIA follows the philosophy of “government in the sunshine”, therefore all Boards are encouraged to handle as much business as possible in open session. Should a Board choose to go into closed session, the Board must adopt a motion that states the statutory basis for the closed session and includes a list of non-members who will remain in the room along with the reason. For example, you may wish to have your Executive Director present in a closed session for the purpose of aiding you in your discussion. If you are receiving legal advice, your counsel will be present. When you return to open session you must adopt a certification that states that only matters listed in your motion were discussed in the closed session.

FOIA also requires that minutes be taken of all meetings. Draft minutes are posted on the Regulatory Town Hall website, www.townhall.virginia.gov within 10 days of your meeting. Final minutes are posted within three days of the meeting.

Laws and Regulations

Laws (statutes) are adopted by the General Assembly and contained in the *Code of Virginia*. A listing of statutes relevant to your Boards is contained on the next page. Each of your Board specific statutes set forth provisions relating to the composition of your board; quorum requirements; the necessity for licensure, exemptions from licensure, etc.

Regulations are promulgated by the Board in accordance with the Administrative Process Act. All regulations must be authorized by statute. A review of the regulatory process is provided at Tab 5C.

Code of Virginia

Title 54.1, Chapter 1

General Provisions

§ 54.1-100. Regulations of professions and occupations.

The right of every person to engage in any lawful profession, trade or occupation of his choice is clearly protected by both the Constitution of the United States and the Constitution of the Commonwealth of Virginia. The Commonwealth cannot abridge such rights except as a reasonable exercise of its police powers when it is clearly found that such abridgment is necessary for the preservation of the health, safety and welfare of the public.

No regulation shall be imposed upon any profession or occupation except for the exclusive purpose of protecting the public interest when:

1. The unregulated practice of the profession or occupation can harm or endanger the health, safety or welfare of the public, and the potential for harm is recognizable and not remote or dependent upon tenuous argument;
2. The practice of the profession or occupation has inherent qualities peculiar to it that distinguish it from ordinary work and labor;
3. The practice of the profession or occupation requires specialized skill or training and the public needs, and will benefit by, assurances of initial and continuing professional and occupational ability; and
4. The public is not effectively protected by other means.

No regulation of a profession or occupation shall conflict with the Constitution of the United States, the Constitution of Virginia, the laws of the United States, or the laws of the Commonwealth of Virginia. Periodically and at least annually, all agencies regulating a profession or occupation shall review such regulations to ensure that no conflict exists.

(1979, c. 408, § 54-1.17; 1988, c. 765.)

§ 54.1-100.1. Department of Commerce continued as Department of Professional and Occupational Regulation.

The Department of Professional and Occupational Regulation, formerly known as the Department of Commerce, is continued, and wherever "Department of Commerce" is used in this Code, it shall mean the Department of Professional and Occupational Regulation. The Board for Professional and

Occupational Regulation, formerly known as the Board of Commerce, is continued, and wherever "Board of Commerce" is used in this Code, it shall mean the Board for Professional and Occupational Regulation.

(1993, c. 499.)

§ 54.1-101. Copies of examinations filed by regulatory boards.

A copy of examinations given by regulatory and advisory boards within the Department of Professional and Occupational Regulation and the Department of Health Professions authorized to conduct examinations of applicants for admission to practice or pursue any profession, vocation, trade, calling, or art shall be kept on file at the office of the secretary of each board. A copy of the examination shall be placed on file within ten days after it is administered, and shall be preserved for at least one year as a public record accessible to any person desiring to examine it during usual business hours. After the expiration of one year from the time the examination is filed, the secretary of the respective board may withdraw and destroy the examination. However, this section shall not be construed or interpreted in a manner to require the filing or release of examinations or other information which would result in compromising the validity or security of future examinations conducted by regulatory or advisory boards of the Department of Professional and Occupational Regulation or the Department of Health Professions. In the event any provision of this section results in a conflict with the provisions of § 54.1-108, the provisions of § 54.1-108 shall prevail.

(Code 1950, § 54-1; 1952, c. 227; 1959, Ex. Sess., c. 94; 1960, c. 10; 1962, c. 13; 1970, c. 623; 1973, c. 284; 1985, c. 448; 1988, c. 765; 1993, c. 499.)

For any person to procure, or assist another to procure, through theft, fraud or other illegal means, a certificate, license or permit, from any state board, or other body charged by law with the responsibility of examining persons desiring to engage in a regulated business or profession, by giving to, or receiving from, any person any information, oral, written or printed, during the administration of the examination, which is intended to, or will, assist any person taking the examination in passing the examination and obtaining the required certificate, license or permit;

2. For any person, other than a member or officer of the board or body, to procure or have in his possession prior to the beginning of an examination, without written authority of a member or officer of the board or body, any question intended to be used by the board or body conducting the examination, or to receive or furnish to any person taking the examination, prior to or during the examination, any written or printed material purporting to be answers to, or aid in answering such questions;

3. For any person to attempt to procure, through theft, fraud or other illegal means, any questions intended to be used by the board or body conducting the examination, or the answers to the questions;

If an examination is divided into separate parts, each of the parts shall be deemed an examination for the purposes of this section.

B. Any person violating the provisions of subsection A shall be guilty of a Class 2 misdemeanor.

§ 54.1-103. Additional training of regulated persons; reciprocity; endorsement.

that such act did not violate a statute or regulation. The cost shall be limited to (i) the reasonable hourly rate for the hearing officer and (ii) the actual cost of recording the proceedings.

(1983, c. 401, § 54-1.22:1; 1988, c. 765.)

§ 54.1-204. Prior convictions not to abridge rights.

A. A person shall not be refused a license, certificate or registration to practice, pursue, or engage in any regulated occupation or profession solely because of a prior criminal conviction, unless the criminal conviction directly relates to the occupation or profession for which the license, certificate or registration is sought. However, the regulatory board shall have the authority to refuse a license, certificate or registration if, based upon all the information available, including the applicant's record of prior convictions, it finds that the applicant is unfit or unsuited to engage in such occupation or profession.

B. In determining whether a criminal conviction directly relates to an occupation or profession, the regulatory board shall consider the following criteria:

1. The nature and seriousness of the crime;
2. The relationship of the crime to the purpose for requiring a license to engage in the occupation;
3. The extent to which the occupation or profession might offer an opportunity to engage in further criminal activity of the same type as that in which the person had been involved;
4. The relationship of the crime to the ability, capacity or fitness required to perform the duties and discharge the responsibilities of the occupation or profession;
5. The extent and nature of the person's past criminal activity;

A regulatory board or department may require any applicant for registration, licensure or certification to submit to fingerprinting and to provide personal descriptive information to be forwarded along with the applicant's fingerprints through the Central Criminal Records Exchange to the Federal Bureau of Investigation for the purpose of obtaining criminal history record

information regarding such applicant. Such applicant shall pay the cost of the fingerprinting or a criminal records check or both.

The Central Criminal Records Exchange, upon receipt of an applicant's record or notification that no record exists, shall make a report to the regulatory board or department or their designee, who must belong to a governmental entity. If an applicant is denied a registration, license or certificate because of the information appearing in his criminal history record, the regulatory board or department shall notify the applicant that information obtained from the Central Criminal Records Exchange contributed to such denial. The information shall not be disseminated except as provided for in this section.

D. A regulatory board or department shall consider the criminal information as contained in the applicant's state or national criminal history in lieu of the applicant providing certified copies of such court records in determining whether a criminal conviction directly relates to an occupation or profession or if an applicant is unfit or unsuited to engage in an occupation or profession. The regulatory board or department may request additional information from the applicant in making such determination.

regulations that the Director is required to enforce. The Director or investigators appointed by him shall also have the authority to issue summonses for violations of the statutes and regulations governing the unlicensed practice of professions regulated by the Department. In the event a person issued such a summons fails or refuses to discontinue the unlawful acts or refuses to give a written promise to appear at the time and place specified in the summons, the investigator may appear before a magistrate or other issuing authority having jurisdiction to obtain a criminal warrant pursuant to § 19.2-72. In addition, sworn criminal investigators of the Department's Criminal Investigations section shall be statewide conservators of the peace while engaged in the performance of their official duties.

B. C. Any regulatory board within the Department of Professional and Occupational Regulation may adopt a resolution delegating to the sworn investigators appointed by the Director pursuant to § 54.1-306, the authority to conduct inspections. After conducting an inspection pursuant to the delegation of inspection authority, an investigator may initiate an investigation based on any act, omission, or condition witnessed by the investigator and offer a consent agreement to the regulant to resolve any violation discovered during the inspection, subject to the provisions of subsection B of § 54.1-202. The court shall be authorized to issue and compel compliance with such a subpoena upon a showing of reasonable cause. Upon determining that reasonable cause exists to believe that evidence may be destroyed or altered, the court may issue a subpoena duces tecum requiring the immediate production of evidence.

Public information obtained from any source by the Director or agency staff may serve as the basis for a written complaint against a regulant.

B. However, where a regulant has materially and willfully misrepresented, concealed or omitted any information and the information so misrepresented, concealed or omitted is material to the establishment of the violation, the complaint may be made at any time within two years after discovery of the misrepresentation, concealment or omission.

C. In cases where criminal charges have been filed involving matters that, if found to be true, would also constitute a violation of the regulations or laws of the regulant's profession enforced by the Department, an investigation may be initiated by the Department at any time within two years following the date such criminal charges are filed.

D. Nothing in this section shall be construed to require the filing of a complaint if the alleged violation of the statute or regulation is discovered during the conduct of an inspection authorized by law, and the acts, omissions, or conditions constituting the alleged violations are witnessed by a sworn investigator appointed by the Director.

§ 54.1-310. Powers and duties of Board.

A. The Board shall have the following powers and duties:

1. Provide a means of citizen access to the Department.

3. Monitor the policies and activities of the Department and have the right of access to departmental information.
4. Advise the Governor and the Director on matters relating to the regulation of professions and occupations.
5. Promulgate regulations in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) necessary to carry out its responsibilities.
6. Evaluate constantly each profession and occupation in the Commonwealth not otherwise regulated for consideration as to whether such profession or occupation should be regulated and, if so, the degree of regulation that should be imposed. Whenever it determines that the public interest requires that a profession or occupation which is not regulated by law should be regulated, the Board shall recommend to the General Assembly next convened a regulatory system accompanied by comprehensive regulations necessary to conduct the degree of regulation required.

B. Upon the regulation of a profession or occupation as set forth in subsection A, the Board shall have the power and duty to promulgate supplemental regulations necessary to effectuate the purposes and intent of this chapter and to establish regulatory boards to administer the system of regulation and the regulations recommended by the Board and approved by the General Assembly.

(1979, c. 408, § 54-1.25; 1984, cc. 720, 734; 1988, c. 765.)

§ 54.1-311. Degrees of regulation.

A. Whenever the Board determines that a particular profession or occupation should be regulated, or that a different degree of regulation should be imposed on a regulated profession or occupation, it shall consider the following degrees of regulation in the order provided in subdivisions 1 through 5. The Board shall regulate only to the degree necessary to fulfill the need for regulation and only upon approval by the General Assembly.

1. Private civil actions and criminal prosecutions. - Whenever existing common law and statutory causes of civil action or criminal prohibitions are not sufficient to eradicate existing harm or prevent potential harm, the Board may first consider the recommendation of statutory change to provide more strict causes for civil action and criminal prosecution.

2. Inspection and injunction. - Whenever current inspection and injunction procedures are not sufficient to eradicate existing harm, the Board may promulgate regulations consistent with the intent of this chapter to provide more adequate inspection procedures and to specify procedures whereby the appropriate regulatory board may enjoin an activity which is detrimental to the public well-being. The Board may recommend to the appropriate agency of the Commonwealth that such procedures be strengthened or it may recommend statutory changes in order to grant to the appropriate state agency the power to provide sufficient inspection and injunction procedures.

3. Registration. - Whenever it is necessary to determine the impact of the operation of a profession or occupation on the public, the Board may implement a system of registration.

4. Certification. - When the public requires a substantial basis for relying on the professional services of a practitioner, the Board may implement a system of certification.

5. Licensing. - Whenever adequate regulation cannot be achieved by means other than licensing, the Board may establish licensing procedures for any particular profession or occupation.

B. In determining the proper degree of regulation, if any, the Board shall determine the following:

1. Whether the practitioner, if unregulated, performs a service for individuals involving a hazard to the public health, safety or welfare.

2. The opinion of a substantial portion of the people who do not practice the particular profession, trade or occupation on the need for regulation.

3. The number of states which have regulatory provisions similar to those proposed.

4. Whether there is sufficient demand for the service for which there is no regulated substitute and this service is required by a substantial portion of the population.

5. Whether the profession or occupation requires high standards of public responsibility, character and performance of each individual engaged in the profession or occupation, as evidenced by established and published codes of ethics.
6. Whether the profession or occupation requires such skill that the public generally is not qualified to select a competent practitioner without some assurance that he has met minimum qualifications.
7. Whether the professional or occupational associations do not adequately protect the public from incompetent, unscrupulous or irresponsible members of the profession or occupation.
8. Whether current laws which pertain to public health, safety and welfare generally are ineffective or inadequate.
9. Whether the characteristics of the profession or occupation make it impractical or impossible to prohibit those practices of the profession or occupation which are detrimental to the public health, safety and welfare.
10. Whether the practitioner performs a service for others which may have a detrimental effect on third parties relying on the expert knowledge of the practitioner.

B. The Board may impose different licensure requirements for a limited area of the practice of land surveying for persons who determine topography, contours, or depiction of physical improvements utilizing photogrammetric methods or similar remote sensing technology who are not otherwise exempt pursuant to subsection C of § 54.1-402. Any such requirements shall include reasonable provisions for licensure without examination of persons deemed by the Board to be qualified to provide photogrammetric and remote sensing surveying services.

Any license issued pursuant to this subsection shall be distinctive, reflecting the limited area of the practice of land surveying so authorized, and considered as a land surveyor and the practice of land surveying for the purposes of §§ 13.1-549, 13.1-1111, 54.1-402, 54.1-405, 54.1-406 and 54.1-411. The establishment of any such limited license shall not prohibit any duly qualified land surveyor licensed pursuant to § 54.1-400 from engaging in any such limited area of practice.

C. The regulations may include a code of professional practice and conduct, the provisions of which shall serve any or all of the following purposes:

1. The protection of the public health, safety and welfare;
2. The maintenance of standards of objectivity, truthfulness and reliability in public statements by professionals;

§ 54.1-404.2. Continuing education.

A. The Board shall promulgate regulations governing continuing education requirements for architects, professional engineers, and land surveyors licensed by the Board. Such regulations shall require the completion of the equivalent of 16 hours per biennium of Board-approved continuing education activities as a prerequisite to the renewal or reinstatement of a license issued to an architect, professional engineer, or land surveyor. The Board shall establish criteria for continuing education activities including, but not limited to (i) content and subject matter; (ii) curriculum; (iii) standards and procedures for the approval of activities, courses, sponsors, and

A license shall be valid during the life of the holder unless revoked or suspended by the Board. A license holder must register with the Board to practice in the Commonwealth. The licenses or certificates shall be signed by at least four members of the Board.

(Code 1950, § 54-26; 1974, c. 534; 1980, c. 757; 1988, c. 765; 1992, c. 613; 1994, c. 29.)

The work included in this section shall involve the use and application of standards prescribed by local or state authorities. The land surveyor shall pass an examination given by the Board in addition to that required for the licensing of land surveyors as defined in § 54.1-400. Any land surveyor previously licensed pursuant to subdivision (3) (b) of former § 54-17.1 may continue to do the work herein described without further examination.

B. Any public body authorized by law to require that plans, specifications or calculations be prepared in connection with improvements to real property shall establish a procedure to ensure that such plans, specifications or calculations be prepared by an architect, professional engineer, land surveyor or landscape architect licensed, certified or authorized pursuant to this chapter in any case in which the exemptions contained in §§ 54.1-401, 54.1-402 or § 54.1-402.1 are not applicable.

No such organization shall limit the liability of any licensee or certificate holder for damages arising from his acts or limit such corporation, partnership, sole proprietorship, limited liability company, or other entity from liability for acts of its employees or agents. No such corporation, partnership, sole proprietorship, limited liability company, or other entity, or any affiliate thereof, shall, on its behalf or on behalf of any such licensee or certificate holder, be prohibited from (i) purchasing or maintaining insurance against any such liability; (ii) entering into any indemnification agreement with respect to any such liability; or (iii) receiving indemnification as a result of any such liability.

§ 54.1-412. Applicability.

This chapter shall not be construed to restrict or otherwise affect the right of any uncertified interior designer, architect, engineer, or any other person from rendering any of the services which constitute the practice of interior design; however, no person may hold himself out as, or use the title of, "certified interior designer" unless he has been so certified pursuant to the provisions of this chapter.

(1990, c. 512.)

§ 54.1-413. Examination.

At least once each year the Board shall arrange for the National Council for Interior Design Qualification examination or an equivalent examination approved by the Board to be given to qualified applicants for certification as interior designers.

(1990, c. 512; 1991, c. 291.)

§ 54.1-414. Issuance of certification; waiver of examination.

The Board shall issue a certification to practice as a certified interior designer in the Commonwealth to every applicant who shall have complied with the requirements of this chapter and the regulations of the Board. The certificates shall be signed by at least three members of the Board.

The Board shall certify any person who is a graduate of a minimum four-year professional degree program accredited by the Foundation for Interior Design Education Research, an equivalent accrediting organization or a professional program approved by the Board and who has two years of monitored experience in the performance of interior design services and who has taken and passed the examination for certification as a certified interior designer.

The Board, in its discretion, shall determine whether an applicant's professional education and professional experience in the field of interior design are sufficient to establish eligibility for the examination.

The Board, in lieu of all examinations, may accept satisfactory evidence of licensing or certification in another state or country or the District of Columbia where (i) the qualifications for such licensure or certification are equal, in the opinion of the Board, to the qualifications required by the provisions of this chapter as of the date of application and (ii) the applicant is the holder of a license or certificate in good standing. Upon receipt of such satisfactory evidence and provided all other such requirements of this chapter are complied with, a certificate shall be issued to such applicant.

The license shall permit the applicant to engage in contracting only so long as the designated employee is in the full-time employment of the contractor and only in the counties, cities, and towns where such person has complied with all local licensing requirements and for the type of work to be performed. No examination shall be required where the licensed Class B contractor changes his form of business entity provided he is in good standing with the Board. In the event the designated employee leaves the full-time employ of the licensed contractor, no additional examination shall be required of such designated employee, except in accordance with § 54.1-1110.1, and the contractor shall within 90 days of that departure provide to the Board the name of the new designated employee.

C. The Board may grant a Class B license in any of the following classifications: (i) building contractor, (ii) highway/heavy contractor, (iii) electrical contractor, (iv) plumbing contractor, (v) HVAC contractor, and (vi) specialty contractor.

The designated employee shall not be required to take an examination if the Class A contractor changes his form of business entity and is in good standing with the Board. Upon his leaving the employ of the contractor or his leaving as a member of the contractor's responsible management, the contractor shall name another full-time employee or member of the contractor's responsible management in accordance with § 54.1-1106.

Any Class B contractor registered in the Commonwealth prior to January 1, 1991, and in business on December 31, 1990, shall, within its current period of registration, provide on a form prescribed by the Board satisfactory information on the financial position, and knowledge, skills and abilities of the registered firm; and the name of a full-time employee who is at least 18 years of age and that employee shall be deemed to have fulfilled the requirement for examination in § 54.1-1108, so long as he remains a full-time employee of the contractor. The designated employee shall not be required to take an examination if the Class B contractor changes his form of business entity and is in good standing with the Board. If such employee leaves the employ of the contractor, the contractor shall name another full-time employee in accordance with § 54.1-1108.

The application shall be accompanied by a fee set by the Board pursuant to § 54.1-201. The application shall contain information concerning the name, location, nature, and operation of the business, and information demonstrating that the applicant possesses the character and minimum skills to properly engage in the occupation of contracting.

B. The Board may grant a Class C license in any of the following classifications: (i) building contractor, (ii) highway/heavy contractor, (iii) electrical contractor, (iv) plumbing contractor, (v) heating, ventilation, and air conditioning contractor, and (vi) specialty contractor.

§ 54.1-1109. Expiration and renewal of license or certificate.

A license or certificate issued pursuant to this chapter shall expire as provided in Board regulations. Application for renewal of a license or certificate may be made as provided by Board

regulations. The application shall be accompanied by a fee set by the Board pursuant to § 54.1-201.

§ 54.1-1110. Grounds for denial or revocation of license or certificate.

The Board shall have the power to require remedial education, suspend, revoke, or deny renewal of the license or certificate of any contractor who is found to be in violation of the statutes or regulations governing the practice of licensed or certified contractors in the Commonwealth.

The Board may suspend, revoke, or deny renewal of an existing license or certificate, or refuse to issue a license or certificate, to any contractor who is shown to have a substantial identity of interest with a contractor whose license or certificate has been revoked or not renewed by the Board. A substantial identity of interest includes but is not limited to (i) a controlling financial interest by the individual or corporate principals of the contractor whose license or certificate has been revoked or nonrenewed, (ii) substantially identical principals or officers, or (iii) the same designated employee as the contractor whose license or certificate has been revoked or not renewed by the Board.

Additionally, the Board may suspend, revoke or deny renewal of an existing license or certificate, or refuse to issue a license or certificate to any contractor who violates the provisions of Chapter 5 (§ 60.2-500 et seq.) of Title 60.2 and Chapter 8 (§ 65.2-800 et seq.) of Title 65.2.

Any person whose license is suspended or revoked by the Board shall not be eligible for a license or certificate under any circumstances or under any name, except as provided by regulations of the Board pursuant to § 54.1-1102.

The Board shall have the power to require remedial education or may require a designated employee to retake the examination required by this chapter, in any case where the conduct of the designated employee, while in the employ of a licensed Class A or Class B contractor, has resulted in any disciplinary action by the Board against such contractor.

(1996, c. 707.)

§ 54.1-1111. Prerequisites to obtaining building, etc., permit.

Any person applying to the building inspector or any other authority of a county, city, or town in this Commonwealth, charged with the duty of issuing building or other permits for the construction of any building, highway, sewer, or structure, or any removal, grading or improvement shall

furnish prior to the issuance of the permit, either (i) satisfactory proof to such inspector or authority that he is duly licensed or certified under the terms of this chapter to carry out or superintend the same, or (ii) file a written statement, supported by an affidavit, that he is not subject to licensure or certification as a contractor or subcontractor pursuant to this chapter. The applicant shall also furnish satisfactory proof that the taxes or license fees required by any county, city, or town have been paid so as to be qualified to bid upon or contract for the work for which the permit has been applied.

It shall be unlawful for the building inspector or other authority to issue or allow the issuance of such permits unless the applicant has furnished his license or certificate number issued pursuant to this chapter or evidence of being exempt from the provisions of this chapter.

The building inspector, or other such authority, violating the terms of this section shall be guilty of a Class 3 misdemeanor.

(Code 1950, § 54-138; 1970, c. 319; 1980, c. 634; 1988, c. 765; 1990, c. 911; 1991, c. 151; 1992, c. 713; 1995, c. 771; 1998, c. 754.)

§ 54.1-1112. Invitations to bid and specifications to refer to law.

All architects and engineers preparing plans and specifications for work to be contracted in Virginia shall include in their invitations to the bidder and in their specifications a reference to this chapter so as to convey to the invited bidder prior to the consideration of the bid (i) whether such person is a resident or nonresident of the Commonwealth, (ii) whether the proper license or certificate has been issued to the bidder, and (iii) the information required of the bidder to show evidence of proper licensure or certification under the provisions of this chapter.

(Code 1950, § 54-139; 1980, c. 634; 1988, c. 765; 1990, c. 911; 1995, c. 771.)

§ 54.1-1113. Nonresident bidders to appoint statutory agent for service of process.

Before any nonresident person or any foreign corporation bids on any work in this Commonwealth, the nonresident person or foreign corporation, by written power of attorney, shall appoint the Director as his agent upon whom all lawful process against or notice to such nonresident person or foreign corporation may be served, and authorize the Director to enter an appearance on his behalf. Upon the filing of the power of attorney the provisions of §§ 13.1-763 through 13.1-766, with reference to service of process and notice, and judgments, decrees and orders, shall be applicable as to such nonresident person or foreign corporation.

(Code 1950, § 54-140; 1970, c. 319; 1980, c. 634; 1988, c. 765.)

§ 54.1-1114. Filing and hearing of charges.

Any person may file complaints against any contractor licensed or certified pursuant to this chapter. The Director shall investigate complaints and the Board may take appropriate disciplinary

action if warranted. Disciplinary proceedings shall be conducted in accordance with the Administrative Process Act (§ 2.2-4000 et seq.). The Board shall immediately notify the Director and the clerk and building official of each city, county or town in the Commonwealth of its findings in the case of the revocation of a license or certificate, or of the reissuance of a revoked license or certificate.

(Code 1950, § 54-133; 1970, c. 319; 1975, c. 421; 1977, c. 640; 1980, c. 634; 1988, c. 765; 1990, c. 911; 1995, c. 771.)

§ 54.1-1115. Prohibited acts.

A. The following acts are prohibited and shall constitute the commission of a Class 1 misdemeanor:

1. Contracting for, or bidding upon the construction, removal, repair or improvements to or upon real property owned, controlled or leased by another person without a license or certificate, or without the proper class of license as defined in § 54.1-1100 for the value of work to be performed.
2. Attempting to practice contracting in the Commonwealth, except as provided for in this chapter.
3. Presenting or attempting to use the license or certificate of another.
4. Giving false or forged evidence of any kind to the Board or any member thereof in an application for the issuance or renewal of a license or certificate.
5. Impersonating another or using an expired or revoked license or certificate.
6. Receiving or considering as the awarding authority a bid from anyone whom the awarding authority knows is not properly licensed or certified under this chapter. The awarding authority shall require a bidder to submit his license or certificate number prior to considering a bid.

B. Any person who undertakes work without (i) any valid Virginia contractor's license or certificate when a license or certificate is required by this chapter or (ii) the proper class of license as defined in § 54.1-1100 for the work undertaken, shall be fined an amount not to exceed \$500 per day for each day that such person is in violation, in addition to the authorized penalties for the commission of a Class 1 misdemeanor.

C. No person shall be entitled to assert the lack of licensure or certification as required by this chapter as a defense to any action at law or suit in equity if the party who seeks to recover from such person gives substantial performance within the terms of the contract in good faith and without actual knowledge that a license or certificate was required by this chapter to perform the work for which he seeks to recover payment.

Failure to renew a license or certificate issued in accordance with this chapter shall create a rebuttable presumption of actual knowledge of such licensing or certification requirements.

(Code 1950, § 54-142; 1956, c. 397; 1970, c. 319; 1980, c. 634; 1985, c. 356; 1988, c. 765; 1990, c. 911; 1994, c. 79; 1995, c. 771; 1998, c. 691; 2000, c. 33; 2003, cc. 429, 430; 2004, c. 131.)

§ 54.1-1115.1. Evidence of violation of the Virginia Uniform Statewide Building Code.

In any proceeding pursuant to § 54.1-1114, the Board shall consider any written documentation of a violation of the Uniform Statewide Building Code (§ 36-97 et seq.) provided by a local building official as evidence of a violation of such building code. Such written documentation shall not be prima facie evidence of a building code violation.

(1993, c. 942.)

§ 54.1-1116.

Repealed by Acts 1993, c. 717.

§ 54.1-1117. Licensing of certain contractors by cities, counties and towns; qualifications and procedure; registration of certain persons engaged in business of home improvement.

A. Except as to contractors currently licensed under the provisions of § 54.1-1106, the governing body of every city, county or town shall have the power and authority to adopt ordinances, not inconsistent with the provisions of this chapter, requiring every person who engages in, or offers to engage in, the business of home improvement or the business of constructing single- or multi-family dwellings, in such city, county or town, to obtain a license from such city, county or town.

B. The governing body of every city, county or town adopting ordinances pursuant to this section may require every applicant for such license, other than those currently licensed under the provisions of § 54.1-1106, (i) to furnish evidence of his ability and proficiency; and (ii) to successfully complete an examination to determine his qualifications. The governing body may designate or establish an agent or board and establish the procedures for an examination according to the standards set forth in this chapter and in the regulations of the Board for Contractors. Except contractors currently licensed under the provisions of § 54.1-1106, licensure may be refused to any person found not to be qualified. Persons not currently licensed pursuant to § 54.1-1106 may be required to furnish bond in a reasonable penal sum, with reasonable condition, and with surety as the governing body deems necessary. The governing body may provide for the punishment of violations of such ordinances, provided that no such punishment shall exceed that provided for misdemeanors generally.

C. For the purpose of this section the business of home improvement shall mean the contracting for and/or providing labor and material or labor only for repairs, improvements, and additions to residential buildings or structures accessory thereto where any payment of money or other thing of value is required.

(1958, c. 522, § 54-145.2; 1964, c. 479; 1970, c. 319; 1972, c. 438; 1977, c. 476; 1979, c. 439; 1980, c. 634; 1988, c. 765; 1994, c. 895.)

§ 54.1-1118. Definitions.

As used in this article, unless the context requires a different meaning:

"Act" means the Virginia Contractor Transaction Recovery Act.

"Biennium" means a two-year period beginning on July 1 of an even-numbered year and continuing through June 30 of the next even-numbered year.

"Claimant" means any person with an unsatisfied judgment involving residential construction against a regulant, who has filed a verified claim under this Act.

"Fund" means the Contractor Transaction Recovery Fund.

"Improper or dishonest conduct" includes only the wrongful taking or conversion of money, property or other things of value which involves fraud, material misrepresentation or conduct constituting gross negligence, continued incompetence, or intentional violation of the Uniform Statewide Building Code (§ 36-97 et seq.). The term "improper or dishonest conduct" does not include mere breach of contract.

"Judgment" includes an order of a United States Bankruptcy Court (i) declaring a claim against a regulant who is in bankruptcy to be a "Debt Nondischargeable in Bankruptcy" or (ii) extinguishing a claim against a regulant who is in bankruptcy and for which claim no distribution was made from the regulant's bankruptcy estate but excluding any such claim disallowed by order of the bankruptcy court.

"Regulant" means any individual, person, firm, corporation, association, partnership, joint venture or any other legal entity licensed by the Board for Contractors. "Regulant" shall not include tradesmen or backflow prevention device workers licensed or certified in accordance with Article 3 (§ 54.1-1128 et seq.) of this chapter.

(1980, c. 635, § 54-145.3:1; 1984, c. 270; 1987, c. 555; 1988, cc. 393, 765; 1990, cc. 437, 911; 1994, c. 895; 1995, cc. 771, 784; 1996, cc. 934, 1006; 1997, c. 885; 1999, c. 55.)

§ 54.1-1119. Assessments by Director; assignment to Fund; minimum balance; notice; penalties; costs of administration.

A. Each initial regulant, at the time of application, shall be assessed twenty-five dollars, which shall be specifically assigned to the Fund. Initial payments may be incorporated in any application fee payment and transferred to the Fund by the Director within thirty days.

All assessments, except initial assessments, for the Fund shall be deposited within three work days after their receipt by the Director, in one or more federally insured banks, savings and loan associations or savings banks located in the Commonwealth. Funds deposited in banks, savings institutions or savings banks, to the extent in excess of insurance afforded by the Federal Deposit Insurance Corporation or other federal insurance agency, shall be secured under the Security for Public Deposits Act (§ 2.2-4400 et seq.). The deposit of these funds in federally insured banks, savings and loan associations or savings banks located in the Commonwealth shall not be considered investment of such funds for purposes of this section. Funds maintained by the Director may be invested in securities that are legal investments for fiduciaries under the provisions of § 26-40.01.

B. The minimum balance of the Fund shall be \$400,000. Whenever the Director determines that the balance of the Fund is or will be less than this minimum balance, the Director shall immediately inform the Board, which shall assess each regulant at the time of his license renewal a sum sufficient to bring the balance of the Fund to an amount of not less than \$400,000, when combined with similar assessments of other regulants. No regulant shall be assessed a total amount of more than fifty dollars during any biennium.

Notice to regulants of these assessments shall be by first-class mail, and payment of such assessments shall be made by first-class mail addressed to the Director within forty-five days after the mailing of the notice to regulants.

C. If any regulant fails to remit the required assessment mailed in accordance with subsection B within forty-five days of such mailing, the Director shall notify such regulant by first-class mail at the latest address of record filed with the Board. If no payment has been received by the Director within thirty days after mailing the second notice, the license of the regulant shall be automatically suspended and shall be restored only upon the actual receipt by the Director of the delinquent assessment.

Interest earned on the deposits constituting the Fund shall be used for administering the Fund. The remainder of this interest may be used for the purposes of providing educational programs about the Uniform Statewide Building Code (§ 36-97 et seq.), for providing education on subjects of benefit to licensees or members of the public relating to contracting, or shall accrue to the Fund.

(1980, c. 635, § 54-145.3:2; 1984, c. 270; 1987, c. 555; 1988, c. 765; 1990, cc. 3, 437, 911; 1992, c. 810; 1995, c. 771; 1996, c. 96; 1997, c. 885.)

§ 54.1-1120. Recovery from Fund generally.

A. Whenever any person is awarded a judgment in a court of competent jurisdiction in the Commonwealth of Virginia against any individual or entity which involves improper or dishonest conduct occurring (i) during a period when such individual or entity was a regulant and (ii) in connection with a transaction involving contracting, the claimant may file a verified claim with the

Director to obtain a directive ordering payment from the Fund of the amount unpaid upon the judgment, subject to the following conditions:

1. If any action is instituted against a regulant by any person, such person shall serve a copy of the process upon the Board in the manner prescribed by law. Included in such service shall be an affidavit stating all acts constituting improper or dishonest conduct. The provisions of § 8.01-288 shall not be applicable to the service of process required by this subdivision.
2. A copy of any pleading or document filed subsequent to the initial service of process in the action against a regulant shall be provided to the Board. The claimant shall submit such copies to the Board by certified mail, or the equivalent, upon his receipt of the pleading or document.
3. For judgments entered on or after July 1, 1996, a verified claim shall be filed with the Director no later than twelve months after the judgment became final. Such verified claim shall be accompanied by the copies of the order for the underlying judgment, and evidence of compliance with subdivisions 6 and 7 below.
4. The claimant shall be (i) an individual whose contract with the regulant involved contracting for the claimant's residence(s) located in the Commonwealth or (ii) a property owners' association as defined in § 55-509 whose contract with the regulant involved contracting for improvements to the common area owned by such association.
5. The claimant shall not himself be (i) an employee of such judgment debtor, (ii) a vendor of such judgment debtor, (iii) another licensee, (iv) the spouse or child of such judgment debtor nor the employee of such spouse or child, or (v) any financial or lending institution nor anyone whose business involves the construction or development of real property.
6. No directive ordering payment from the Fund shall be entered unless and until the claimant has filed with the Director a verified claim containing the following statements:
 - a. That the claimant has conducted debtor's interrogatories to determine whether the judgment debtor has any assets which may be sold or applied in satisfaction of the judgment.
 - b. A description of the assets disclosed by such interrogatories.
 - c. That all legally available actions have been taken for the sale, or application of the disclosed assets and the amount realized therefrom.
 - d. The balance remaining due the claimant after the sale or application of such assets.
7. A claimant shall not be denied recovery from the Fund due to the fact the order for the judgment filed with the verified claim does not contain a specific finding of "improper or dishonest conduct." Any language in the order which supports the conclusion that the court found that the conduct of the regulant involved improper or dishonest conduct may be used by the Board to determine eligibility for recovery from the Fund.

B. If the regulant has filed bankruptcy, the claimant shall file a claim with the proper bankruptcy court. If no distribution is made, the claimant may then file a claim with the Board. The Board shall determine (i) whether the conduct that gave rise to the claim was improper or dishonest and (ii) what amount, if any, such claimant is entitled to recover from the Fund.

(1980, c. 635, § 54-145.3:3; 1984, c. 270; 1987, c. 555; 1988, cc. 393, 765; 1990, cc. 215, 437, 911; 1995, c. 784; 1996, c. 96; 1997, c. 885; 1999, cc. 55, 261.)

§ 54.1-1121. Investigations.

Upon receipt of the notice of proceedings against the regulant, the Board may cause its own investigation to be conducted.

(1987, c. 555, § 54-145.3:3.1; 1988, c. 765.)

§ 54.1-1122. Consideration of applications for payment.

A. The Department shall promptly consider the verified claim of the claimant administratively. If it appears that a prima facie case has been made for payment of the claim, the Department shall provide the regulant with a notice offering the opportunity to be heard at an informal fact-finding conference pursuant to § 2.2-4019 of the Administrative Process Act (§ 2.2-4000, et seq.). Such notice shall state that if the regulant does not request an informal fact-finding conference within 30 days, with three days added in instances where the notice is sent by mail, the Department shall present the claim to the Board with a recommendation to pay the verified claim.

B. If the Board finds there has been compliance with the required conditions, the Board shall issue a directive ordering payment from the fund to the claimant the amount remaining unpaid on the judgment, subject to the limitations set forth in § 54.1-1123. The claimant shall be notified in writing of the findings of the Board. The Board's findings shall be considered a "case decision" and judicial review of these findings shall be in accordance with § 2.2-4025 of the Administrative Process Act (§ 2.2-4000 et seq.). Notwithstanding any other provision of law, the Board shall have the right to appeal a decision of any court which is contrary to any distribution recommended or authorized by it.

(1980, c. 635, § 54-145.3:4; 1984, c. 270; 1987, c. 555; 1988, c. 765; 2006, c. 723.)

§ 54.1-1123. Limitations upon recovery from Fund; certain actions not a bar to recovery.

A. The maximum claim of one claimant against the Fund based upon an unpaid judgment arising out of the improper or dishonest conduct of one regulant in connection with a single transaction involving contracting, is limited to \$20,000, regardless of the amount of the unpaid judgment of the claimant.

B. The aggregate of claims against the Fund based upon unpaid judgments arising out of the improper or dishonest conduct of any one regulant involving contracting, is limited by the Board to

\$40,000 during any biennium. If a claim has been made against the Fund, and the Board has reason to believe there may be additional claims against the Fund from other transactions involving the same regulant, the Board may withhold any payment(s) from the Fund involving such regulant for a period of not more than one year from the date on which the claimant is awarded in a court of competent jurisdiction in the Commonwealth the final judgment on which his claim against the Fund is based. After this one-year period, if the aggregate of claims against the regulant exceeds \$40,000, during a biennium, \$40,000 shall be prorated by the Board among the claimants and paid from the Fund in proportion to the amounts of their judgments against the regulant remaining unpaid.

C. Excluded from the amount of any unpaid judgment upon which a claim against the Fund is based shall be any sums representing interest, or punitive or exemplary damages, or any amounts that do not constitute actual monetary loss to the claimants. Such claim against the Fund may include court costs and attorneys' fees.

D. If, at any time, the amount of the Fund is insufficient to fully satisfy any claims or claim filed with the Board and authorized by this Act, the Board shall pay such claims, claim, or portion thereof to the claimants in the order that the claims were filed with the Board.

E. Failure of a claimant to comply with the provisions of subdivisions 1, 2, and 7 of § 54.1-1120 and the provisions of § 54.1-1124 shall not be a bar to recovery under this Act if the claimant is otherwise entitled to such recovery.

F. The Board shall have the authority to deny any claim which otherwise appears to meet the requirements of the Act if it finds by clear and convincing evidence that the claimant has presented false information or engaged in collusion to circumvent any of the requirements of the Act.

(1980, c. 635, § 54-145.3:5; 1984, c. 270; 1987, cc. 555, 562; 1988, c. 765; 1990, cc. 437, 911; 1997, c. 885; 1999, c. 262; 2005, c. 252.)

§ 54.1-1124. Participation by Board or Director in proceeding.

Upon service of process as provided in subdivision 1 of § 54.1-1120, the Board, the Director, or duly authorized representatives of the Board shall then have the right to request leave of court to intervene.

(1980, c. 635, § 54-145.3:6; 1984, c. 270; 1987, c. 555; 1988, c. 765.)

§ 54.1-1125. Assignment of claimant's rights to Board; payment of claim.

Subject to the provisions of § 54.1-1123 upon the claimant's execution and delivery to the Director of an assignment to the Board of his rights against the regulant, to the extent he received satisfaction from the Fund, the Director shall pay the claimant from the Fund the amount ordered by the Board.

(1980, c. 635, § 54-145.3:7; 1987, c. 555; 1988, c. 765; 1997, c. 885.)

§ 54.1-1126. Revocation of license upon payment from Fund.

Upon payment by the Director to a claimant from the Fund as provided in § 54.1-1125, the Board shall immediately revoke the license of the regulant whose improper or dishonest conduct resulted in this payment. Any regulant whose license is revoked shall not be eligible to apply for a license as a contractor until the regulant has repaid in full the amount paid from the Fund on his account, plus interest at the judgment rate of interest from the date of payment.

(1980, c. 635, § 54-145.3:8; 1984, c. 270; 1987, c. 555; 1988, c. 765; 1990, c. 911; 1995, c. 771; 1997, c. 885.)

This article shall not limit the authority of the Board to take disciplinary action against any regulant for any violation of this title or the regulations of the Board. Full repayment of the amount paid from the Fund on a regulant's account shall not nullify or modify the effect of any disciplinary proceeding against that regulant for any violation.

(1980, c. 635, § 54-145.3:9; 1988, c. 765; 1997, c. 885.)

§ 54.1-1128. Definitions.

"Backflow prevention device worker" means any individual who engages in, or offers to engage in, the maintenance, repair, testing, or periodic inspection of cross connection control devices, including but not limited to reduced pressure principle backflow preventors, double check-valve assemblies, double-detector check-valve assemblies, pressure type vacuum breaker assemblies, and other such devices designed, installed, and maintained in such a manner so as to prevent the contamination of the potable water supply by the introduction of nonpotable liquids, solids, or gases, thus ensuring that the potable water supply remains unaltered and free from impurities, odor, discoloration, bacteria, and other contaminants which would make the potable water supply unfit or unsafe for consumption and use.

"Board" means the Board for Contractors.

"Liquefied petroleum gas fitter" means any individual who engages in, or offers to engage in, work for the general public for compensation in work that includes the installation, repair, improvement, alterations or removal of piping, liquefied petroleum gas tanks and appliances (excluding hot water heaters, boilers and central heating systems which require a heating, ventilation and air conditioning or plumbing certification) annexed to real property.

"Natural gas fitter provider" means any individual who engages in or offers to engage in work for the general public for compensation in the incidental repair, testing, or removal of natural gas piping or fitting annexed to real property, excluding new installation of gas piping for hot water

heaters, boilers, central heating systems, or other natural gas equipment which requires heating, ventilation and air conditioning or plumbing certification.

"Tradesman" means any individual who engages in, or offers to engage in, work for the general public for compensation in the trades of electrical, plumbing and heating, ventilation and air conditioning.

"Water well systems provider" means any individual who is certified by the Board in accordance with this article and who is engaged in drilling, installation, maintenance, or repair of water wells, water well pumps, and other equipment associated with the construction, removal, or repair of water wells and water well systems.

§ 54.1-1129. Necessity for licensure.

A. Beginning July 1, 1995, no individual shall engage in, or offer to engage in, work as a tradesman as defined in § 54.1-1128 unless he has been licensed under the provisions of this article. Individuals shall not be subject to licensure as a tradesman when working under the supervision of a tradesman who is licensed in the specialty for which work is being performed. Individuals holding a license in one specialty shall not be required to have a tradesman license in another specialty when performing work which is incidental to work being performed under their own specialty license.

B. Beginning July 1, 1998, no individual shall present himself as a certified backflow prevention device worker as defined in § 54.1-1128 unless he has been certified under the provisions of this article. Individuals certified as backflow prevention device workers shall not be required to hold any other professional or occupational license or certification; however, nothing in this subsection shall prohibit an individual from holding more than one professional or occupational license or certification. The certification program set forth in this article concerning backflow prevention device workers shall be voluntary and shall not be construed to prevent or affect the practice of backflow prevention device workers by those not certified by the Board, so long as any requirements of the applicable local governing body's programs relating to backflow prevention device workers are met. All local governing bodies shall accept certification by the Board of backflow prevention device workers as proof of experience and training without requiring additional examination.

C. Beginning one year after the effective date of the Board's final regulations, no individual shall engage in, or offer to engage in, work as a liquefied petroleum gas fitter or natural gas fitter provider as defined in § 54.1-1128 unless he has been licensed under the provisions of this article.

D. Beginning July 1, 2007, no individual shall engage in the drilling, installation, maintenance, or repair of a water well or water well system unless a certified water well systems provider is onsite at all times. Until June 30, 2012, any level of certification shall satisfy this requirement. Beginning

July 1, 2012, only a certified individual shall engage in the drilling, installation, maintenance, or repair of a water well or water well system and a then certified master water well systems provider shall be available at all times. Nothing in this subsection shall be construed to prohibit licensed plumbing tradesman from completing work contained in the applicable plumbing code.

(1994, c. 895; 1996, cc. 934, 1006; 1997, cc. 403, 885; 1999, c. 343; 2000, c. 406; 2005, c. 792.)

§ 54.1-1129.1. Certification of water well systems providers; continuing education.

A. The Board shall establish three levels of certification as follows: (i) trainee, which shall require proof of at least one year of full-time practical experience in the drilling, installation, maintenance, or repair of water wells or water well systems under the supervision of a certified master water well systems provider; (ii) journeyman, which shall require proof of at least three years of practical experience in the drilling, installation, maintenance, or repair of water wells or water well systems under the supervision of a certified master water well systems provider; and (iii) master, which shall require proof of at least six years of practical experience in the drilling, installation, maintenance, or repair of water wells or water well systems, under the supervision of a certified master water well systems provider.

B. A certified water well systems provider, as a condition of renewal or reinstatement and as part of the renewal or reinstatement application, shall certify to the Board that the applicant has completed at least eight hours of continuing education, approved by the Board, in the specialty of technical aspects of water well construction, applicable statutory and regulatory provisions, and business practices related to water well construction. The Board may establish requirements for approval of training instructors, criteria for continuing education, and other regulations it deems necessary to protect the public health, safety or welfare. In addition, the Board may require continuing education for renewal or reinstatement for any individual found to be in violation of the statutes or regulations governing the licensing or certification of water well system providers.

(2005, c. 792.)

§ 54.1-1130. Application for licensure; fees; examinations; issuance; waiver of examination for water well systems providers.

A. Any individual desiring to be licensed as a tradesman, liquefied petroleum gas fitter or natural gas fitter provider, or certified as a backflow prevention device worker or water well systems provider shall file a written application on a form prescribed by the Board. The application shall be accompanied by a fee set by the Board pursuant to § 54.1-201. The application shall contain, at a minimum, the applicant's name, place of employment, and business address; and information on the knowledge, skills, abilities and education or training of the applicant.

If the application is satisfactory to the Board, the applicant shall be required by Board regulations to take an oral or written examination to determine his general knowledge of the trade in which he desires licensure or of backflow prevention devices if he desires voluntary certification unless he

is exempt pursuant to § 54.1-1131. If the applicant successfully completes the examination, a license as a tradesman, liquefied petroleum gas fitter, or natural gas fitter provider, or a certificate as a backflow prevention device worker, shall be issued.

B. The Board shall require an applicant for certification as a water well systems provider, unless otherwise exempt, to take an oral or written examination to determine the applicant's general knowledge of water well systems, including relevant statutory and regulatory requirements. If the applicant successfully completes a required examination, a certificate shall be issued.

Notwithstanding any other provision of this section, unless an applicant is found by the Board to have engaged in any act that would constitute grounds for disciplinary action, the Board shall issue a certificate without examination to any applicant who provides satisfactory proof to the Board of having been actively and continuously engaged in water well construction activities immediately prior to July 1, 2007, as follows: (i) at least one year for trainee certification; (ii) at least three years for journeyman certification; and (iii) at least six years for master certification. This subsection shall apply only to individuals who have been employed by a properly licensed water well contractor during such period of active and continuous engagement in water well construction activities.

(1994, c. 895; 1996, cc. 934, 1006; 1997, cc. 403, 885; 1999, c. 343; 2003, c. 892; 2005, c. 792.)

The certification program set forth in this chapter is voluntary and shall not be construed to prevent or affect the practice of geology by uncertified geologists; however, no person may represent himself as a Virginia certified professional geologist unless he has been so certified by the Board.

B. This chapter shall not prevent or affect the practice of any profession or trade for which licensing, certification, or registration is required under any other Virginia law, including the practice of licensed professional engineers lawfully practicing engineering in its various specialized branches.

count as a year of experience up to a maximum of three years. Credit for undergraduate and graduate study shall in no case exceed a total of four years toward meeting the requirements for at least seven years of geological work.

b. The Board may consider in lieu of the above-described geological work, the cumulative total of geological work or geological research of persons occupying research or post-graduate positions as well as those teaching geology courses at the college or university level, provided such work or research can be demonstrated to be of a sufficiently responsible nature to be equivalent to the geological work required above.

4. Successfully pass an appropriate examination approved by the Board and designed to demonstrate that the applicant has the necessary knowledge and skill to exercise the responsibilities of the public practice of geology.

At the discretion of the Board, separate examinations may be prepared for various subsections of geology; however, there will be no specialty certification, only certification as a professional geologist.

(1981, c. 132, §§ 54-964, 54-965; 1984, c. 51; 1988, c. 765.)

The Board may revise and amend this code as needed and shall forthwith notify each certified professional geologist in writing of such revisions or amendments.

B. The full Board, by majority vote, shall have the power to suspend, revoke, or refuse to renew the certification of any professional geologist who, after an appropriate formal hearing, is found to have been involved in:

1. The assistant is under the direct supervision of a licensed residential real estate appraiser, a certified residential real estate appraiser, or a certified general real estate appraiser; and

E. A corporation, partnership, or other business entity may provide appraisal services if each appraisal is prepared and signed by an individual licensed in accordance with this chapter and such corporation, partnership, or other business entity has registered with the Board.

(1990, c. 459; 1992, c. 338.)

§ 54.1-2012. Real Estate Appraiser Board; membership; chairman; meetings; seal.

A. Except as provided in the next paragraph, the Real Estate Appraiser Board shall be composed of nine members as follows: (i) six members shall be licensed as real estate appraisers, provided that, at all times, at least two of the appraiser members on the Board shall be certified general real estate appraisers and one shall be a certified residential real estate appraiser, and provided further, that all six appraiser members have been licensed for a period of at least five years prior to their appointment; (ii) one member shall be an officer or employee familiar with mortgage lending of a financial institution as defined in § 6.1-2.1 or an affiliate or subsidiary thereof; and (iii) two members shall be citizen members. All appraiser members appointed to the Board after this chapter has been in effect for two years shall be licensed as provided herein.

The appointment of appraiser members may be made from lists of at least three names each, submitted by Virginia affiliates of professional appraisal organizations that are members of the Appraisal Foundation. The appointment of the bank or savings institution member may be made from lists of at least three names each, submitted by the Virginia Bankers Association and the Virginia Association of Community Banks. Nominations for appointments to regular terms shall be submitted to the Governor on or before June 1 of each year. The Governor may notify the above organizations of any vacancy other than by expiration and like nominations may be made for the filling of the vacancy. In no case shall the Governor be bound to make any appointment from among the nominees.

Notwithstanding § 54.1-200, all members of the Board, including the citizen members, shall be eligible to participate in all matters, including decisions regarding the examination of applicants for licensure and decisions regarding the professional competence of licensees.

The Board shall adopt a seal by which it shall authenticate its proceedings.

B. As soon as practicable, the Board shall determine the anticipated availability of licensed and certified appraisers to perform appraisals in Virginia. If, at any time, the Board determines that there is, or will be, a scarcity of certified general real estate appraisers, certified residential real estate appraisers, or licensed residential real estate appraisers to perform appraisals in connection with federally related transactions in any part of Virginia that leads, or will lead, to significant delays in the performance of such appraisals, the Board, subject to federal approval, shall extend the effective date of the licensing requirements of this chapter to the extent permitted under any temporary waiver granted under the Financial Institutions Reform, Recovery and Enforcement Act of 1989, as amended (12 U.S.C. § 3301 et seq.).

The Board shall have all of the powers of a regulatory board under Chapter 2 (§ 54.1-200 et seq.) of this title. The Board may do all things necessary and convenient for carrying into effect the provisions of this chapter and all things required or expected of a state appraiser certifying and licensing agency under Title 11 of the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (12 U.S.C. § 3331 et seq.). The Board shall promulgate necessary regulations. The Director shall have the authority to promulgate initial emergency regulations upon the enactment of this chapter as necessary to comply with applicable federal requirements, provided that within

twelve months from the effective date of such emergency regulations, the Board promulgates the regulations in accordance with the Administrative Process Act (§ 2.2-4000 et seq.).

The Board shall include in its regulations educational and experience requirements as conditions for licensure, provisions for the supervision of appraiser practices, provisions for the enforcement of standards of professional appraiser practice, and provisions for the disposition of referrals of improper appraiser conduct from any person or any federal agency or instrumentality except that, until December 31, 1992, the Board shall issue transitional licenses to applicants who have satisfied the educational requirements as conditions for licensure and have passed the applicable examination required by the Board but either lack or are not able to verify the experience requirements imposed by the Board. Such transitionally licensed persons must satisfy the experience requirements, within two years of having been issued a transitional license as a condition to remaining licensed under this chapter. Each transitional license shall indicate clearly its transitional nature, period of validity and a nonextendible termination date. This paragraph shall not be construed to limit the powers and authority of the Board.

The Board may set different education and experience requirements for licensed residential real estate appraisers, certified residential real estate appraisers, and certified general real estate appraisers. All applicants for licensure under this chapter shall meet applicable educational and experience requirements prior to licensure.

Applicants for licensure as a certified residential real estate appraiser or a certified general real estate appraiser shall successfully complete an examination administered or approved by the Board prior to licensure. The Board may set different examination requirements for certified residential real estate appraisers and certified general real estate appraisers. The Board may require that licensed residential real estate appraisers successfully complete an examination administered or approved by the Board prior to licensure or prior to the renewal of an initial license.

B. Unless expressly prohibited by federal law or regulation, an individual who is certified or licensed as a real estate appraiser in another jurisdiction may obtain a Virginia real estate appraiser's license if (i) the Board determines that the requirements for certification or licensure, as the case may be, in such jurisdiction are substantially equivalent to the requirements for licensure under this chapter, and (ii) the applicant meets such other requirements as may be established by the Board.

The Board shall elect a chairman from its membership.

The Board shall adopt a seal by which it shall authenticate its proceedings.

§ 54.1-2105. (Effective until July 1, 2007) General powers of Real Estate Board; regulations; educational and experience requirements for licensure; continuing education.

A. The Board may do all things necessary and convenient for carrying into effect the provisions of this chapter and may promulgate necessary regulations.

B. The Board shall include in its regulations educational requirements as conditions for licensure to ensure the protection of the public interest, including a requirement that an applicant have, at a minimum, a high school diploma or its equivalent. The Board is authorized to regulate any school that is established to offer real estate courses except such schools as are regulated by another

state agency. Such authority shall include, but not be limited to, qualification of instructors, approval of course curricula, and requirement that such schools submit evidence of financial responsibility to ensure that these schools protect the public health, safety, and welfare. The Board shall have the discretion to waive any requirement under the regulations relating to education or experience when the broker or salesperson is found to have education or experience equivalent to that required. No regulation imposing educational requirements for initial licensure beyond those specified by law shall apply to any person who was licensed prior to July 1, 1975, and who has been continuously licensed since that time, except that licensure as a salesperson prior to such time shall not exempt a salesperson who seeks to be licensed as a broker from the educational requirements established for brokers. Regulations promulgated by the Board shall include the following requirements:

1. a. Every applicant to the Board for an initial license as a real estate salesperson shall have completed a course in the principles of real estate that carried an academic credit of at least three semester hours or six quarter hours (but not less than 45 hours of classroom or correspondence or other distance learning instruction in any case). The course shall be one offered by an accredited university, college, community college, high school offering adult distributive education courses, or other school or educational institution offering an equivalent course.

b. However, on and after January 1, 1991, the academic credit required for the initial license as a real estate salesperson shall be at least four semester hours, but not less than 60 hours of classroom, correspondence, or other distance learning instruction.

2. Every applicant to the Board for an initial license as a real estate broker shall have completed not less than 12 semester hours of classroom or correspondence or other distance learning instruction in real estate courses offered by an accredited university, college, community college, or other school or educational institution offering equivalent courses.

C. The Board shall establish criteria to ensure that prelicensure and broker licensure courses meet the standards of quality deemed by the Board to be necessary to protect the public interests. For correspondence and other distance learning instruction offered by an approved provider, such criteria may include appropriate testing procedures. The Board may establish procedures to ensure the quality of the courses.

Noncollegiate institutions shall not be authorized to grant collegiate semester hours for academic credit.

The specific content of the real estate courses shall be in real estate brokerage, real estate finance, real estate appraisal, real estate law, and such related subjects as are approved by the Board.

D. The Board shall establish guidelines for an educational curriculum of at least 30 hours of classroom, or correspondence or other distance learning, instruction, in specified areas, which shall be required of all licensees within the first two years of issuance of a license by the Board.

Failure of a new licensee to complete the 30-hour curriculum within two years of obtaining a real estate salesperson's license shall result in nonrenewal by the Board of such license until the curriculum has been completed.

To establish the guidelines required by this subsection, the Board shall establish an industry advisory group to focus on the following three practice tracks: (i) residential real estate, (ii) commercial real estate, and (iii) property management. The industry advisory group shall consist of licensed real estate salespersons and real estate brokers, and meet at the direction of the Board, at least annually, to update the guidelines in each of the three educational practice tracks. The Board shall review and may approve educational curriculum developed by an approved school or other provider of real estate education authorized by this chapter. The industry advisory groups shall serve at no cost to the Board.

The guidelines in each of the three practice tracks for new licensees shall include topics that new licensees need to know in their respective practices, including, but not limited to, contract writing, handling customer deposits, listing property, leasing property, agency, current industry issues and trends, property owners' and condominium association law, landlord-tenant law, Board regulations, and such other topics as designated by the Board. The continuing education requirements of this subsection for new licensees shall be in lieu of the continuing education requirements otherwise specified in this chapter and Board regulations.

E. The Board shall include in its regulations educational requirements as a condition for relicensure of brokers and salespersons to whom active licenses have been issued by the Board beyond those now specified by law as conditions for licensure. Brokers and salespersons to whom active licenses have been issued by the Board shall be required to satisfactorily complete courses of not less than 16 hours of classroom or correspondence or other distance learning instruction during each licensing term. Of the total 16 hours, the curriculum shall include a minimum of eight required hours to include ethics and standards of conduct, fair housing, legal updates and emerging trends, real estate agency, and real estate contracts. Fair housing requirements shall consist of a minimum of two hours including an update on current cases and administrative decisions under fair housing laws. If the licensee submits a notarized affidavit to the Board that certifies that he does not practice residential real estate and shall not do so during the licensing term, training in fair housing shall not be required; instead, such licensee shall receive training in other applicable federal and state discrimination laws and regulations. The remaining eight hours shall be elective and shall include real estate-related subjects as are approved by the Board. For correspondence and other distance learning instruction offered by an approved provider, the Board shall establish the appropriate testing procedures to verify completion of the course and require the licensee to file a notarized affidavit certifying compliance with the course requirements. The Board may establish procedures to ensure the quality of the courses. The Board shall not require testing for continuing education courses completed through classroom instruction. For purposes of this chapter, "distance learning" means instruction delivered by an approved provider through a medium other than a classroom setting. Such courses shall be those offered by an accredited university, college, community college, high school offering adult distributive education courses, other school or educational institution, or real estate professional association or related entities.

F. The Board shall include in its regulations a procedure for processing applications of educational institutions, real estate professional associations, or related entities, to provide continuing education courses, which procedure, at a minimum, shall (i) provide for a broad range of subject matters suitable for the continuing education of licensed professionals in a multifamily residential and commercial office, as well as single-family residential, sales, leasing and property management; (ii) acknowledge, in writing, receipt of such applications within 10 calendar days after receipt; and (iii) provide written notification to the applicant, within 75 calendar days of receipt of the application, whether the application has been approved or disapproved, and if disapproved, the reasons therefor. In addition, the Board shall prepare a comprehensive listing of courses, pre-approved by the Board, related to the professional competency requirements for the multifamily residential and commercial office industries.

The Board, through regulation, shall develop criteria for evaluating and approving continuing education course credits and for awarding credit hours for such courses. The Board shall approve recommended course titles, content, and hours of continuing education credit developed and published by national professional real estate trade associations, unless the Board determines in writing that such titles, content, or credit hours should not be approved and specifies the reasons therefor.

G. As of July 1, 1990, every applicant for relicensure as an active salesperson or broker shall complete the continuing education requirements prior to each renewal or reinstatement of his license. The continuing education requirement shall also apply to inactive licensees who make application for an active license. Notwithstanding this requirement, military personnel called to active duty in the Armed Forces of the United States may complete the required continuing education within six months of their release from active duty.

H. The Board shall also include in its regulations remedial educational requirements for any salesperson or broker who has been inactive for more than three years. The regulations shall require the applicant to meet the educational requirements for a salesperson or broker in effect at the time either becomes active.

I. When the license has been inactive for more than three years, the Board may waive the educational requirements for reactivation of a license under the following conditions: (i) during the time the license has been inactive, the holder of such inactive license has been engaged in an occupation whereby the knowledge of real estate would be retained or (ii) the holder of such license is a member or the spouse of a member of the Armed Forces of the United States who has been permanently assigned outside Virginia for a portion of the time the license has been inactive, and the holder of the inactive license remained current in the field of real estate and demonstrates this fact to the satisfaction of the Board.

§ 54.1-2105. (Effective July 1, 2007) General powers of Real Estate Board; regulations; educational and experience requirements for licensure; continuing education.

A. The Board may do all things necessary and convenient for carrying into effect the provisions of this chapter and may promulgate necessary regulations.

B. The Board shall include in its regulations educational requirements as conditions for licensure to ensure the protection of the public interest, including a requirement that an applicant have, at a minimum, a high school diploma or its equivalent. The Board is authorized to regulate any school that is established to offer real estate courses except such schools as are regulated by another state agency. Such authority shall include, but not be limited to, qualification of instructors, approval of course curricula, and requirement that such schools submit evidence of financial responsibility to ensure that these schools protect the public health, safety, and welfare. The Board shall have the discretion to waive any requirement under the regulations relating to education or experience when the broker or salesperson is found to have education or experience equivalent to that required. No regulation imposing educational requirements for initial licensure beyond those specified by law shall apply to any person who was licensed prior to July 1, 1975, and who has been continuously licensed since that time, except that licensure as a salesperson prior to such time shall not exempt a salesperson who seeks to be licensed as a broker from the educational requirements established for brokers. Regulations promulgated by the Board relating to initial licensure shall include the following requirements:

1. a. Every applicant to the Board for an initial license as a real estate salesperson shall have completed a course in the principles of real estate that carried an academic credit of at least three semester hours or six quarter hours (but not less than 45 hours of classroom or correspondence or other distance learning instruction in any case). The course shall be one offered by an accredited university, college, community college, high school offering adult distributive education courses, or other school or educational institution offering an equivalent course.

b. However, on and after January 1, 1991, the academic credit required for the initial license as a real estate salesperson shall be at least four semester hours, but not less than 60 hours of classroom, correspondence, or other distance learning instruction.

2. Every applicant to the Board for an initial license as a real estate broker shall have completed not less than 12 semester hours of classroom or correspondence or other distance learning instruction in real estate courses offered by an accredited university, college, community college, or other school or educational institution offering equivalent courses.

C. The Board shall establish criteria to ensure that prelicensure and broker licensure courses meet the standards of quality deemed by the Board to be necessary to protect the public interests. For correspondence and other distance learning instruction offered by an approved provider, such criteria may include appropriate testing procedures. The Board may establish procedures to ensure the quality of the courses.

Noncollegiate institutions shall not be authorized to grant collegiate semester hours for academic credit.

The specific content of the real estate courses shall be in real estate brokerage, real estate finance, real estate appraisal, real estate law, and such related subjects as are approved by the Board.

D. The Board shall establish guidelines for an educational curriculum of at least 30 hours of classroom, or correspondence or other distance learning, instruction, in specified areas, which shall be required of all licensees within the first two years of issuance of a license by the Board. Failure of a new licensee to complete the 30-hour curriculum within two years of obtaining a real estate salesperson's license shall result in nonrenewal by the Board of such license until the curriculum has been completed.

To establish the guidelines required by this subsection, the Board shall establish an industry advisory group to focus on the following three practice tracks: (i) residential real estate, (ii) commercial real estate, and (iii) property management. The industry advisory group shall consist of licensed real estate salespersons and real estate brokers, and meet at the direction of the Board, at least annually, to update the guidelines in each of the three educational practice tracks. The Board shall review and may approve educational curriculum developed by an approved school or other provider of real estate education authorized by this chapter. The industry advisory groups shall serve at no cost to the Board.

The guidelines in each of the three practice tracks for new licensees shall include topics that new licensees need to know in their respective practices, including, but not limited to, contract writing, handling customer deposits, listing property, leasing property, agency, current industry issues and trends, property owners' and condominium association law, landlord-tenant law, Board regulations, and such other topics as designated by the Board. The continuing education requirements of this subsection for new licensees shall be in lieu of the continuing education requirements otherwise specified in this chapter and Board regulations.

E. The Board shall include in its regulations educational requirements as a condition for relicensure of brokers and salespersons to whom active licenses have been issued by the Board beyond those now specified by law as conditions for licensure. Brokers and salespersons to whom active licenses have been issued by the Board shall be required to satisfactorily complete courses of not less than 16 hours of classroom or correspondence or other distance learning instruction during each licensing term. Of the total 16 hours, the curriculum shall include a minimum of eight required hours to include ethics and standards of conduct, fair housing, legal updates and emerging trends, real estate agency, and real estate contracts. Fair housing requirements shall consist of a minimum of two hours including an update on current cases and administrative decisions under fair housing laws. If the licensee submits a notarized affidavit to the Board that certifies that he does not practice residential real estate and shall not do so during the licensing term, training in fair housing shall not be required; instead, such licensee shall receive training in other applicable federal and state discrimination laws and regulations. The Board shall approve a

continuing education curriculum of not less than two hours, and as of July 1, 2007, every applicant for relicensure as an active salesperson or broker shall complete at a minimum one two-hour continuing education course on limited service agency prior to renewal or reinstatement of his license. If the licensee submits a notarized affidavit to the Board which certifies that he has taken a two-hour continuing education course on limited service agency between July 1, 2006, and June 30, 2007, offered by a school approved by the Board, which, in the determination of the Board, covered substantially the information in a continuing education course approved by the Board subsequent to July 1, 2007, the licensee may receive credit for the two hours of continuing education. If the licensee submits a notarized affidavit to the Board which certifies that he does not practice residential real estate and shall not do so during the licensing term, training in limited service agency shall not be required. A licensee who takes one two-hour continuing education class on limited service agency shall satisfy the requirements for continuing education and may but shall not be required to take any further continuing education on limited service agency.

The remaining eight hours shall be elective and shall include real estate-related subjects as are approved by the Board.

For correspondence and other distance learning instruction offered by an approved provider, the Board shall establish the appropriate testing procedures to verify completion of the course and require the licensee to file a notarized affidavit certifying compliance with the course requirements. The Board may establish procedures to ensure the quality of the courses. The Board shall not require testing for continuing education courses completed through classroom instruction.

For purposes of this chapter, "distance learning" means instruction delivered by an approved provider through a medium other than a classroom setting. Such courses shall be those offered by an accredited university, college, community college, high school offering adult distributive education courses, other school or educational institution, or real estate professional association or related entities.

F. The Board shall include in its regulations, a procedure for processing applications of educational institutions, real estate professional associations, or related entities, to provide continuing education courses, which procedure, at a minimum, shall (i) provide for a broad range of subject matters suitable for the continuing education of licensed professionals in a multifamily residential and commercial office, as well as single-family residential, sales, leasing and property management; (ii) acknowledge, in writing, receipt of such applications within 10 calendar days after receipt; and (iii) provide written notification to the applicant, within 75 calendar days of receipt of the application, whether the application has been approved or disapproved, and if disapproved, the reasons therefor. In addition, the Board shall prepare a comprehensive listing of courses, pre-approved by the Board, related to the professional competency requirements for the multifamily residential and commercial office industries.

The Board, through regulation, shall develop criteria for evaluating and approving continuing education course credits and for awarding credit hours for such courses. The Board shall approve recommended course titles, content, and hours of continuing education credit developed and

published by national professional real estate trade associations, unless the Board determines in writing that such titles, content, or credit hours should not be approved and specifies the reasons therefor.

G. Every applicant for relicensure as an active salesperson or broker shall complete the continuing education requirements prior to each renewal or reinstatement of his license. The continuing education requirement shall also apply to inactive licensees who make application for an active license. Notwithstanding this requirement, military personnel called to active duty in the Armed Forces of the United States may complete the required continuing education within six months of their release from active duty.

H. The Board shall also include in its regulations remedial educational requirements for any salesperson or broker who has been inactive for more than three years. The regulations shall require the applicant to meet the educational requirements for a salesperson or broker in effect at the time either becomes active.

I. When the license has been inactive for more than three years, the Board may waive the educational requirements for reactivation of a license under the following conditions: (i) during the time the license has been inactive, the holder of such inactive license has been engaged in an occupation whereby the knowledge of real estate would be retained or (ii) the holder of such license is a member or the spouse of a member of the Armed Forces of the United States who has been permanently assigned outside Virginia for a portion of the time the license has been inactive, and the holder of the inactive license remained current in the field of real estate and demonstrates this fact to the satisfaction of the Board.

the obligation of a lot owner to pay regular annual or special assessments to the association, and the penalty for failure/refusal to pay such assessments; the purposes for which such assessments may be used; and the importance the declaration of restrictive covenants and other governing documents play in association living.

§ 54.1-2105.2. Cease and desist orders for unlicensed activity; civil penalty.

A. Notwithstanding any other provision of law, the Board may issue an order requiring any person to cease and desist from acting as a real estate broker or salesperson when such person is not licensed by the Board in accordance with this chapter. The order shall be effective upon its entry and shall become final unless such person files an appeal with the Board in accordance with the Administrative Process Act (§ 2.2-4000 et seq.) within 21 days of the date of entry of the order.

B. If the person fails to cease and desist the unlicensed activity after entry of an order in accordance with subsection A, the Board may refer the matter for enforcement pursuant to § 54.1-306.

C. Any person engaging in unlicensed activity shall be subject to further proceedings before the Board and the Board may impose a civil penalty not to exceed \$1,000 for any real estate transaction or the compensation received from any such real estate transaction, whichever is greater. § 54.1-2106.

Repealed by Acts 1996, c. 993.

§ 54.1-2106.1. Licenses required.

A. No business entity, other than a sole proprietorship, shall act, offer to act, or advertise to act, as a real estate firm without a real estate firm license from the Board. Such firm may be granted a license in a fictitious name. No business entity shall be granted a firm license unless (i) every member or officer who actively participates in the firm brokerage business holds a license as a real estate broker and (ii) every employee or independent contractor who acts as a salesperson for such business entity holds a license as a real estate salesperson or broker. An individual holding a broker's license may operate a real estate brokerage firm which he owns as a sole proprietorship without any further licensure by the Board, although such individual shall not operate in a fictitious name. A non-broker-owned sole proprietorship shall obtain a license from the Board.

B. No individual shall act as a broker without a real estate broker's license from the Board. An individual who holds a broker's license may act as a salesperson for another broker. A broker

acting as a salesperson may be an owner, member, or officer of a business entity salesperson as defined in subsection C.

C. No individual shall act as a salesperson without a salesperson's license from the Board. A business entity may act as a salesperson with a separate business entity salesperson's license from the Board. No business entity shall be granted a business entity salesperson's license unless every owner or officer who actively participates in the brokerage business of such entity holds a license as a salesperson or broker from the Board. No licensee or any agent of the licensee shall divert or misuse any funds held in escrow or otherwise held by him for another. Where escrow funds or other funds are held by the licensee or his agents and the Real Estate Board or its agents have reason to believe that the licensee is not able to adequately protect the interests of persons involved, or his conduct threatens their interests, the Board shall file a petition with any court of record having equity jurisdiction over the licensee or any of the funds held by him stating the facts upon which it relies. The court may temporarily enjoin further activity by the licensee and take such further action as shall be necessary to conserve, protect and disburse the funds involved, including the appointment of a receiver. If a receiver is appointed his expenses and a reasonable fee as determined by the court shall be paid by the licensee. If the court finds him unable to make such payment, the Board shall determine whether the expenses and fees shall be paid from the Virginia Real Estate Transaction Recovery Fund or from funds received by the Board. Such determination shall be made within thirty days of the Board's receipt of the court-approved receiver invoices. If the court finds that the licensee was without fault and that he is found not to have violated any provisions of this chapter or of the regulations of the Board, then the receiver's expenses and fees shall be paid by the Board. Such payments shall be paid from funds received by the Board.

A. Every nonresident applicant shall file with the Real Estate Board an irrevocable consent that suits and actions may be commenced against such applicant in the proper court of any county or city of this Commonwealth in which a cause of action may arise or in which the plaintiff may reside, by the service of any process or pleading authorized by the laws of this Commonwealth on the Director of the Department of Professional and Occupational Regulation. The consent shall stipulate that such service of process or pleadings on the Director shall be taken and held in all courts to be as valid and binding as if due service had been made upon the applicant in the Commonwealth of Virginia.

B. Any process or pleadings served upon the Director shall be filed by the Director in his office and a copy thereof immediately forwarded by registered mail to the main office of the licensee at the last known address.

(1977, c. 69, § 54-765.2; 1984, cc. 266, 283; 1985, c. 448; 1987, c. 555; 1988, c. 765; 1992, c. 348; 1993, c. 499.)

§ 54.1-2113. Establishment and maintenance of fund, duty of Director, assessments of regulants.

A. Each initial regulant at the time of licensure shall be assessed twenty dollars, which shall be specifically assigned to the fund. Initial payments may be incorporated in any application fee payment and transferred to the fund by the Director within thirty days.

B. All assessments, except initial assessments, for the fund shall be deposited, within three work days after their receipt by the Director, in one or more federally insured banks, savings and loan associations or savings banks located in the Commonwealth. Funds deposited in banks, savings and loan associations or savings banks, to the extent in excess of insurance afforded by the Federal Deposit Insurance Corporation or other federal insurance agency, shall be secured under the Security for Public Deposits Act (§ 2.2-4400 et seq.). The deposit of these funds in federally insured banks, savings institutions or savings banks located in the Commonwealth shall not be considered investment of such funds for purposes of this section. Funds maintained by the Director may be invested in securities that are legal investments for fiduciaries under the provisions of § 26-40.01. The Director shall maintain in his office an accurate record of all transactions involving the fund, which records shall be open for inspection and copying by the public during the normal business hours of the Director.

C. The minimum balance of the fund shall be \$400,000. Whenever the Director determines that the balance of the fund is or will be less than such minimum balance, the Director shall immediately inform the Board. At the same time, the Director may recommend that the Board transfer a fixed amount of interest earnings to the fund to bring the balance of the fund to the amount required by this subsection. Such transfer of interest shall be considered by the Board within thirty days of the notification of the Director.

D. If available interest earnings are insufficient to bring the balance of the fund to the minimum amount required by this section, or if a transfer of available interest earnings to the fund has not occurred, the Board shall assess each regulant within thirty days of notification by the Director, a sum sufficient to bring the balance of the fund to the required minimum amount. The Board may order an assessment of regulants at any time in addition to any required assessment. No regulant shall be assessed a total amount of more than twenty dollars during any biennial license period or part thereof, the biennial period expiring on June 30 of each even-numbered year. Assessments of regulants made pursuant to this subsection may be issued by the Board (i) after a determination made by it or (ii) at the time of license renewal.

E. At the close of each fiscal year, whenever the balance of the fund exceeds \$2,000,000, the amount in excess of \$2,000,000 shall be transferred to the Virginia Housing Partnership Fund. Except for transfers pursuant to this subsection, there shall be no transfers out of the fund, including transfers to the general fund, regardless of the balance of the fund.

F. If the Board determines that all regulants will be assessed concurrently, notice to the regulants of such assessments shall be by first-class mail, and payment of such assessments shall be made by first-class mail to the Director within forty-five days after the mailing to regulants of such notice.

If the Board determines that all regulants will be assessed in conjunction with license renewal, notice to the regulants may be included with the license renewal notice issued by the Board. The assessment shall be due with the payment of the license renewal fees. No license shall be renewed or reinstated until any outstanding assessments are paid.

G. If any regulant fails to remit the required payment mailed in accordance with subsection F within forty-five days of the mailing, the Director shall notify the regulant by first-class mail at the latest address of record filed with the Board. If no payment has been received by the Director within thirty days after mailing the second notice, the license shall be automatically suspended. The license shall be restored only upon the actual receipt by the Director of the delinquent assessment.

H. The costs of administering the act shall be paid out of interest earned on deposits constituting the fund. The remainder of the interest, at the discretion of the Board, may be used for providing research and education on subjects of benefit to real estate regulants or may accrue to the fund in accordance with subsection C.

(1977, c. 69, § 54-765.3; 1982, c. 6; 1984, c. 266; 1987, c. 555; 1988, c. 765; 1990, c. 3; 1992, cc. 348, 810; 1997, c. 82.)

§ 54.1-2114. Recovery from fund generally.

A. Whenever any person is awarded a final judgment in any court of competent jurisdiction in the Commonwealth of Virginia against any individual or entity for improper or dishonest conduct as

defined in the act, and the improper or dishonest conduct occurred during a period when the individual or entity was a regulant and occurred in connection with a transaction involving the sale, lease, or management of real property by the regulant acting in the capacity of a real estate broker or real estate salesperson and not in the capacity of a principal, or on his own account, the person to whom such judgment was awarded may file a verified claim with the Director for a directive ordering payment from the fund of the amount unpaid upon the judgment, subject to the following conditions:

1. If any action is instituted against a regulant by any person, such person shall serve a copy of the process upon the Board in the manner prescribed by law. Included in such service shall be an affidavit stating all acts constituting improper or dishonest conduct. The provisions of § 8.01-288 shall not be applicable to the service of process required by this subdivision.
2. A copy of any pleading or document filed subsequent to the initial service of process in the action against a regulant shall be provided to the Board. The claimant shall submit such copies to the Board by certified mail, or the equivalent, upon his receipt of the pleading or document.
3. For judgments entered on or after July 1, 1996, the verified claim shall be filed with the Director no later than twelve months after the judgment becomes final.
4. The claimant shall not himself be (i) a regulant, (ii) the personal representative of a regulant, (iii) the spouse or child of the regulant against whom the judgment was awarded, nor the personal representative of such spouse or child, or (iv) any lending or financial institution nor anyone whose business involves the construction or development of real property.
5. The claimant shall have made an investigation to determine whether or not the judgment debtor is possessed of real or personal property or other assets which are available to be sold or otherwise applied in satisfaction of the judgment and shall file an affidavit that an investigation has been made. Satisfactory evidence of the results of subdivision 6 below shall be submitted with this affidavit.
6. The investigation shall include but shall not be limited to (i) the conducting of debtor interrogatories and (ii) the investigation of any listings held by the regulant and any commissions due thereby.
7. The investigation shall not have disclosed such real or personal property or other assets available to be so sold or applied, or the investigation shall have disclosed certain of such assets, which shall be described in detail, and the claimant shall have taken all legally available actions and proceedings for such sale or application, and the amount so realized shall have been insufficient to satisfy the judgment, which amount shall be stated together with the balance remaining due on the judgment after the sale or application.

8. If the judgment debtor has filed bankruptcy, the claimant shall file with the proper bankruptcy court a complaint under 11 U.S.C. § 523 (a) and obtain an order determining dischargeability of the debt.

B. The Department shall promptly consider the application, affidavit, and investigation of the claim. If it appears that a prima facie case has been made for payment of the claim, the Department shall provide the regulant with a notice offering the opportunity to be heard at an informal fact-finding conference pursuant to § 2.2-4019 of the Administrative Process Act (§ 2.2-4000, et seq.). Such notice shall state that if the regulant does not request an informal fact-finding conference within 30 days, with three days added in instances where the notice is sent by mail, the Department shall present the claim to the Board with a recommendation to pay the verified claim.

C. If the Board finds that there has been compliance with the statutory conditions to which reference is made in this section, the Board shall issue a directive ordering payment to the claimant from the fund the amount unpaid on the judgment, subject to the limitations set forth in § 54.1-2116. The claimant shall be notified in writing of the findings of the Board. The Board's findings shall be considered a "case decision" and judicial review of these findings shall be in accordance with § 2.2-4025 of the Administrative Process Act (§ 2.2-4000 et seq.). Notwithstanding any other provision of law, the Board shall have the right to appeal a decision of any court which is contrary to any distribution recommended or authorized by it.

(1977, c. 69, § 54-765.4; 1984, c. 266; 1987, c. 555; 1988, c. 765; 1996, c. 115; 2006, c. 723.)

§ 54.1-2115. Investigations.

Upon receipt of the notice of proceedings against the regulant the Board may cause its own investigation to be conducted.

(1987, c. 555, § 54-765.4:1; 1988, c. 765.)

§ 54.1-2116. Limitations upon recovery from fund; certain actions not a bar to recovery.

A. The aggregate of claims by claimants against the fund based upon unpaid judgments arising out of the improper or dishonest conduct of one regulant in connection with a single transaction involving the sale, lease, or management of real property, is limited to \$50,000. If a claim has been made against the fund, and the Board has reason to believe that there may be additional claims against the fund arising out of the same transaction, the Board may withhold any payment(s) from the fund for a period of not more than one year. After such one-year period, if the aggregate of claims arising out of the same transaction exceeds \$50,000, such \$50,000 shall be prorated by the Board among the claimants and paid from the fund in proportion to the amounts of their judgments against the regulant remaining unpaid.

B. The maximum claim of one claimant against the fund based upon an unpaid judgment arising out of the improper or dishonest conduct of one regulant in connection with a single transaction

involving the sale, lease, or management of real property, shall be limited to \$20,000, regardless of the number of claimants and regardless of the amount of the unpaid judgment of the claimant.

C. The aggregate of claims against the fund based upon unpaid judgments arising out of the improper or dishonest conduct of one regulant in connection with more than a single transaction involving the sale, lease, or management of real property is limited to \$100,000 during any biennial license period, the biennial periods expiring on June 30 of each even-numbered year. If a claim has been made against the fund, and the Board has reason to believe that there may be additional claims against the fund from other transactions involving the same regulant, the Board may withhold any payment(s) from the fund involving such regulant for a period of not more than one year. After the one-year period, if the aggregate of claims against the regulant exceeds \$100,000, such \$100,000 shall be prorated by the Board among the claimants and paid from the fund in proportion to the amounts of their judgments against the regulant remaining unpaid.

D. Excluded from the amount of any unpaid judgment upon which a claim against the fund is based shall be any sums included in the judgment which represent interest, or punitive or exemplary damages. The claim against the fund may include court costs and attorneys' fees.

E. If, at any time, the amount of the fund is insufficient to satisfy any claims, claim, or portion thereof filed with the Board and authorized by the act, the Board shall, when the amount of the fund is sufficient to satisfy some or all of such claims, claim, or portion thereof, pay the claimants in the order that such claims were filed with the Board.

F. Failure of a claimant to comply with the provisions of subdivisions 1 and 2 of subsection A of § 54.1-2114 and the provisions of § 54.1-2117 shall not be a bar to recovery under this act if the claimant is otherwise entitled to such recovery.

(1977, c. 69, § 54-765.5; 1987, c. 555; 1988, c. 765.)

§ 54.1-2117. Participation by Board in proceedings.

Upon service of process as provided in subdivision A 1 of § 54.1-2114, the Board, the Director, or duly authorized representatives of the Board, shall then have the right to request leave of court to intervene.

(1977, c. 69, § 54-765.6; 1987, c. 555; 1988, c. 765.)

§ 54.1-2118. Payment of claim; assignment of claimant's rights to Board.

The Director shall, subject to the provisions of § 54.1-2116, pay to the claimant from the fund such amount as shall be directed by the Board upon the execution and delivery to the Director by such claimant of an assignment to the Board of the claimant's rights against the regulant to the extent that such rights were satisfied from the fund.

(1977, c. 69, § 54-765.7; 1987, c. 555; 1988, c. 765.)

§ 54.1-2119. Revocation of license of regulant upon payment from fund.

Upon payment by the Director to a claimant from the fund as provided in § 54.1-2118, the Board shall immediately revoke the license of the regulant whose improper or dishonest conduct, as defined in the act, resulted in payment from the fund. The regulant whose license was so revoked shall not be eligible to apply for a license as a real estate broker or real estate salesperson until he has repaid in full the amount paid from the fund on his account, plus interest at the judgment rate of interest from the date of payment from the fund.

(1977, c. 69, § 54-765.8; 1984, c. 266; 1987, c. 555; 1988, c. 765.)

§ 54.1-2120. No waiver by Board of disciplinary action against regulant.

Nothing contained in this article shall limit the authority of the Board to take disciplinary action against any regulant for any violation of this chapter or Board regulations, nor shall the repayment in full by a regulant of the amount paid from the fund on such regulant's account nullify or modify the effect of any disciplinary proceeding against such regulant for any such violation.

(1977, c. 69, § 54-765.9; 1978, c. 129; 1987, c. 555; 1988, c. 765.)

engaged by a buyer shall disclose to a seller the buyer's intent to occupy the property as a principal residence.

C. A licensee engaged by a buyer in a real estate transaction may, unless prohibited by law or the brokerage relationship, provide assistance to the seller, or prospective seller, by performing ministerial acts. Performing such ministerial acts that are not inconsistent with subsection A shall not be construed to violate the licensee's brokerage relationship with the buyer unless expressly prohibited by the terms of the brokerage relationship, nor shall performing such ministerial acts be construed to form a brokerage relationship with such seller.

D. A licensee engaged by a buyer does not breach any duty or obligation to the buyer by showing properties in which the buyer is interested to other prospective buyers, whether as clients or customers, by representing other buyers looking at the same or other properties, or by representing sellers relative to other properties.

E. Licensees shall disclose brokerage relationships pursuant to the provisions of this article.

(1995, cc. 741, 813.)

§ 54.1-2132. (Effective July 1, 2007) Licensees engaged by buyers.

A. A licensee engaged by a buyer shall:

1. Perform in accordance with the terms of the brokerage relationship;

2. Promote the interests of the buyer by:

a. Seeking a property of a type acceptable to the buyer and at a price and on terms acceptable to the buyer; however, the licensee shall not be obligated to seek other properties for the buyer while the buyer is a party to a contract to purchase property unless agreed to as part of the brokerage relationship;

b. Assisting in the drafting and negotiating of offers and counteroffers, amendments, and addenda to the real estate contract pursuant to § 54.1-2101.1 and in establishing strategies for accomplishing the buyer's objectives;

c. Receiving and presenting in a timely manner all written offers or counteroffers to and from the buyer and seller, even when the buyer is already a party to a contract to purchase property; and

d. Providing reasonable assistance to the buyer to satisfy the buyer's contract obligations and to facilitate settlement of the purchase contract.

3. Maintain confidentiality of all personal and financial information received from the client during the brokerage relationship and any other information that the client requests during the brokerage

relationship be maintained confidential unless otherwise provided by law or the buyer consents in writing to the release of such information;

4. Exercise ordinary care;

5. Account in a timely manner for all money and property received by the licensee in which the buyer has or may have an interest;

6. Disclose to the buyer material facts related to the property or concerning the transaction of which the licensee has actual knowledge; and

7. Comply with all requirements of this article, all applicable fair housing statutes and regulations, and all other applicable statutes and regulations which are not in conflict with this article.

B. Licensees shall treat all prospective sellers honestly and shall not knowingly give them false information. No cause of action shall arise against any licensee for revealing information as required by this article or applicable law. In the case of a residential transaction, a licensee engaged by a buyer shall disclose to a seller whether or not the buyer intends to occupy the property as a principal residence. The buyer's expressions of such intent in the contract of sale shall satisfy this requirement and no cause of action shall arise against any licensee for the disclosure or any inaccuracy in such disclosure, or the nondisclosure of the buyer in this regard.

C. A licensee engaged by a buyer in a real estate transaction may, unless prohibited by law or the brokerage relationship, provide assistance to the seller, or prospective seller, by performing ministerial acts. Performing such ministerial acts that are not inconsistent with subsection A shall not be construed to violate the licensee's brokerage relationship with the buyer unless expressly prohibited by the terms of the brokerage relationship, nor shall performing such ministerial acts be construed to form a brokerage relationship with such seller.

D. A licensee engaged by a buyer does not breach any duty or obligation to the buyer by showing properties in which the buyer is interested to other prospective buyers, whether as clients or customers, by representing other buyers looking at the same or other properties, or by representing sellers relative to other properties.

E. Licensees shall disclose brokerage relationships pursuant to the provisions of this article.

(1995, cc. 741, 813; 2006, c. 627.)

§ 54.1-2133. (Effective until July 1, 2007) Licensees engaged by landlords to lease property.

2. Promote the interests of the landlord by:

b. Presenting in a timely manner all written offers or counteroffers to and from the landlord, even when the property is already subject to a lease or a letter of intent to lease;

c. Disclosing to the landlord material facts related to the property or concerning the transaction of which the licensee has actual knowledge; and

B. Licensees shall treat all prospective tenants honestly and shall not knowingly give them false information. A licensee engaged by a landlord shall disclose to prospective tenants all material adverse facts pertaining to the physical condition of the property which are actually known by the licensee. A licensee shall not be liable to a tenant for providing false information to the tenant if the false information was provided to the licensee by the landlord and the licensee did not (i) have actual knowledge that the information was false or (ii) act in reckless disregard of the truth. No cause of action shall arise against any licensee for revealing information as required by this article or applicable law. Nothing in this subsection shall limit the right of a prospective tenant to inspect the physical condition of the property.

C. A licensee engaged by a landlord in a real estate transaction may, unless prohibited by law or the brokerage relationship, provide assistance to a tenant, or potential tenant, by performing ministerial acts. Performing such ministerial acts that are not inconsistent with subsection A shall not be construed to violate the licensee's brokerage relationship with the landlord unless expressly prohibited by the terms of the brokerage relationship, nor shall performing such ministerial acts be construed to form a brokerage relationship with such tenant or potential tenant.

D. A licensee engaged by a landlord does not breach any duty or obligation owed to the landlord by showing alternative properties to prospective tenants, whether as clients or customers, or by representing other landlords who have other properties for lease.

E. Licensees shall disclose brokerage relationships pursuant to the provisions of this article.

Such disclosure shall be conspicuous and printed either in bold lettering or all capitals, and shall be underlined or in a separate box. A licensee shall not be liable to a tenant for providing false information to the tenant if the false information was provided to the licensee by the landlord or was obtained from a governmental entity or from a person licensed, certified, or registered to provide professional services in the Commonwealth, upon which the licensee relies, and the licensee did not (i) have actual knowledge that the information was false or (ii) act in reckless disregard of the truth. No cause of action shall arise against any licensee for revealing information as required by this article or applicable law. D. A licensee engaged by a tenant does not breach any duty or obligation to the tenant by showing properties in which the tenant is interested to other prospective tenants, whether as clients or customers, by representing other tenants looking for the same or other properties to lease, or by representing landlords relative to other properties.

6. Comply with all requirements of this article, fair housing statutes and regulations, and all other applicable statutes and regulations which are not in conflict with this article.

B. Except as provided in the property management agreement, a licensee engaged to manage real estate does not breach any duty or obligation to the owner by representing other owners in the management of other properties.

C. A licensee may also represent the owner as seller or landlord if they enter into a brokerage relationship that so provides; in which case, the licensee shall disclose such brokerage relationships pursuant to the provisions of this article.

(1995, cc. 741, 813.)

§ 54.1-2136. Preconditions to brokerage relationship.

Prior to entering into any brokerage relationship provided for in this article, a licensee shall advise the prospective client of (i) the type of brokerage relationship proposed by the broker and (ii) the broker's compensation and whether the broker will share such salary or compensation with another broker who may have a brokerage relationship with another party to the transaction.

(1995, cc. 741, 813.)

§ 54.1-2137. Commencement and termination of brokerage relationships.

A. The brokerage relationships set forth in this article shall commence at the time that a client engages a licensee and shall continue until (i) completion of performance in accordance with the brokerage relationship or (ii) the earlier of (a) any date of expiration agreed upon by the parties as part of the brokerage relationship or in any amendments thereto, (b) any mutually agreed upon termination of the relationship, (c) a default by any party under the terms of the brokerage relationship, or (d) a termination as set forth in subsection D of § 54.1-2139.

C. Except as otherwise agreed to in writing, a licensee owes no further duties to a client after termination, expiration, or completion of performance of the brokerage relationship, except to (i)

account for all moneys and property relating to the brokerage relationship and (ii) keep confidential all personal and financial information received from the client during the course of the brokerage relationship and any other information that the client requests during the brokerage relationship be maintained confidential, unless otherwise provided by law or the client consents in writing to the release of such information.

(1995, cc. 741, 813.)

§ 54.1-2138. Disclosure of brokerage relationship.

A. Upon having a substantive discussion about a specific property or properties with an actual or prospective buyer or seller who is not the client of the licensee and who is not represented by another licensee, a licensee shall disclose any broker relationship the licensee has with another party to the transaction. Further, except as provided in § 54.1-2139, such disclosure shall be made in writing at the earliest practical time, but in no event later than the time when specific real estate assistance is first provided. Such disclosure may be given in combination with other disclosures or provided with other information, but if so, the disclosure must be conspicuous, printed in bold lettering, all capitals, underlined, or within a separate box. Any disclosure which complies substantially in effect with the following shall be deemed in compliance with this disclosure requirement:

B. A licensee shall disclose to an actual or prospective landlord or tenant, who is not the client of the licensee and who is not represented by another licensee, that the licensee has a brokerage relationship with another party or parties to the transaction. Such disclosure shall be in writing and included in all applications for lease or in the lease itself, whichever occurs first. If the terms of the lease do not provide for such disclosure, disclosure shall be made in writing no later than the signing of the lease. Such disclosure requirement shall not apply to lessors or lessees in single or multifamily residential units for lease terms or less than two months.

C. If a licensee's relationship to a client or customer changes, the licensee shall disclose that fact in writing to all clients and customers already involved in the specific contemplated transaction.

D. Copies of any disclosures relative to fully executed purchase contracts shall be kept by the licensee for a period of three years as proof of having made such disclosure, whether or not such disclosure is acknowledged in writing to the party to whom such disclosure was shown or given.

E. (Effective July 1, 2007) A limited service representative shall also make the disclosure required by § 54.1-2138.1.

(1995, cc. 741, 813; 1997, cc. 86, 119; 2006, c. 627.)

§ 54.1-2138.1. (Effective July 1, 2007) Limited service representative, contract disclosure required.

A. A licensee may act as a limited service representative only pursuant to a written brokerage agreement in which the limited service representative (i) discloses that the licensee is acting as a limited service representative; (ii) provides a list of the specific services that the licensee will provide to the client; and (iii) provides a list of the specific duties of a standard agent set out in subdivision A 2 of § 54.1-2131, subdivision A 2 of § 54.1-2132, subdivision A 2 of § 54.1-2133, or subdivision A 2 of § 54.1-2134, as applicable, that the limited service representative will not provide to the client. Such disclosure shall be conspicuous and printed either in bold lettering or all capitals, and shall be underlined or in a separate box. In addition, a disclosure that contains language that complies substantially in effect with the following shall be deemed in compliance with this disclosure requirement:

B. A licensee engaged by one client to a transaction and dealing with an unrepresented party or with a party represented by a limited service representative and who, without additional compensation, provides such other party information relative to the transaction or undertakes to assist such other party in securing a contract or with such party's obligations thereunder, shall not

incur liability for such actions except in the case of gross negligence or willful misconduct. A licensee does not create a brokerage relationship by providing such assistance or information to the other party to the transaction. A licensee dealing with a client of a limited service representative may enter into an agreement with that party for payment of a fee for services performed or information provided by that licensee. Such payment shall not create a brokerage relationship; however, the licensee providing such services or information for a fee shall be held to the ordinary standard of care in the provision of such services or information.

(2006, c. 627.)

§ 54.1-2139. Disclosed dual or designated representation authorized.

A. A licensee may act as a dual representative only with the written consent of all clients to the transaction. Such written consent and disclosure of the brokerage relationship as required by this article shall be presumed to have been given as against any client who signs a disclosure as provided in this section.

B. Such disclosure may be given in combination with other disclosures or provided with other information, but if so, the disclosure must be conspicuous, printed in bold lettering, all capitals, underlined, or within a separate box. D. In any real estate transaction, a licensee may withdraw, without liability, from representing a client who refuses to consent to a disclosed dual representation thereby terminating the brokerage relationship with such client. Such withdrawal shall not prejudice the ability of the licensee to continue to represent the other client in the transaction nor to limit the licensee from representing the client who refused the dual representation in other transactions not involving dual representation.

E. A principal or supervising broker may assign different licensees affiliated with the broker as designated representatives to represent different clients in the same transaction to the exclusion of all other licensees in the firm. Use of such designated representatives shall not constitute dual representation if a designated representative is not representing more than one client in a particular real estate transaction; however, the principal or broker who is supervising the transaction shall be considered a dual representative as provided in this article. Designated representatives may not disclose, except to the affiliated licensee's broker, personal or financial information received from the clients during the brokerage relationship and any other information that the client requests during the brokerage relationship be kept confidential, unless otherwise provided for by law or the client consents in writing to the release of such information.

F. Use of designated representatives in a real estate transaction shall be disclosed in accordance with the provisions of this article. No licensee representing a buyer or tenant shall be deemed to have a brokerage relationship with a seller, landlord or other licensee solely by reason of using a common source information company. It shall be unlawful to sell or offer for sale in the Commonwealth any grave or entombment right in a cemetery and, in connection therewith, to represent to the public in any manner, express or implied, that the entire cemetery or any grave or entombment right therein will be perpetually cared for, unless adequate provision has been made for the perpetual care of the cemetery and all graves and entombment rights therein as to which such representation has been made.

Each cemetery company shall establish in a Virginia trust company or trust subsidiary or a federally insured bank or savings institution doing business in the Commonwealth, an irrevocable trust fund in the amount of at least \$50,000 before the first lot, parcel of land, burial or entombment right is sold. This fund shall be designated the perpetual care trust fund.

A. The trustee of the perpetual care trust fund shall be appointed by the person owning, operating, or developing a cemetery company. If the trustee is other than a Virginia trust company or trust subsidiary or a federally insured bank or savings institution doing business in the Commonwealth, the trustee shall be approved by the Board.

A trustee that is not a Virginia trust company or trust subsidiary or a federally insured bank or savings institution doing business in the Commonwealth shall apply to the Board for approval, and the Board shall approve the trustee when it has become satisfied that the applicant:

1. Employs and is directed by persons who are qualified by character, experience, and financial responsibility to care for and invest the funds of others;
2. Will perform its duties in a proper and legal manner and the trust funds and interest of the public generally will not be jeopardized; and
3. Is authorized to do business in the Commonwealth and has adequate facilities to perform its duties as trustee.

B. If the trustee is other than a Virginia trust company or trust subsidiary or a federally insured bank or savings institution doing business in the Commonwealth, the trustee shall furnish a fidelity bond with corporate surety thereon, payable to the trust established, which shall be designated "Perpetual Care Trust Fund for (name of cemetery company)," in a sum equal to not

C. If the trustee is other than a Virginia trust company or trust subsidiary or a federally insured bank or savings institution doing business in the Commonwealth and if it appears that an officer, director or employee of the trustee is dishonest, incompetent, or reckless in the management of a perpetual care trust fund, the Board may bring an action in the appropriate court to remove the trustee and to impound the property and business of the trustee as may be reasonably necessary to protect the trust funds.

(1998, cc. 708, 721.)

§ 54.1-2318. Application of Title 26.

Trustees appointed pursuant to this chapter shall be governed in their investment of trust funds by §§ 26-40 through 26-45.1, except as otherwise provided in this chapter.

§ 54.1-2319. Deposit in perpetual care trust fund required upon sale of graves, etc.

Each cemetery company shall deposit a minimum of ten percent of the receipts from the sale of graves and above-ground crypts and niches, excluding below-ground burial vaults, in cash in the perpetual care trust fund within thirty days after the close of the month in which such receipts are paid to it. If the purchaser's payment is made on an installment or deferred payment basis, the cemetery company shall have the option of paying ten percent of the amount of principal in each payment received into the perpetual care trust fund. If the cemetery company provides a grave or an above-ground crypt or niche without compensation, ten percent of the retail sales price shall be deposited within thirty days after the close of the month in which the property is provided to the consumer.

(1998, cc. 708, 721; 2000, c. 36.)

§ 54.1-2320. Additional deposit not required upon subsequent sale of same grave, crypt or niche.

If ten percent of the sales price of a grave or above-ground crypt or niche has been deposited in a perpetual care trust fund, no deposit shall be required on subsequent sales of the same grave, crypt or niche.

(1998, cc. 708, 721.)

§ 54.1-2321. Recovery of original perpetual care trust fund deposit.

Once the cemetery company has deposited in the perpetual care trust fund a sum equal to twice the amount of the original deposit, exclusive of the original deposit, the trustee shall allow the cemetery company to recover its original deposit by withholding the money that would otherwise be required to be deposited in the perpetual care trust fund until the amount of the original deposit is recovered. Once the cemetery company has recovered an amount equal to its original deposit, deposits to the perpetual care trust fund shall be resumed.

(1998, cc. 708, 721.)

§ 54.1-2322. Use of income from perpetual care trust fund.

8. A separate total of expenses incurred for general care and maintenance, embellishment and administration of its cemeteries.

B. The cemetery company shall employ an independent certified public accountant to audit and provide assurance that, with regard to the total of all receipts subject to § 54.1-2317, the report of the owner, operator or developer is true and correct and that the required deposits to the perpetual care trust fund have been made on a timely basis. Such audit shall provide full disclosure of any transactions between the perpetual care trust fund and any directors, officers, stockholders, or employees of the cemetery company, or relatives of the cemetery company's employees, and shall include a description of the transactions, the parties involved, the dates and amounts of the transactions, and the reasons for the transactions.

C. The information required to be filed hereunder with the Board shall be exempt from the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.).

(1998, cc. 708, 721; 2000, c. 36; 2004, c. 247.)

A. Each cemetery company shall deposit into a trust fund at least forty percent of the receipts from the sale of property or services purchased pursuant to a preneed burial contract, when the delivery thereof will be delayed more than 120 days from the initial payment on said contract. The cemetery company shall establish a special trust fund in a Virginia trust company or trust subsidiary or a federally insured bank or savings institution doing business in the Commonwealth. The trust shall bear the legend "Preneed Trust Account." Deposits are required to be made by the cemetery company within thirty days after the close of the month in which said receipts are paid to it.

B. If the purchaser's payment is made on an installment or deferred payment basis, the seller shall have the option of paying each payment received into the preneed trust account.

§ 54.1-2326. Who may serve as trustee of preneed trust fund.

A. The trustee of the preneed trust fund shall be appointed by the person owning, operating, or developing a cemetery company. If the trustee is other than a Virginia trust company or trust

subsidiary or a federally insured bank or savings institution doing business in the Commonwealth, the trustee shall be approved by the Board.

A trustee that is not a Virginia trust company or trust subsidiary or a federally insured bank or savings institution doing business in the Commonwealth shall apply to the Board for approval, and the Board shall approve the trustee when the Board has become satisfied that the applicant:

1. Employs and is directed by persons who are qualified by character, experience, and financial responsibility to care for and invest the funds of others;
2. Will perform its duties in a proper and legal manner and that the trust funds and interest of the public generally will not be jeopardized; and

A. Every cemetery company licensed pursuant to the provisions of this chapter shall furnish a written general price list and a written itemized statement of charges in connection with burial services provided by the cemetery company.

Individuals inquiring in person about burial arrangements or the prices of property or services shall be given the general price list. Upon beginning discussion of burial arrangements or the selection of any property or services, the general price list shall be offered by the cemetery company.

The itemized statement shall include, but not be limited to, the following charges: burial vaults or other burial receptacles, facilities used, and other professional services used, which shall be set forth in a clear and conspicuous manner.

The general price list and itemized statement of burial fees shall comply with forms prescribed by Board regulation, which regulations shall promote the purposes of this section.

B. No cemetery company licensed pursuant to the provisions of this chapter shall make any solicitation at-need or any preneed solicitation using in-person communication by the cemetery company, his agents, assistants or employees, which is false, misleading, or contrary to the stated purpose. However, general advertising and preneed solicitation shall be permitted.

(1998, cc. 708, 721.)

§ 54.1-2328. Requirements of preneed burial contracts.

A. It shall be unlawful for any person doing business within the Commonwealth to make, either directly or indirectly by any means, a preneed burial contract unless the contract:

1. Is made on forms prescribed by the Board and is written in clear, understandable language and printed in easy-to-read type, size and style;
2. Identifies the seller, seller's license number, contract buyer and person for whom the contract is purchased if other than the contract buyer;
3. Contains a complete description of the property or services purchased;
4. Clearly discloses whether the price of the property and services purchased is guaranteed;
5. States, for funds required to be trusted pursuant to § 54.1-2325, the amount to be trusted and the name of the trustee;
6. Contains the name, address and telephone number of the Board and lists the Board as the regulatory agency which handles consumer complaints;
7. Provides that any purchaser who makes payment under the contract may terminate the agreement within three days of execution and that such purchaser shall be refunded all consideration paid or delivered, less amounts paid for any property or supplies that have been delivered;
8. Provides that if the particular property or services specified in the contract are unavailable at the time of delivery, the seller shall be required to furnish property or services similar in size and style and at least equal in quality of material and workmanship and that the representative of the deceased shall have the right to choose the property or services to be substituted, which shall be at least equal or reasonably equivalent in quality of material, workmanship, and cost;

9. Discloses any additional costs that the purchaser may be required to pay at-need, including disclosure of the cost of opening and closing the grave;
10. Complies with all disclosure requirements imposed by the Board;

12. Provides that the contract buyer shall have the right to change the contract provider at any time prior to the furnishing of the property or services, excluding any mausoleum crypt or garden crypt, contracted for under the preneed burial contract. If the contract seller will not be furnishing the property and services to the purchaser, the contract seller shall attach to the preneed burial contract a copy of the seller's agreement with the provider.

B. Any preneed burial contract sold or offered by any cemetery company or agent with a trust fund deposit of less than 100 percent shall be required to include the following printed statement in capitalized letters, in ten-point, bold-faced type:

THIS PRENEED BURIAL CONTRACT REQUIRES THE PLACEMENT IN TRUST OF A MINIMUM OF 40% OF THE FUNDS INCLUDED IN THIS CONTRACT. THE BALANCE OF FUNDS MAY BE USED FOR CARE AND MAINTENANCE OF THE CEMETERY AND ARE NOT REQUIRED TO BE PLACED IN TRUST.

(1998, cc. 708, 721.)

(1998, cc. 708, 721.)

§ 54.1-2330. Specific funds and income to remain in preneed trust account; exception.

Specific funds shall remain intact until the property is delivered or services performed as specified in the contract. The net income from the preneed trust account, after payment of any appropriate trustee fees, commissions, and costs, shall remain in the account and be reinvested and compounded. Any trustee fees, commissions, and costs in excess of income shall be paid by the cemetery company and not from the trust. However, the trustee shall, as of the close of the cemetery company's fiscal year, upon written assurance to the trustee of a certified public accountant employed by the seller, return to the seller any income in the seller's account which, when added to the specific funds, is in excess of the current cost requirements for all undelivered property or services included in the seller's preneed burial contracts. The seller's cost

requirements shall be certified in its records by an affidavit sworn by the compliance agent and shall be determined by the seller as of the close of the cemetery company's fiscal year.

(1998, cc. 708, 721.)

§ 54.1-2331. Disbursement of trust funds upon performance of contract.

A. Upon performance of the preneed burial contract, the seller shall certify to the trustee by affidavit the amount of specific funds in the trust, identified to the contract performed, which the trustee shall pay to the seller. The seller may in its records itemize the property or services and the consideration paid or to be paid therefor, to which the deposit requirements of this chapter apply. In such case, the seller may, upon certification to the trustee of performance or delivery of such property or services and of the amount of specific trust funds identified in its records to such items, request disbursement of that portion of the specific funds deposited pursuant to the contract, which the trustee shall pay to the seller.

B. If the preneed contract provides for two or more persons, the seller may, at its option, designate in its records the consideration paid for each individual in the preneed burial contract. In such case, upon performance of that portion of the contract identified to a particular individual, the seller may request, by certification in the manner described above, the disbursement of trust funds applicable to that portion of the contract, which the trustee shall pay to the seller.

(1998, cc. 708, 721.)

§ 54.1-2332. Seller required to keep records.

Each seller of a preneed burial contract shall file with the Board at such time as the Board may prescribe, detailed accounts of all contracts and transactions regarding preneed burial contracts.

5. Forty percent of the total receipts required to be deposited in the preneed trust account;

7. If the trustee is other than a Virginia trust company or trust subsidiary or a federally insured bank or savings institution doing business in the Commonwealth, proof that the required fidelity bond has been secured and that it is in effect.

B. The cemetery company shall employ an independent certified public accountant to audit and provide assurance that 40 percent of the cash receipts from the sale of preneed property or services not to be delivered or performed within 120 days after receipt of the initial payment on account has been deposited in the account within 30 days after the close of the month in which the payment was received. Such audit shall provide full disclosure of any transactions between the preneed trust account and any directors, officers, stockholders, or employees of the cemetery company, or relatives of the cemetery company's employees, and shall include a description of the transactions, the parties involved, the dates and amounts of the transactions, and the reasons for the transactions.

C. The information required to be filed hereunder with the Board shall be exempt from the Government Data Collection and Dissemination Practices Act (§ 2.2-3800 et seq.).

(1998, cc. 708, 721; 2000, c. 36; 2004, c. 247.)

§ 54.1-2334. Inclusion of property and services to be delivered within 120 days.

Nothing in this chapter shall be deemed to prohibit the sale within the preneed burial contract of property or services to be delivered within 120 days after the receipt of the initial payment on account of such sale. Contracts may specify separately the total consideration paid or to be paid for preneed property or services not to be delivered or provided within 120 days after receipt of initial payment. If a contract does not so specify, the seller shall deposit forty percent of the total consideration for the entire contract.

(1998, cc. 708, 721.)

§ 54.1-2335. Breach of contract by seller; trust to be single purpose trust.

If, after a written request, the seller fails to perform its contractual duties, the purchaser, executor or administrator of the estate, or heirs, or assigns or duly authorized representative of the purchaser shall be entitled to maintain a proper legal or equitable action in any court of competent jurisdiction. No other purchaser need be made a party to or receive notice of any proceeding brought pursuant to this section relating to the performance of any other contract.

The trust shall be a single purpose trust, and the trust funds shall not be available to any creditors as assets of the seller.

(1998, cc. 708, 721.)

§ 54.1-2336. Trustee may rely on certifications and affidavits.

The trustee may rely upon all certifications and affidavits made pursuant to or required by the provisions of this chapter and shall not be liable to any person for such reasonable reliance.

(1998, cc. 708, 721.)

§ 54.1-2337. Transfer of trust funds to another trustee.

The seller may, upon notification in writing to the trustee, and upon such other terms and conditions as the agreement between them may specify, transfer its account funds to another trustee qualified under the provisions of this chapter. The trustee may, upon notification in writing to the seller, and upon such other terms and conditions as the agreement between them may specify, transfer the trust funds to another trustee qualified under the provisions of this chapter. No seller's account funds or trustee's trust funds may be transferred to another trustee unless the seller provides written notice at least five days prior to such transfer to the Board.

(1998, cc. 708, 721.)

§ 54.1-2338. Use of trustee's name in advertisements.

No person subject to the provisions of this chapter shall use the name of the trustee in any advertisement or other public solicitation without written permission of the trustee.

Within four years after the date of the first sale, a cemetery company or other seller of mausoleums and garden crypts shall be required to start construction or development of that undeveloped ground or section of a mausoleum or garden crypt in which sales, contracts for sales, or agreements for sales are being made. The construction or development of such undeveloped mausoleum section or garden crypt shall be completed within five years after the date of the first such sale. Completed construction shall be deemed performance for purposes of this chapter.

(1998, cc. 708, 721.)

§ 54.1-2340. Waiver of chapter void.

Any provision of any contract which purports to waive any provision of this chapter shall be void.

State and Local Government Conflict of Interests Act

§ 2.2-3100. Policy; application; construction.

The General Assembly, recognizing that our system of representative government is dependent in part upon (i) citizen legislative members representing fully the public in the legislative process and (ii) its citizens maintaining the highest trust in their public officers and employees, finds and declares that the citizens are entitled to be assured that the judgment of public officers and employees will be guided by a law that defines and prohibits inappropriate conflicts and requires disclosure of economic interests. To that end and for the purpose of establishing a single body of law applicable to all state and local government officers and employees on the subject of conflict of interests, the General Assembly enacts this State and Local Government Conflict of Interests Act so that the standards of conduct for such officers and employees may be uniform throughout the Commonwealth.

C. If disqualifications of officers or employees in accordance with this section leave less than the number required by law to act, the remaining member or members shall have authority to act for the agency by majority vote, unless a unanimous vote of all members is required by law, in which case authority to act shall require a unanimous vote of remaining members. Notwithstanding any provisions of this chapter to the contrary, members of a local governing body whose sole interest in any proposed sale, contract of sale, exchange, lease or conveyance is by virtue of their employment by a business involved in a proposed sale, contract of sale, exchange, lease or conveyance, and where such member's or members' vote is essential to a constitutional majority required pursuant to Article VII, Section 9 of the Constitution of Virginia and § 15.2-2100, such member or members of the local governing body may vote and participate in the deliberations of the governing body concerning whether to approve, enter into or execute such sale, contract of sale, exchange, lease or conveyance. 1. He shall advise the agencies of state government and officers and employees serving at the state level of government on appropriate procedures for complying with the requirements of this chapter. He may review any disclosure statements, without notice to the affected person, for the purpose of determining satisfactory compliance, and shall investigate matters that come to his attention reflecting possible violations of the provisions of this chapter by officers and employees serving at the state level of government;
2. If he determines that there is a reasonable basis to conclude that any officer or employee serving at the state level of government has knowingly violated any provision of this chapter, he shall designate an attorney for the Commonwealth who shall have complete and independent discretion in the prosecution of such officer or employee;
3. He shall render advisory opinions to any state officer or employee who seeks advice as to whether the facts in a particular case would constitute a violation of the provisions of this chapter. He shall determine which opinions or portions thereof are of general interest to the public and may, from time to time, be published.

Irrespective of whether an opinion of the Attorney General has been requested and rendered, any person has the right to seek a declaratory judgment or other judicial relief as provided by law.

B. The provisions of this chapter relating to an officer or employee serving at the local level of government shall be enforced by the attorney for the Commonwealth within the political subdivision for which he is elected.

Each attorney for the Commonwealth shall be responsible for prosecuting violations by an officer or employee serving at the local level of government and, if the Attorney General designates such attorney for the Commonwealth, violations by an officer or employee serving at the state level of government. In the event the violation by an officer or employee serving at the local level of government involves more than one local jurisdiction, the Attorney General shall designate which of the attorneys for the Commonwealth of the involved local jurisdictions shall enforce the provisions of this chapter with regard to such violation.

Each attorney for the Commonwealth shall establish an appropriate written procedure for implementing the disclosure requirements of local officers and employees of his county, city or town, and for other political subdivisions, whose principal offices are located within the jurisdiction served by such attorney for the Commonwealth. The attorney for the Commonwealth shall provide a copy of this act to all local officers and employees in the jurisdiction served by such attorney who are required to file a disclosure statement pursuant to Article 5 (§ 2.2-3113 et seq.) of this chapter.

Failure to receive a copy of the act shall not be a defense to such officers and employees if they are prosecuted for violations of the act.

Each attorney for the Commonwealth shall render advisory opinions as to whether the facts in a particular case would constitute a violation of the provisions of this chapter to the governing body and any local officer or employee in his jurisdiction and to political subdivisions other than a county, city or town, including regional political subdivisions whose principal offices are located within the jurisdiction served by such attorney for the Commonwealth. If the advisory opinion is written, then such written opinion shall be a public record and shall be released upon request. In case the opinion given by the attorney for the Commonwealth indicates that the facts would constitute a violation, the officer or employee affected thereby may request that the Attorney General review the opinion. A conflicting opinion by the Attorney General shall act to revoke the opinion of the attorney for the Commonwealth. The Attorney General shall determine which of his reviewing opinions or portions thereof are of general interest to the public and may, from time to time, be published.

Irrespective of whether an opinion of the attorney for the Commonwealth or the Attorney General has been requested and rendered, any person has the right to seek a declaratory judgment or other judicial relief as provided by law.

(1987, Sp. Sess., c. 1, § 2.1-639.23; 2001, c. 844; 2003, c. 694.)

B. State agencies may jointly conduct and state filers from more than one state agency may jointly attend an orientation course required by § 2.2-3128, as long as the course content is relevant to the official duties of the attending state filers.

C. Before conducting each orientation course required by § 2.2-3128, state agencies shall consult with the Attorney General regarding appropriate course content.

The petition shall state (i) the substance and purpose of the rulemaking that is requested, including reference to any applicable Virginia Administrative Code sections, and (ii) reference to the legal authority of the agency to take the action requested. Within 14 days of receiving a petition, the agency shall send a notice identifying the petitioner, the nature of the

petitioner's request and the agency's plan for disposition of the petition to the Registrar for publication in the Virginia Register of Regulations in accordance with the provisions of subsection B of § 2.2-4031. A 21-day period for acceptance of written public comment on the petition shall be provided after publication in the Virginia Register. The agency shall issue a written decision to grant or deny the petitioner's request within 90 days following the close of the comment period. However, if the rulemaking authority is vested in an entity that has not met within that 90-day period, the entity shall issue a written decision no later than 14 days after it next meets. The written decision issued by the agency shall include a statement of its reasons and shall be submitted to the Registrar for publication in the Virginia Register of Regulations. Agency decisions to initiate or not initiate rulemaking in response to petitions shall not be subject to judicial review.

B. In the case of all regulations, except those regulations exempted by § 2.2-4002, 2.2-4006, 2.2-4011, or 2.2-4012.1, an agency shall provide the Registrar of Regulations with a Notice of Intended Regulatory Action that describes the subject matter and intent of the planned regulation. An agency shall not file proposed regulations with the Registrar until the public comment period on the Notice of Intended Regulatory Action has closed.

C. Agencies shall state in the Notice of Intended Regulatory Action whether they plan to hold a public hearing on the proposed regulation after it is published. Agencies shall hold such public hearings if required by basic law. If the agency states an intent to hold a public hearing on the proposed regulation in the Notice of Intended Regulatory Action, then it shall hold the public hearing. If the agency states in its Notice of Intended Regulatory Action that it does not plan to hold a hearing on the proposed regulation, then no public hearing is required unless, prior to completion of the comment period specified in the Notice of Intended Regulatory Action (i) the Governor directs the agency to hold a public hearing or (ii) the agency receives requests for a public hearing from at least 25 persons.

D. Public participation guidelines for soliciting the input of interested parties in the formation and development of its regulations shall be developed, adopted and utilized by each agency pursuant to the provisions of this chapter. The guidelines shall set out any methods for the identification and notification of interested parties, and any specific means of seeking input from interested persons or groups that the agency intends to use in addition to the Notice of Intended Regulatory Action. The guidelines shall set out a general policy for the use of standing or ad hoc advisory panels and consultation with groups and individuals registering interest in working with the agency. Such policy shall address the circumstances in which the agency considers the panels or consultation appropriate and intends to make use of the panels or consultation.

E. In formulating any regulation, including but not limited to those in public assistance and social services programs, the agency pursuant to its public participation guidelines shall afford interested persons an opportunity to submit data, views, and arguments, either orally or in writing, to the agency or its specially designated subordinate. However, the agency may begin drafting the proposed regulation prior to or during any opportunities it provides to the public to submit comments.

F. In the case of all regulations, except those regulations exempted by § 2.2-4002, 2.2-4006, or 2.2-4011, the proposed regulation and general notice of opportunity for oral or written submittals as to that regulation shall be published in the Virginia Register of Regulations in accordance with the provisions of subsection B of § 2.2-4031. In addition, the agency may, in its discretion, (i) publish the notice in any newspaper and (ii) publicize the notice through press releases and such other media as will best serve the purpose and subject involved. The Register and any newspaper publication shall be made at least 60 days in advance of the last date prescribed in the notice for such submittals. All notices, written submittals, and transcripts, summaries or notations of oral presentations, as well as any agency action thereon, shall be matters of public record in the custody of the agency.

G. If an agency wishes to change a proposed regulation before adopting it as a final regulation, it may choose to publish a revised proposed regulation provided the latter is subject to a public comment period of at least 30 additional days and the agency complies in all other respects with this section.

H. Before delivering any proposed regulation under consideration to the Registrar as required in subsection I, the agency shall deliver a copy of that regulation to the Department of Planning and Budget. In addition to determining the public benefit, the Department of Planning and Budget in coordination with the agency, shall, within 45 days, prepare an economic impact analysis of the proposed regulation, as follows:

1. The economic impact analysis shall include, but need not be limited to, the projected number of businesses or other entities to whom the regulation would apply; the identity of any localities and types of businesses or other entities particularly affected by the regulation; the projected number of persons and employment positions to be affected; the impact of the regulation on the use and value of private property; and the projected costs to affected businesses, localities or entities to implement or comply with the regulations, including the estimated fiscal impact on such localities and sources of potential funds to implement and comply with such regulation; and

2. If the regulation may have an adverse effect on small businesses, the economic impact analysis shall also include (i) an identification and estimate of the number of small businesses subject to the regulation; (ii) the projected reporting, recordkeeping, and other administrative costs required for small businesses to comply with the regulation, including the type of professional skills necessary for preparing required reports and other documents; (iii) a statement of the probable effect of the regulation on affected small businesses; and (iv) a description of any less intrusive or less costly alternative methods of achieving the purpose of the regulation. As used in this subdivision, "small business" has the same meaning as provided in subsection A of § 2.2-4007.1.

Agencies shall provide the Department with such estimated fiscal impacts on localities and sources of potential funds. The Department may request the assistance of any other agency in preparing the analysis. The Department shall deliver a copy of the analysis to the agency drafting the regulation, which shall comment thereon as provided in subsection I, and a copy to the Registrar for publication with the proposed regulation. No regulation shall be promulgated for

consideration pursuant to subsection I until the impact analysis has been received by the Registrar. For purposes of this section, the term "locality, business, or entity particularly affected" means any locality, business, or entity that bears any identified disproportionate material impact that would not be experienced by other localities, businesses, or entities. The analysis shall represent the Department's best estimate for the purposes of public review and comment on the proposed regulation. The accuracy of the estimate shall in no way affect the validity of the regulation, nor shall any failure to comply with or otherwise follow the procedures set forth in this subsection create any cause of action or provide standing for any person under Article 5 (§ 2.2-4025 et seq.) of this chapter or otherwise to challenge the actions of the Department hereunder or the action of the agency in adopting the proposed regulation.

I. Before promulgating any regulation under consideration, the agency shall deliver a copy of that regulation to the Registrar together with a summary of the regulation and a separate and concise statement of (i) the basis of the regulation, defined as the statutory authority for promulgating the regulation, including an identification of the section number and a brief statement relating the content of the statutory authority to the specific regulation proposed; (ii) the purpose of the regulation, defined as the rationale or justification for the new provisions of the regulation, from the standpoint of the public's health, safety or welfare; (iii) the substance of the regulation, defined as the identification and explanation of the key provisions of the regulation that make changes to the current status of the law; (iv) the issues of the regulation, defined as the primary advantages and disadvantages for the public, and as applicable for the agency or the state, of implementing the new regulatory provisions; and (v) the agency's response to the economic impact analysis submitted by the Department of Planning and Budget pursuant to subsection H. Any economic impact estimate included in the agency's response shall represent the agency's best estimate for the purposes of public review and comment, but the accuracy of the estimate shall in no way affect the validity of the regulation. Staff as designated by the Code Commission shall review proposed regulation submission packages to ensure the requirements of this subsection are met prior to publication of the proposed regulation in the Register. The summary; the statement of the basis, purpose, substance, and issues; the economic impact analysis; and the agency's response shall be published in the Virginia Register of Regulations, together with the notice of opportunity for oral or written submittals on the proposed regulation.

J. When an agency formulating regulations in public assistance and social services programs cannot comply with the public comment requirements of subsection F due to time limitations imposed by state or federal laws or regulations for the adoption of such regulation, the Secretary of Health and Human Resources may shorten the time requirements of subsection F. If, in the Secretary's sole discretion, such time limitations reasonably preclude any advance published notice, he may waive the requirements of subsection F. However, the agency shall, as soon as practicable after the adoption of the regulation in a manner consistent with the requirements of subsection F, publish notice of the promulgation of the regulation and afford an opportunity for public comment. The precise factual basis for the Secretary's determination shall be stated in the published notice.

K. If one or more changes with substantial impact are made to a proposed regulation from the time that it is published as a proposed regulation to the time it is published as a final regulation, any person may petition the agency within 30 days from the publication of the final regulation to request an opportunity for oral and written submittals on the changes to the regulation. If the agency receives requests from at least 25 persons for an opportunity to submit oral and written comments on the changes to the regulation, the agency shall (i) suspend the regulatory process for 30 days to solicit additional public comment and (ii) file notice of the additional 30-day public comment period with the Registrar of Regulations, unless the agency determines that the changes made are minor or inconsequential in their impact. The comment period, if any, shall begin on the date of publication of the notice in the Register. Agency denial of petitions for a comment period on changes to the regulation shall be subject to judicial review.

L. In no event shall the failure to comply with the requirements of subsection F be deemed mere harmless error for the purposes of § 2.2-4027.

M. This section shall not apply to the issuance by the State Air Pollution Control Board of variances to its regulations.

§ 2.2-4007.1. Regulatory flexibility for small businesses; periodic review of regulations.

A. As used in this section, "small business" means a business entity, including its affiliates, that (i) is independently owned and operated and (ii) employs fewer than 500 full-time employees or has gross annual sales of less than \$6 million.

B. In addition to the requirements of § 2.2-4007, prior to the adoption of any proposed regulation, the agency proposing a regulation shall prepare a regulatory flexibility analysis in which the agency shall consider utilizing alternative regulatory methods, consistent with health, safety, environmental, and economic welfare, that will accomplish the objectives of applicable law while minimizing the adverse impact on small businesses. The agency shall consider, at a minimum, each of the following methods of reducing the effects of the proposed regulation on small businesses:

1. The establishment of less stringent compliance or reporting requirements;
2. The establishment of less stringent schedules or deadlines for compliance or reporting requirements;
3. The consolidation or simplification of compliance or reporting requirements;
4. The establishment of performance standards for small businesses to replace design or operational standards required in the proposed regulation; and

5. The exemption of small businesses from all or any part of the requirements contained in the proposed regulation.

C. Prior to the adoption of any proposed regulation that may have an adverse effect on small businesses, each agency shall notify the Joint Commission on Administrative Rules of its intent to adopt the proposed regulation. The Joint Commission on Administrative Rules shall advise and assist agencies in complying with the provisions of this section.

D. In addition to the requirements of § 2.2-4017, on or before July 1, 2009, an agency shall review its existing regulations to determine whether they should be continued without change or be amended or repealed, consistent with the stated objectives of applicable law, to minimize the economic impact of regulations on small businesses. If an agency head determines that completion of the review of existing regulations is not feasible by July 1, 2009, that agency shall publish a statement certifying that determination. An agency may extend the date required by this subsection in increments of one year, not to exceed a total of five years.

E. In addition to other requirements of § 2.2-4017, all final regulations adopted after July 1, 2005, shall be reviewed every five years to ensure that they minimize the economic impact on small businesses in a manner consistent with the stated objectives of applicable law.

F. The regulatory review required by this section shall include consideration of:

1. The continued need for the rule;
2. The nature of complaints or comments received concerning the regulation from the public;
3. The complexity of the regulation;
4. The extent to which the regulation overlaps, duplicates, or conflicts with federal or state law or regulation; and
5. The length of time since the regulation has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the regulation.

(2005, cc. 619, 682.)

§ 2.2-4008. Availability of guidance documents.

It shall be the duty of every agency to annually file with the Registrar for publication in the Virginia Register of Regulations a list of any guidance documents upon which the agency currently relies. The filing shall be made on or before January 1 of each year in a format to be developed by the Registrar. Each agency shall also (i) maintain a complete list of all of its currently operative guidance documents and make the list available for public inspection, (ii) make available for public inspection the full texts of all guidance documents to the extent inspection is permitted by

law, and (iii) upon request, make copies of such lists or guidance documents available without charge, at cost, or on payment of a reasonable fee.

(1997, c. 11, § 9-6.14:7.2; 2001, c. 844.)

§ 2.2-4009. Evidentiary hearings on regulations.

Where an agency proposes to consider the exercise of authority to promulgate a regulation, it may conduct or give interested persons an opportunity to participate in a public evidentiary proceeding; and the agency shall always do so where the basic law requires a hearing. Evidentiary hearings may be limited to the trial of factual issues directly related to the legal validity of the proposed regulation in any of the relevant respects outlined in § 2.2-4027 of this chapter.

General notice of the proceedings shall be published as prescribed in § 2.2-4007. In addition, where the proposed regulation is to be addressed to named persons, the latter shall also be given the same notice individually by mail or otherwise if acknowledged in writing. The proceedings may be conducted separately from, and in any event the record thereof shall be separate from, any other or additional proceedings the agency may choose or be required to conduct for the reception of general data, views, and argument pursuant to § 2.2-4007 or otherwise. Any probative evidence may be received except that the agency shall as a matter of efficiency exclude irrelevant, immaterial, insubstantial, privileged, or repetitive proofs, and may deny rebuttal, or cross-examination. Testimony may be admitted in written form provided those who have prepared it are made available for examination in person.

The agency or one or more of its subordinates specially designated for the purpose shall preside at the taking of evidence and may administer oaths and affirmations. The proceedings shall be recorded verbatim and the record thereof shall be made available to interested persons for transcription at their expense or, if transcribed by or for the agency, for inspection or purchase at cost.

Where subordinates preside at the taking of the evidence, they shall report their recommendations and proposed findings and conclusions that shall be made available upon request to the participants in the taking of evidence as well as other interested persons and serve as a basis for exceptions, briefs, or oral argument to the agency itself. Whether or not subordinates take the evidence, after opportunity for the submittal of briefs on request and such oral argument as may be scheduled, the agency may settle the terms of the regulation and shall promulgate it only upon (i) its findings of fact based upon the record of evidence made pursuant to this section and facts of which judicial notice may be taken, (ii) statements of basis and purpose as well as comment upon data received in any informational proceedings held under § 2.2-4007 and (iii) the conclusions required by the terms of the basic law under which the agency is operating.

(1975, c. 503, § 9-6.14:8; 1985, c. 602; 2001, c. 844.)

§ 2.2-4010. Pilot programs for regulations imposing local government mandates.

Where an agency proposes to consider the exercise of authority to promulgate a regulation that will impose a statewide mandate on the Commonwealth's localities, the agency shall consider, where appropriate, implementing the regulation on a limited basis with a representative number of localities. An agency may use such a pilot program to determine the effectiveness or impact of proposed regulations prior to statewide adoption.

(1993, c. 168, § 9-6.14:8.1; 2001, c. 844.)

§ 2.2-4011. Emergency regulations; publication; exceptions.

A. Regulations that an agency finds are necessitated by an emergency situation. For the purposes of this subsection, "emergency situation" means a situation (i) involving an imminent threat to public health or safety or (ii) in which Virginia statutory law or the appropriation act or federal law or federal regulation requires that a regulation be effective in 280 days or less from its enactment, and the regulation is not exempt under the provisions of subdivision A. 4. of § 2.2-4006. In such cases, the agency shall state in writing the nature of the emergency and of the necessity for such action and may adopt the regulations. Pursuant to § 2.2-4012, such regulations shall become effective upon approval by the Governor and filing with the Registrar of Regulations. The regulations shall be limited to no more than twelve months in duration. During the twelve-month period, an agency may issue additional emergency regulations as needed addressing the subject matter of the initial emergency regulation, but any such additional emergency regulations shall not be effective beyond the twelve-month period from the effective date of the initial emergency regulation. If the agency wishes to continue regulating the subject matter governed by the emergency regulation beyond the twelve-month limitation, a regulation to replace the emergency regulation shall be promulgated in accordance with this article. The Notice of Intended Regulatory Action to promulgate a replacement regulation shall be filed with the Registrar within sixty days of the effective date of the emergency regulation and published as soon as practicable, and the proposed replacement regulation shall be filed with the Registrar within 180 days after the effective date of the emergency regulation and published as soon as practicable.

B. Emergency regulations shall be published as soon as practicable in the Register.

C. The Regulations of the Marine Resources Commission shall be excluded from the provisions of this section.

§ 2.2-4012. Purpose; adoption; effective date; filing; duties of Registrar of Regulations.

A. The purpose of the regulatory procedures shall be to provide a regulatory plan that is predictable, based on measurable and anticipated outcomes, and is inclined toward conflict resolution.

B. Subject to the provisions of §§ 2.2-4013 and 2.2-4014, all regulations, including those that agencies, pursuant to §§ 2.2-4002, 2.2-4006, or § 2.2-4011, may elect to dispense with the public procedures provided by §§ 2.2-4007 and 2.2-4009, may be formally and finally adopted by the signed order of the agency so stating. No regulation except an emergency regulation or a noncontroversial regulation promulgated pursuant to § 2.2-4012.1 shall be effective until the expiration of the applicable period as provided in § 2.2-4015. In the case of an emergency regulation filed in accordance with § 2.2-4011, the regulation shall become effective upon its adoption and filing with the Registrar of Regulations, unless a later date is specified. The originals of all regulations shall remain in the custody of the agency as public records subject to judicial notice by all courts and agencies. They, or facsimiles thereof, shall be made available for public inspection or copying. Full and true copies shall also be additionally filed, registered, published, or otherwise made publicly available as required by other laws.

C. Prior to the publication for hearing of a proposed regulation, copies of the regulation and copies of the summary and statement as to the basis, purpose, substance, issues, and the economic impact estimate of the regulation submitted by the Department of Planning and Budget and the agency's response thereto as required by § 2.2-4007 shall be transmitted to the Registrar of Regulations, who shall retain these documents.

D. All regulations adopted pursuant to this chapter shall contain a citation to the section of the Code of Virginia that authorizes or requires the regulations and, where the regulations are required to conform to federal law or regulation in order to be valid, a citation to the specific federal law or regulation to which conformity is required.

E. Immediately upon the adoption by any agency of any regulation in final form, a copy of (i) the regulation, (ii) a then current summary and statement as to the basis, purpose, substance, issues, and the economic impact estimate of the regulation submitted by the Department of Planning and Budget, and (iii) the agency's summary description of the nature of the oral and written data, views, or arguments presented during the public proceedings and the agency's comments thereon shall be transmitted to the Registrar of Regulations, who shall retain these documents as permanent records and make them available for public inspection. A draft of the agency's summary description of public comment shall be sent by the agency to all public commenters on the proposed regulation at least five days before final adoption of the regulation.

(1975, c. 503, § 9-6.14:9; 1977, cc. 450, 459; 1981, c. 387; 1982, c. 425; 1983, c. 295; 1984, c. 5; 1989, c. 71; 1992, c. 829; 1993, c. 898; 1994, c. 938; 2001, c. 844; 2003, c. 224.)

§ 2.2-4012.1. Fast-track rulemaking process.

Notwithstanding any other provision, rules that are expected to be noncontroversial may be promulgated in accordance with the process set out in this section. With the concurrence of the Governor, and after written notice to the applicable standing committees of the Senate of Virginia and the House of Delegates, and to the Joint Commission on Administrative Rules, the agency may submit a fast-track regulation without having previously published a Notice of Intended Regulatory Action. The fast-track regulation shall be subject to the requirements set out in subsections F, H, and I of § 2.2-4007, and shall be published in the Virginia Register of Regulations along with an agency statement setting out the reasons for using the fast-track rulemaking process. If an objection to the use of the fast-track process is received within the public comment period from 10 or more persons, any member of the applicable standing committee of either house of the General Assembly or of the Joint Commission on Administrative Rules, the agency shall (i) file notice of the objection with the Registrar of Regulations for publication in the Virginia Register, and (ii) proceed with the normal promulgation process set out in this article with the initial publication of the fast-track regulation serving as the Notice of Intended Regulatory Action. Otherwise, the regulation will become effective 15 days after the close of the comment period, unless the regulation is withdrawn or a later effective date is specified by the agency.

(2003, c. 224.)

§ 2.2-4013. Executive review of proposed and final regulations; changes with substantial impact.

A. The Governor shall adopt and publish procedures by executive order for review of all proposed regulations governed by this chapter by June 30 of the year in which the Governor takes office. The procedures shall include (i) review by the Attorney General to ensure statutory authority for the proposed regulations; and (ii) examination by the Governor to determine if the proposed regulations are (a) necessary to protect the public health, safety and welfare and (b) clearly written and easily understandable. The procedures may also include review of the proposed regulation by the appropriate Cabinet Secretary.

The Governor shall transmit his comments, if any, on a proposed regulation to the Registrar and the agency no later than fifteen days following the completion of the public comment period provided for in § 2.2-4007. The Governor may recommend amendments or modifications to any regulation that would bring that regulation into conformity with statutory authority or state or federal laws, regulations or judicial decisions.

Not less than fifteen days following the completion of the public comment period provided for in § 2.2-4007, the agency may (i) adopt the proposed regulation if the Governor has no objection to the regulation; (ii) modify and adopt the proposed regulation after considering and incorporating the Governor's objections or suggestions, if any; or (iii) adopt the regulation without changes despite the Governor's recommendations for change.

B. Upon final adoption of the regulation, the agency shall forward a copy of the regulation to the Registrar of Regulations for publication as soon as practicable in the Register. All changes to the proposed regulation shall be highlighted in the final regulation, and substantial changes to the proposed regulation shall be explained in the final regulation.

C. If the Governor finds that one or more changes with substantial impact have been made to the proposed regulation, he may require the agency to provide an additional thirty days to solicit additional public comment on the changes by transmitting notice of the additional public comment period to the agency and to the Registrar within the thirty-day adoption period described in subsection D, and publishing the notice in the Register. The additional public comment period required by the Governor shall begin upon publication of the notice in the Register.

D. A thirty-day final adoption period for regulations shall commence upon the publication of the final regulation in the Register. The Governor may review the final regulation during this thirty-day final adoption period and if he objects to any portion or all of a regulation, the Governor may file a formal objection to the regulation, suspend the effective date of the regulation in accordance with subsection B of § 2.2-4014, or both.

If the Governor files a formal objection to the regulation, he shall forward his objections to the Registrar and agency prior to the conclusion of the thirty-day final adoption period. The Governor shall be deemed to have acquiesced to a promulgated regulation if he fails to object to it or if he fails to suspend the effective date of the regulation in accordance with subsection B of § 2.2-4014 during the thirty-day final adoption period. The Governor's objection, or the suspension of the regulation, or both if applicable, shall be published in the Register.

A regulation shall become effective as provided in § 2.2-4015.

E. This section shall not apply to the issuance by the State Air Pollution Control Board of variances to its regulations.

(1984, c. 5, § 9-6.14:9.1; 1993, cc. 551, 772, 898; 1995, cc. 25, 736; 2001, c. 844.)

§ 2.2-4014. Legislative review of proposed and final regulations.

A. After publication of the Register pursuant to § 2.2-4031, the standing committee of each house of the General Assembly to which matters relating to the content of the regulation are most properly referable or the Joint Commission on Administrative Rules may meet and, during the promulgation or final adoption process, file with the Registrar and the promulgating agency an objection to a proposed or final adopted regulation. The Registrar shall publish any such objection received by him as soon as practicable in the Register. Within 21 days after the receipt by the promulgating agency of a legislative objection, that agency shall file a response with the Registrar, the objecting legislative committee or the Joint Commission on Administrative Rules, and the Governor. If a legislative objection is filed within the final adoption period, subdivision A 1 of § 2.2-4015 shall govern.

B. In addition or as an alternative to the provisions of subsection A, the standing committee of both houses of the General Assembly to which matters relating to the content are most properly referable or the Joint Commission on Administrative Rules may suspend the effective date of any portion or all of a final regulation with the Governor's concurrence. The Governor and (i) the applicable standing committee of each house or (ii) the Joint Commission on Administrative Rules may direct, through a statement signed by a majority of their respective members and by the Governor, that the effective date of a portion or all of the final regulation is suspended and shall not take effect until the end of the next regular legislative session. This statement shall be transmitted to the promulgating agency and the Registrar within the 30-day adoption period, and shall be published in the Register.

If a bill is passed at the next regular legislative session to nullify a portion but not all of the regulation, then the promulgating agency (i) may promulgate the regulation under the provision of subdivision A 4 a of § 2.2-4006, if it makes no changes to the regulation other than those required by statutory law or (ii) shall follow the provisions of § 2.2-4007, if it wishes to also make discretionary changes to the regulation. If a bill to nullify all or a portion of the suspended regulation, or to modify the statutory authority for the regulation, is not passed at the next regular legislative session, then the suspended regulation shall become effective at the conclusion of the session, unless the suspended regulation is withdrawn by the agency.

C. A regulation shall become effective as provided in § 2.2-4015.

D. This section shall not apply to the issuance by the State Air Pollution Control Board of variances to its regulations.

(1984, c. 5, § 9-6.14:9.2; 1993, cc. 551, 772; 2001, c. 844; 2002, c. 677; 2003, c. 212; 2004, c. 777.)

§ 2.2-4015. Effective date of regulation; exception.

A. A regulation adopted in accordance with this chapter and the Virginia Register Act (§ 2.2-4100 et seq.) shall become effective at the conclusion of the thirty-day final adoption period provided for in subsection D of § 2.2-4013, or any other later date specified by the agency, unless:

1. A legislative objection has been filed in accordance with § 2.2-4014, in which event the regulation, unless withdrawn by the agency, shall become effective on a date specified by the agency that shall be after the expiration of the applicable twenty-one-day extension period provided in § 2.2-4014;

2. The Governor has exercised his authority in accordance with § 2.2-4013 to require the agency to provide for additional public comment, in which event the regulation, unless withdrawn by the agency, shall become effective on a date specified by the agency that shall be after the period for which the Governor has provided for additional public comment;

3. The Governor and (i) the appropriate standing committees of each house of the General Assembly or (ii) the Joint Commission on Administrative Rules have exercised their authority in accordance with subsection B of § 2.2-4014 to suspend the effective date of a regulation until the end of the next regular legislative session; or

4. The agency has suspended the regulatory process in accordance with subsection K of § 2.2-4007, or for any reason it deems necessary or appropriate, in which event the regulation, unless withdrawn by the agency, shall become effective in accordance with subsection B.

B. Whenever the regulatory process has been suspended for any reason, any action by the agency that either amends the regulation or does not amend the regulation but specifies a new effective date shall be considered a readoption of the regulation for the purposes of appeal. If the regulation is suspended under subsection K of § 2.2-4007, such readoption shall take place after the thirty-day public comment period required by that subsection. Suspension of the regulatory process by the agency may occur simultaneously with the filing of final regulations as provided in subsection B of § 2.2-4013.

When a regulation has been suspended, the agency must set the effective date no earlier than fifteen days from publication of the readoption action and any changes made to the regulation. During that fifteen-day period, if the agency receives requests from at least twenty-five persons for the opportunity to comment on new substantial changes, it shall again suspend the regulation pursuant to subsection K of § 2.2-4007.

C. This section shall not apply to the issuance by the State Air Pollution Control Board of variances to its regulations.

(1984, c. 5, § 9-6.14:9.3; 1993, cc. 551, 772, 898; 1995, c. 25; 2001, c. 844; 2002, cc. 391, 677; 2004, c. 777.)

§ 2.2-4016. Withdrawal of regulation.

Nothing in this chapter shall prevent any agency from withdrawing any regulation at any time prior to the effective date of that regulation. A regulation may be repealed after its effective date only in accordance with the provisions of this chapter that govern the adoption of regulations.

(1984, c. 5, § 9-6.14:9.4; 1985, c. 602; 2001, c. 844.)

§ 2.2-4017. Periodic review of regulations.

Each Governor shall mandate through executive order a procedure for periodic review during that Governor's administration of regulations of agencies within the executive branch of state government. The procedure shall include (i) a review by the Attorney General to ensure statutory authority for regulations and (ii) a determination by the Governor whether the regulations are (a) necessary for the protection of public health, safety and welfare and (b) clearly written and easily understandable.

The Governor may require each agency (i) to review all regulations promulgated by that agency to determine whether new regulations should be adopted and old regulations amended or repealed, and (ii) to prepare a written report summarizing the agency's findings about its regulations, its reasons for its findings and any proposed course of action.

(1984, c. 5, § 9-6.14:25; 2001, c. 844.)

§ 2.2-4018. Exemptions from operation of Article 3.

The following agency actions otherwise subject to this chapter shall be exempted from the operation of this article.

1. The assessment of taxes or penalties and other rulings in individual cases in connection with the administration of the tax laws.
2. The award or denial of claims for workers' compensation.
3. The grant or denial of public assistance or social services.
4. Temporary injunctive or summary orders authorized by law.
5. The determination of claims for unemployment compensation or special unemployment.
6. The suspension of any license, certificate, registration or authority granted any person by the Department of Health Professions or the Department of Professional and Occupational Regulation for the dishonor, by a bank or financial institution named, of any check, money draft or similar instrument used in payment of a fee required by statute or regulation.
7. The determination of accreditation or academic review status of a public school or public school division or approval by the Board of Education of a school division corrective action plan required by § 22.1-253.13:3.

(1985, c. 602, § 9-6.14:4.1; 1986, c. 615; 1987, cc. 375, 652; 1988, cc. 364, 424, 498, 723, 765, 820; 1989, cc. 54, 299, 478; 1990, cc. 721, 968; 1991, cc. 80, 294, 344; 1992, cc. 200, 409, 488, 592, 793; 1993, cc. 537, 669, 898; 1994, cc. 237, 577, 649, 740, 743, 801; 1995, cc. 103, 499, 516; 1996, cc. 51, 152, 158, 189, 205, 279, 320, 345, 573, 590, 598, 638, 705, 735, 818, 1012; 1997, cc. 87, 88, 109, 212, 390, 439, 567, 624, 785, 806, 845, 850, 861, 868; 1998, cc. 39, 619, 784; 1999, cc. 412, 421, 433, 603; 2000, cc. 382, 400, 924, 1011; 2001, c. 844; 2002, c. 747; 2004, c. 965.)

§ 2.2-4019. Informal fact finding proceedings.

A. Agencies shall ascertain the fact basis for their decisions of cases through informal conference or consultation proceedings unless the named party and the agency consent to waive such a conference or proceeding to go directly to a formal hearing. Such conference-consultation procedures shall include rights of parties to the case to (i) have reasonable notice thereof, (ii)

appear in person or by counsel or other qualified representative before the agency or its subordinates, or before a hearing officer for the informal presentation of factual data, argument, or proof in connection with any case, (iii) have notice of any contrary fact basis or information in the possession of the agency that can be relied upon in making an adverse decision, (iv) receive a prompt decision of any application for a license, benefit, or renewal thereof, and (v) be informed, briefly and generally in writing, of the factual or procedural basis for an adverse decision in any case.

B. Agencies may, in their case decisions, rely upon public data, documents or information only when the agencies have provided all parties with advance notice of an intent to consider such public data, documents or information. This requirement shall not apply to an agency's reliance on case law and administrative precedent.

(1975, c. 503, § 9-6.14:11; 1986, c. 615; 1989, c. 601; 1993, c. 898; 1994, c. 748; 1995, c. 398; 2001, c. 844.)

§ 2.2-4020. Formal hearings; litigated issues.

A. The agency shall afford opportunity for the formal taking of evidence upon relevant fact issues in any case in which the basic laws provide expressly for decisions upon or after hearing and may do so in any case to the extent that informal procedures under § 2.2-4019 have not been had or have failed to dispose of a case by consent.

B. Parties to formal proceedings shall be given reasonable notice of the (i) time, place, and nature thereof, (ii) basic law under which the agency contemplates its possible exercise of authority, and (iii) matters of fact and law asserted or questioned by the agency. Applicants for licenses, rights, benefits, or renewals thereof have the burden of approaching the agency concerned without such prior notice but they shall be similarly informed thereafter in the further course of the proceedings whether pursuant to this section or to § 2.2-4019.

C. In all such formal proceedings the parties shall be entitled to be accompanied by and represented by counsel, to submit oral and documentary evidence and rebuttal proofs, to conduct such cross-examination as may elicit a full and fair disclosure of the facts, and to have the proceedings completed and a decision made with dispatch. The burden of proof shall be upon the proponent or applicant. The presiding officers at the proceedings may (i) administer oaths and affirmations, (ii) receive probative evidence, exclude irrelevant, immaterial, insubstantial, privileged, or repetitive proofs, rebuttal, or cross-examination, rule upon offers of proof, and oversee a verbatim recording of the evidence, (iii) hold conferences for the settlement or simplification of issues by consent, (iv) dispose of procedural requests, and (v) regulate and expedite the course of the hearing. Where a hearing officer presides, or where a subordinate designated for that purpose presides in hearings specified in subsection F of § 2.2-4024, he shall recommend findings and a decision unless the agency shall by its procedural regulations provide for the making of findings and an initial decision by the presiding officers subject to review and

reconsideration by the agency on appeal to it as of right or on its own motion. The agency shall give deference to findings by the presiding officer explicitly based on the demeanor of witnesses.

D. Prior to the recommendations or decisions of subordinates, the parties concerned shall be given opportunity, on request, to submit in writing for the record (i) proposed findings and conclusions and (ii) statements of reasons therefor. In all cases, on request, opportunity shall be afforded for oral argument (i) to hearing officers or subordinate presiding officers, as the case may be, in all cases in which they make such recommendations or decisions or (ii) to the agency in cases in which it makes the original decision without such prior recommendation and otherwise as it may permit in its discretion or provide by general rule. Where hearing officers or subordinate presiding officers, as the case may be, make recommendations or decisions, the agency shall receive and act on exceptions thereto.

E. All decisions or recommended decisions shall be served upon the parties, become a part of the record, and briefly state or recommend the findings, conclusions, reasons, or basis therefor upon the evidence presented by the record and relevant to the basic law under which the agency is operating together with the appropriate order, license, grant of benefits, sanction, relief, or denial thereof.

(1975, c. 503, § 9-6.14:12; 1986, c. 615; 1991, c. 584; 1993, c. 898; 1995, c. 398; 2001, c. 844.)

§ 2.2-4020.1. Summary case decisions.

A. Any person who has (i) applied for a permit, certificate, or license from an agency or (ii) received written notice of a potential violation from an agency may request a summary case decision from the agency. The request for a summary case decision shall be in writing, signed by or on behalf of the requestor, and be submitted to the agency secretary as defined by the Rules of the Supreme Court of Virginia. The request shall include:

1. A statement that no material facts are in dispute;
2. A proposed stipulation of all such undisputed material facts concerning the application or notice;
3. A clear and concise statement of the questions of law to be decided by summary case decision; and
4. A statement that the requestor waives his right to any other administrative proceeding provided in this article by the agency on the questions of law to be decided by summary case decision.

B. Within 21 days of receipt of a complete request for summary case decision, the agency shall determine whether the matter in dispute properly may be decided by summary case decision and shall promptly notify the requestor of its determination in writing. If a request for summary case decision is not complete, the agency may request additional specific information from the requestor. The agency shall decide the matter by summary case decision if it determines that

there are no disputed issues of material fact. However, if (i) an informal fact-finding proceeding as provided in § 2.2-4019, a formal hearing as provided in § 2.2-4020, or other proceeding authorized by the agency's basic law concerning the application or notice has been scheduled, the requestor has been notified, and the issues that are the subject of such proceeding or hearing include questions that are the subject of the request for summary case decision or (ii) the matter must be decided through any public participation requirements under this chapter or the agency's basic law, the agency shall not be required to decide the matter by summary case decision.

C. Denial of a request for summary case decision shall not be subject to judicial review in accordance with this chapter and the Rules of the Supreme Court of Virginia, and shall not prejudice any rights the requestor has or may have under this chapter or the agency's basic law. Nothing in this article shall prevent an agency from consolidating the summary case decision proceeding into, or proceeding with, a separate informal fact-finding proceeding, formal hearing, or other proceeding authorized by the agency's basic law concerning the matter in question.

D. Upon granting a request for summary case decision, the agency shall establish a schedule for the parties to submit briefs on the questions of law in dispute and may, by agreement of the parties, provide for oral argument.

E. All decisions or recommended decisions shall be served on the requestor, become a part of the record, and briefly state or recommend the findings, conclusions, reasons, or basis therefor upon the evidence contained in the record and relevant to the basic law under which the agency is operating, together with the appropriate order, license, grant of benefits, sanction, relief, or denial thereof.

(2006, c. 702.)

§ 2.2-4021. Timetable for decision; exemptions.

A. In cases where a board or commission meets to render (i) an informal fact-finding decision or (ii) a decision on a litigated issue, and information from a prior proceeding is being considered, persons who participated in the prior proceeding shall be provided an opportunity to respond at the board or commission meeting to any summaries of the prior proceeding prepared by or for the board or commission.

B. In any informal fact-finding, formal proceeding, or summary case decision proceeding in which a hearing officer is not used or is not empowered to recommend a finding, the board, commission, or agency personnel responsible for rendering a decision shall render that decision within 90 days from the date of the informal fact-finding, formal proceeding, or completion of a summary case decision proceeding, or from a later date agreed to by the named party and the agency. If the agency does not render a decision within 90 days, the named party to the case decision may provide written notice to the agency that a decision is due. If no decision is made within 30 days from agency receipt of the notice, the decision shall be deemed to be in favor of the named party. The preceding sentence shall not apply to case decisions before (i) the State Water Control Board

or the Department of Environmental Quality to the extent necessary to comply with the federal Clean Water Act, (ii) the State Air Pollution Control Board or the Department of Environmental Quality to the extent necessary to comply with the federal Clean Air Act, or (iii) the Virginia Soil and Water Conservation Board or the Department of Conservation and Recreation to the extent necessary to comply with the federal Clean Water Act. An agency shall provide notification to the named party of its decision within five days of the decision.

C. In any informal fact-finding, formal proceeding, or summary case decision proceeding in which a hearing officer is empowered to recommend a finding, the board, commission, or agency personnel responsible for rendering a decision shall render that decision within 30 days from the date that the agency receives the hearing officer's recommendation. If the agency does not render a decision within 30 days, the named party to the case decision may provide written notice to the agency that a decision is due. If no decision is made within 30 days from agency receipt of the notice, the decision is deemed to be in favor of the named party. The preceding sentence shall not apply to case decisions before (i) the State Water Control Board or the Department of Environmental Quality to the extent necessary to comply with the federal Clean Water Act, (ii) the State Air Pollution Control Board or the Department of Environmental Quality to the extent necessary to comply with the federal Clean Air Act, or (iii) the Virginia Soil and Water Conservation Board or the Department of Conservation and Recreation to the extent necessary to comply with the federal Clean Water Act. An agency shall provide notice to the named party of its decision within five days of the decision.

D. The provisions of subsection B notwithstanding, if the board members or agency personnel who conducted the informal fact-finding, formal proceeding, or summary case decision proceeding are unable to attend to official duties due to sickness, disability, or termination of their official capacity with the agency, then the timeframe provisions of subsection B shall be reset and commence from the date that either new board members or agency personnel are assigned to the matter or a new proceeding is conducted if needed, whichever is later. An agency shall provide notice within five days to the named party of any incapacity of the board members or agency personnel that necessitates a replacement or a new proceeding.

(1975, c. 503, §§ 9-6.14:11, 9-6.14:12; 1986, c. 615; 1989, c. 601; 1991, c. 584; 1993, c. 898; 1994, c. 748; 1995, c. 398; 2001, c. 844; 2005, c. 102; 2006, c. 702.)

§ 2.2-4022. Subpoenas, depositions and requests for admissions.

The agency or its designated subordinates may, and on request of any party to a case shall, issue subpoenas requiring testimony or the production of books, papers, and physical or other evidence. Any person so subpoenaed who objects may, if the agency does not quash or modify the subpoena at his timely request as illegally or improvidently granted, immediately procure by petition a decision on the validity thereof in the circuit court as provided in § 2.2-4003; and otherwise in any case of refusal or neglect to comply with an agency subpoena, unless the basic law under which the agency is operating provides some other recourse, enforcement, or penalty, the agency may procure an order of enforcement from such court. Depositions de bene esse and requests for

admissions may be directed, issued, and taken on order of the agency for good cause shown; and orders or authorizations therefor may be challenged or enforced in the same manner as subpoenas. Nothing in this section shall be taken to authorize discovery proceedings.

(1975, c. 503, § 9-6.14:13; 2001, c. 844.)

§ 2.2-4023. Final orders.

The terms of any final agency case decision, as signed by it, shall be served upon the named parties by mail unless service otherwise made is duly acknowledged by them in writing. The signed originals shall remain in the custody of the agency as public records subject to judicial notice by all courts and agencies; and they, or facsimiles thereof, together with the full record or file in every case shall be made available for public inspection or copying except (i) so far as the agency may withhold the same in whole or part for the purpose of protecting individuals mentioned from personal embarrassment, obloquy, or disclosures of a private nature including statements respecting the physical, mental, moral, or financial condition of such individuals or (ii) for trade secrets or, so far as protected by other laws, other commercial or industrial information imparted in confidence.

(1975, c. 503, § 9-6.14:14; 2001, c. 844.)

§ 2.2-4024. Hearing officers.

A. In all formal hearings conducted in accordance with § 2.2-4020, the hearing shall be presided over by a hearing officer selected from a list prepared by the Executive Secretary of the Supreme Court and maintained in the Office of the Executive Secretary of the Supreme Court. Parties to informal fact-finding proceedings conducted pursuant to § 2.2-4019 may agree at the outset of the proceeding to have a hearing officer preside at the proceeding, such agreement to be revoked only by mutual consent. The Executive Secretary may promulgate rules necessary for the administration of the hearing officer system and shall have the authority to establish the number of hearing officers necessary to preside over administrative hearings in the Commonwealth.

Prior to being included on the list, all hearing officers shall meet the following minimum standards:

1. Active membership in good standing in the Virginia State Bar;
2. Active practice of law for at least five years; and
3. Completion of a course of training approved by the Executive Secretary of the Supreme Court. In order to comply with the demonstrated requirements of the agency requesting a hearing officer, the Executive Secretary may require additional training before a hearing officer shall be assigned to a proceeding before that agency.

B. On request from the head of an agency, the Executive Secretary shall name a hearing officer from the list, selected on a rotation system administered by the Executive Secretary. Lists reflecting geographic preference and specialized training or knowledge shall be maintained by the Executive Secretary if an agency demonstrates the need.

C. A hearing officer shall voluntarily disqualify himself and withdraw from any case in which he cannot accord a fair and impartial hearing or consideration, or when required by the applicable rules governing the practice of law in the Commonwealth. Any party may request the disqualification of a hearing officer by filing an affidavit, prior to the taking of evidence at a hearing, stating with particularity the grounds upon which it is claimed that a fair and impartial hearing cannot be accorded, or the applicable rule of practice requiring disqualification.

The issue shall be determined not less than ten days prior to the hearing by the Executive Secretary of the Supreme Court.

D. Any hearing officer empowered by the agency to provide a recommendation or conclusion in a case decision matter shall render that recommendation or conclusion within ninety days from the date of the case decision proceeding or from a later date agreed to by the named party and the agency. If the hearing officer does not render a decision within ninety days, then the named party to the case decision may provide written notice to the hearing officer and the Executive Secretary of the Supreme Court that a decision is due. If no decision is made within thirty days from receipt by the hearing officer of the notice, then the Executive Secretary of the Supreme Court shall remove the hearing officer from the hearing officer list and report the hearing officer to the Virginia State Bar for possible disciplinary action, unless good cause is shown for the delay.

E. The Executive Secretary shall remove hearing officers from the list, upon a showing of cause after written notice and an opportunity for a hearing. When there is a failure by a hearing officer to render a decision as required by subsection D, the burden shall be on the hearing officer to show good cause for the delay. Decisions to remove a hearing officer may be reviewed by a request to the Executive Secretary for reconsideration, followed by judicial review in accordance with this chapter.

F. This section shall not apply to hearings conducted by (i) any commission or board where all of the members, or a quorum, are present; (ii) the Alcoholic Beverage Control Board, the Virginia Workers' Compensation Commission, the State Corporation Commission, the Virginia Employment Commission, the Department of Motor Vehicles under Title 46.2 (§ 46.2-100 et seq.), § 58.1-2409, or Chapter 27 (§ 58.1-2700 et seq.) of Title 58.1, or the Motor Vehicle Dealer Board under Chapter 15 (§ 46.2-1500 et seq.) of Title 46.2; or (iii) any panel of a health regulatory board convened pursuant to § 54.1-2400, including any panel having members of a relevant advisory board to the Board of Medicine. All employees hired after July 1, 1986, pursuant to §§ 65.2-201 and 65.2-203 by the Virginia Workers' Compensation Commission to conduct hearings pursuant to its basic laws shall meet the minimum qualifications set forth in subsection A. Agency employees who are not licensed to practice law in the Commonwealth, and are presiding as hearing officers in proceedings pursuant to clause (ii) shall participate in periodic training courses.

G. Notwithstanding the exemptions of subsection A of § 2.2-4002, this article shall apply to hearing officers conducting hearings of the kind described in § 2.2-4020 for the Department of Game and Inland Fisheries, the Virginia Housing Development Authority, the Milk Commission and the Virginia Resources Authority pursuant to their basic laws.

(1986, c. 615, § 9-6.14:14.1; 1988, c. 865; 1990, c. 219; 1991, c. 214; 1992, c. 659; 1993, c. 898; 1995, cc. 744, 776, 803, 805; 1996, cc. 189, 205, 639, 658; 2001, c. 844; 2002, cc. 448, 698.)

§ 2.2-4025. Exemptions operation of this article; limitations.

A. This article shall not apply to any agency action that (i) is placed beyond the control of the courts by constitutional or statutory provisions expressly precluding court review, (ii) involves solely the internal management or routine of an agency, (iii) is a decision resting entirely upon an inspection, test, or election save as to want of authority therefor or claim of arbitrariness or fraud therein, (iv) is a case in which the agency is acting as an agent for a court, or (v) encompasses matters subject by law to a trial de novo in any court.

B. The provisions of this article, however, shall apply to case decisions regarding the grant or denial of Temporary Assistance for Needy Families, Medicaid, food stamps, general relief, auxiliary grants, or state-local hospitalization. However, no appeal may be brought regarding the adequacy of standards of need and payment levels for public assistance and social services programs. Notwithstanding the provisions of § 2.2-4027, the review shall be based solely upon the agency record, and the court shall be limited to ascertaining whether there was evidence in the agency record to support the case decision of the agency acting as the trier of fact. If the court finds in favor of the party complaining of agency action, the court shall remand the case to the agency for further proceedings. The validity of any statute, regulation, standard or policy, federal or state, upon which the action of the agency was based shall not be subject to review by the court. No intermediate relief shall be granted under § 2.2-4028.

(1975, c. 503, §§ 9-6.14:4.1, 9-6.14:15, 9-6.14:16; 1986, c. 615; 1989, cc. 677, 734; 2001, c. 844; 2002, c. 747.)

§ 2.2-4026. Right, forms, venue.

Any person affected by and claiming the unlawfulness of any regulation, or party aggrieved by and claiming unlawfulness of a case decision and whether exempted from the procedural requirements of Article 2 (§ 2.2-4006 et seq.) or 3 (§ 2.2-4018 et seq.) of this chapter, shall have a right to the direct review thereof by an appropriate and timely court action against the agency or its officers or agents in the manner provided by the rules of the Supreme Court of Virginia. Actions may be instituted in any court of competent jurisdiction as provided in § 2.2-4003, and the judgments of the courts of original jurisdiction shall be subject to appeal to or review by higher courts as in other cases unless otherwise provided by law. In addition, when any regulation or case decision is the subject of an enforcement action in court, it shall also be reviewable by the court as a defense to the action, and the judgment or decree therein shall be appealable as in other cases.

(1975, c. 503, § 9-6.14:16; 1986, c. 615; 1989, cc. 677, 734; 2001, c. 844.)

§ 2.2-4027. Issues on review.

The burden shall be upon the party complaining of agency action to designate and demonstrate an error of law subject to review by the court. Such issues of law include: (i) accordance with constitutional right, power, privilege, or immunity, (ii) compliance with statutory authority, jurisdiction limitations, or right as provided in the basic laws as to subject matter, the stated objectives for which regulations may be made, and the factual showing respecting violations or entitlement in connection with case decisions, (iii) observance of required procedure where any failure therein is not mere harmless error, and (iv) the substantiality of the evidentiary support for findings of fact. The determination of such fact issue shall be made upon the whole evidentiary record provided by the agency if its proceeding was required to be conducted as provided in § 2.2-4009 or 2.2-4020 or, as to subjects exempted from those sections, pursuant to constitutional requirement or statutory provisions for opportunity for an agency record of and decision upon the evidence therein.

In addition to any other judicial review provided by law, a small business, as defined in subsection A of § 2.2-4007.1, that is adversely affected or aggrieved by final agency action shall be entitled to judicial review of compliance with the requirements of subdivision H 2 of § 2.2-4007 and § 2.2-4007.1 within one year following the date of final agency action.

When the decision on review is to be made on the agency record, the duty of the court with respect to issues of fact shall be limited to ascertaining whether there was substantial evidence in the agency record upon which the agency as the trier of the facts could reasonably find them to be as it did.

Where there is no agency record so required and made, any necessary facts in controversy shall be determined by the court upon the basis of the agency file, minutes, and records of its proceedings under § 2.2-4007 or 2.2-4019 as augmented, if need be, by the agency pursuant to order of the court or supplemented by any allowable and necessary proofs adduced in court except that the function of the court shall be to determine only whether the result reached by the agency could reasonably be said, on all such proofs, to be within the scope of the legal authority of the agency.

Whether the fact issues are reviewed on the agency record or one made in the review action, the court shall take due account of the presumption of official regularity, the experience and specialized competence of the agency, and the purposes of the basic law under which the agency has acted.

(1975, c. 503, § 9-6.14:17; 1989, c. 601; 2001, c. 844; 2005, cc. 619, 682.)

§ 2.2-4028. Intermediate relief.

When judicial review is instituted or is about to be, the agency concerned may, on request of any party or its own motion, postpone the effective date of the regulation or decision involved where it deems that justice so requires. Otherwise the court may, on proper application and with or without bond, deposits in court, or other safeguards or assurances as may be suitable, issue all necessary and appropriate process to postpone the effective dates or preserve existing status or rights pending conclusion of the review proceedings if the court finds the same to be required to prevent immediate, unavoidable, and irreparable injury and that the issues of law or fact presented are not only substantial but that there is probable cause for it to anticipate a likelihood of reversible error in accordance with § 2.2-4027. Actions by the court may include (i) the stay of operation of agency decisions of an injunctive nature or those requiring the payment of money or suspending or revoking a license or other benefit and (ii) continuation of previous licenses in effect until timely applications for renewal are duly determined by the agency.

(1975, c. 503, § 9-6.14:18; 2001, c. 844.)

§ 2.2-4029. Court judgments.

Unless an error of law as defined in § 2.2-4027 appears, the court shall dismiss the review action or affirm the agency regulation or decision. Otherwise, it may compel agency action unlawfully and arbitrarily withheld or unreasonably delayed except that the court shall not itself undertake to supply agency action committed by the basic law to the agency. Where a regulation or case decision is found by the court not to be in accordance with law under § 2.2-4027, the court shall suspend or set it aside and remand the matter to the agency for further proceedings, if any, as the court may permit or direct in accordance with law.

(1975, c. 503, § 9-6.14:19; 2001, c. 844.)

§ 2.2-4030. Recovery of costs and attorneys' fees from agency.

A. In any civil case brought under Article 5 (§ 2.2-4025 et seq.) of this chapter or §§ 2.2-4002, 2.2-4006, 2.2-4011, or § 2.2-4018, in which any person contests any agency action, such person shall be entitled to recover from that agency, including the Department of Game and Inland Fisheries, reasonable costs and attorneys' fees if such person substantially prevails on the merits of the case and the agency's position is not substantially justified, unless special circumstances would make an award unjust. The award of attorneys' fees shall not exceed \$25,000.

B. Nothing in this section shall be deemed to grant permission to bring an action against an agency if the agency would otherwise be immune from suit, or to grant a right to bring an action by a person who would otherwise lack standing to bring the action.

C. Any costs and attorneys' fees assessed against an agency under this section shall be charged against the operating expenses of the agency for the fiscal year in which the assessment is made, and shall not be reimbursed from any other source.

(1981, c. 446, § 9-6.14:21; 1997, c. 692; 2001, c. 844.)

§ 2.2-4031. Publication of Virginia Register of Regulations; exceptions; notice of meetings of executive branch agencies.

A. The Registrar shall publish every two weeks a Virginia Register of Regulations that shall include (i) proposed and final regulations; (ii) emergency regulations; (iii) executive orders; (iv) notices of all public meetings and public hearings of state agencies, legislative committees and study subcommittees; (v) petitions for rulemaking made in accordance with subsection A of § 2.2-4007; and (vi) tax bulletins. The entire proposed regulation shall be published in the Register; however, if an existing regulation has been previously published in the Virginia Administrative Code, then only those sections of regulations to be amended need to be published in the Register. If the length of the regulation falls within the guidelines established by the Registrar for the publication of a summary in lieu of the full text of the regulation, then, after consultation with the promulgating agency, the Registrar may publish only the summary of the regulation. In this event, the full text of the regulation shall be available for public inspection at the office of the Registrar and the promulgating agency.

If a proposed regulation is adopted as published or, in the sole discretion of the Registrar of Regulations, the only changes that have been made are those that can be clearly and concisely explained, the adopted regulation need not be published at length. Instead, the Register shall contain a notation that the proposed regulation has been adopted as published as a proposed regulation without change or stating the changes made. The proposed regulation shall be clearly identified with a citation to the issue and page numbers where published.

A copy of all reporting forms the promulgating agency anticipates will be incorporated into or be used in administering the regulation shall be published with the proposed and final regulation in the Register.

B. Each regulation shall be prefaced with a summary explaining that regulation in plain and clear language. Summaries shall be prepared by the promulgating agency and approved by the Registrar prior to their publication in the Register. The notice required by § 2.2-4007 shall include (i) a statement of the date, time and place of the hearing at which the regulation is to be considered; (ii) a brief statement as to the regulation under consideration; (iii) reference to the legal authority of the agency to act; and (iv) the name, address and telephone number of an individual to contact for further information about that regulation. Agencies shall present their proposed regulations in a standardized format developed by the Virginia Code Commission in accordance with subdivision 1 of § 2.2-4104 of the Virginia Register Act (§ 2.2-4100 et seq.). Notwithstanding the exemptions allowed under §§ 2.2-4002, 2.2-4006 or § 2.2-4011, the proposed and final regulations of all agencies shall be published in the Register. However, proposed regulations of the Marine Resources Commission and regulations exempted by subject from the provisions of this chapter by subsection B of § 2.2-4002 shall be exempt from this section.

C. Notwithstanding the definition of "agency," notices for all meetings of state agencies required to be open pursuant to the Virginia Freedom of Information Act (§ 2.2-3700 et seq.), except for legislative meetings held during regular and special sessions, shall be published in the Register. Each notice shall include (i) the date, time and place of the meeting; (ii) a brief general description of the nature of the meeting and the business to be conducted; and (iii) the name, address and telephone number of an individual who may be contacted for additional information about the meeting. Failure to publish in the Register the notice for such a meeting or any inadequacies in the information contained in the notice shall not affect the legality of actions taken at that meeting.

D. The Virginia Register of Regulations shall be published by posting the Register on the Virginia Code Commission's website. The Virginia Code Commission may arrange for the printing of the Virginia Register as provided in § 30-146.

(1984, c. 5, § 9-6.14:22; 1985, cc. 67, 602; 1986, c. 615; 1988, c. 364; 1989, c. 71; 1992, c. 216; 2001, c. 844; 2002, c. 241; 2003, c. 212.)

Code of Virginia

Title 2.2, Chapter 37

Virginia Freedom of Information Act

§ 2.2-3700. Short title; policy.

A. This chapter may be cited as "The Virginia Freedom of Information Act."

B. By enacting this chapter, the General Assembly ensures the people of the Commonwealth ready access to public records in the custody of a public body or its officers and employees, and free entry to meetings of public bodies wherein the business of the people is being conducted. The affairs of government are not intended to be conducted in an atmosphere of secrecy since at all times the public is to be the beneficiary of any action taken at any level of government. Unless a public body or its officers or employees specifically elect to exercise an exemption provided by this chapter or any other statute, every meeting shall be open to the public and all public records shall be available for inspection and copying upon request. All public records and meetings shall be presumed open, unless an exemption is properly invoked.

The provisions of this chapter shall be liberally construed to promote an increased awareness by all persons of governmental activities and afford every opportunity to citizens to witness the operations of government. Any exemption from public access to records or meetings shall be narrowly construed and no record shall be withheld or meeting closed to the public unless specifically made exempt pursuant to this chapter or other specific provision of law. This chapter shall not be construed to discourage the free discussion by government officials or employees of public matters with the citizens of the Commonwealth.

All public bodies and their officers and employees shall make reasonable efforts to reach an agreement with a requester concerning the production of the records requested.

Any ordinance adopted by a local governing body that conflicts with the provisions of this chapter shall be void.

§ 2.2-3701. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Closed meeting" means a meeting from which the public is excluded.

"Emergency" means an unforeseen circumstance rendering the notice required by this chapter impossible or impracticable and which circumstance requires immediate action.

"Meeting" or "meetings" means the meetings including work sessions, when sitting physically, or through telephonic or video equipment pursuant to § 2.2-3708, as a body or entity, or as an informal assemblage of (i) as many as three members or (ii) a quorum, if less than three, of the constituent membership, wherever held, with or without minutes being taken, whether or not votes are cast, of any public body. The gathering of employees of a public body shall not be deemed a "meeting" subject to the provisions of this chapter.

"Open meeting" or "public meeting" means a meeting at which the public may be present.

"Public body" means any legislative body, authority, board, bureau, commission, district or agency of the Commonwealth or of any political subdivision of the Commonwealth, including cities, towns and counties, municipal councils, governing bodies of counties, school boards and planning commissions; boards of visitors of public institutions of higher education; and other organizations, corporations or agencies in the Commonwealth supported wholly or principally by public funds. It shall include (i) the Virginia Birth-Related Neurological Injury Compensation Program and its board of directors established pursuant to Chapter 50 (§ 38.2-5000 et seq.) of Title 38.2 and (ii) any committee, subcommittee, or other entity however designated, of the public body created to perform delegated functions of the public body or to advise the public body. It shall not exclude any such committee, subcommittee or entity because it has private sector or citizen members. Corporations organized by the Virginia Retirement System are "public bodies" for purposes of this chapter.

For the purposes of the provisions of this chapter applicable to access to public records, constitutional officers shall be considered public bodies and, except as otherwise expressly provided by law, shall have the same obligations to disclose public records as other custodians of public records.

"Public records" means all writings and recordings that consist of letters, words or numbers, or their equivalent, set down by handwriting, typewriting, printing, photostating, photography, magnetic impulse, optical or magneto-optical form, mechanical or electronic recording or other form of data compilation, however stored, and regardless of physical form or characteristics, prepared or owned by, or in the possession of a public body or its officers, employees or agents in the transaction of public business.

"Scholastic records" means those records containing information directly related to a student and maintained by a public body that is an educational agency or institution or by a person acting for such agency or institution.

§ 2.2-3702. Notice of chapter.

Any person elected, reelected, appointed or reappointed to any body not excepted from this chapter shall (i) be furnished by the public body's administrator or legal counsel with a copy of this chapter within two weeks following election, reelection, appointment or reappointment and (ii) read and become familiar with the provisions of this chapter.

(1976, c. 467, § 2.1-341.1; 1999, cc. 703, 726; 2001, c. 844; 2002, c. 393.)

§ 2.2-3703. Public bodies and records to which chapter inapplicable; voter registration and election records; access by persons incarcerated in a state, local, or federal correctional facility.

A. The provisions of this chapter shall not apply to:

1. The Virginia Parole Board, except that (i) information from the Virginia Parole Board providing the number of inmates considered by such Board for discretionary parole, the number of inmates granted or denied parole, and the number of parolees returned to the custody of the Department of Corrections solely as a result of a determination by such Board of a violation of parole shall be open to inspection and available for release, on a monthly basis, as provided by § 2.2-3704 and (ii) all records concerning the finances of the Virginia Parole Board shall be public records and subject to the provisions of this chapter. The information required by clause (i) shall be furnished by offense, sex, race, age of the inmate, and the locality in which the conviction was obtained, upon the request of the party seeking the information;

2. Petit juries and grand juries;

3. Family assessment and planning teams established pursuant to § 2.2-5207; and

4. The Virginia State Crime Commission.

B. Public access to voter registration and election records shall be governed by the provisions of Title 24.2 and this chapter. The provisions of Title 24.2 shall be controlling in the event of any conflict.

C. No provision of this chapter or Chapter 21 (§ 30-178 et seq.) of Title 30 shall be construed to afford any rights to any person incarcerated in a state, local or federal correctional facility, whether or not such facility is (i) located in the Commonwealth or (ii) operated pursuant to the Corrections Private Management Act (§ 53.1-261 et seq.). However, this subsection shall not be construed to prevent an incarcerated person from exercising his constitutionally protected rights, including, but not limited to, his rights to call for evidence in his favor in a criminal prosecution.

(1999, cc. 703, 726, § 2.1-341.2; 2001, c. 844; 2003, cc. 989, 1018; 2004, cc. 398, 690.)

§ 2.2-3704. Public records to be open to inspection; procedure for requesting records and responding to request; charges.

A. Except as otherwise specifically provided by law, all public records shall be open to inspection and copying by any citizens of the Commonwealth during the regular office hours of the custodian of such records. Access to such records shall not be denied to citizens of the Commonwealth, representatives of newspapers and magazines with circulation in the Commonwealth, and representatives of radio and television stations broadcasting in or into the Commonwealth. The custodian may require the requester to provide his name and legal address. The custodian of such records shall take all necessary precautions for their preservation and safekeeping.

B. A request for public records shall identify the requested records with reasonable specificity. The request need not make reference to this chapter in order to invoke the provisions of this chapter or to impose the time limits for response by a public body. Any public body that is subject to this chapter and that is the custodian of the requested records shall promptly, but in all cases within five working days of receiving a request, make one of the following responses:

1. The requested records will be provided to the requester.
2. The requested records will be entirely withheld because their release is prohibited by law or the custodian has exercised his discretion to withhold the records in accordance with this chapter. Such response shall (i) be in writing, (ii) identify with reasonable particularity the volume and subject matter of withheld records, and (iii) cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records.
3. The requested records will be provided in part and withheld in part because the release of part of the records is prohibited by law or the custodian has exercised his discretion to withhold a portion of the records in accordance with this chapter. Such response shall (i) be in writing, (ii) identify with reasonable particularity the subject matter of withheld portions, and (iii) cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records. When a portion of a requested record is withheld, the public body may delete or excise only that portion of the record to which an exemption applies and shall release the remainder of the record.
4. It is not practically possible to provide the requested records or to determine whether they are available within the five-work-day period. Such response shall be in writing and specify the conditions that make a response impossible. If the response is made within five working days, the public body shall have an additional seven work days in which to provide one of the three preceding responses.

C. Any public body may petition the appropriate court for additional time to respond to a request for records when the request is for an extraordinary volume of records and a response by the public body within the time required by this chapter will prevent the public body from meeting its operational responsibilities. Before proceeding with the petition, however, the public body shall

make reasonable efforts to reach an agreement with the requester concerning the production of the records requested.

D. Subject to the provisions of subsections G and J, no public body shall be required to create a new record if the record does not already exist. However, a public body may abstract or summarize information under such terms and conditions as agreed between the requester and the public body.

E. Failure to respond to a request for records shall be deemed a denial of the request and shall constitute a violation of this chapter.

F. A public body may make reasonable charges not to exceed its actual cost incurred in accessing, duplicating, supplying, or searching for the requested records. No public body shall impose any extraneous, intermediary or surplus fees or expenses to recoup the general costs associated with creating or maintaining records or transacting the general business of the public body. Any duplicating fee charged by a public body shall not exceed the actual cost of duplication. The public body may also make a reasonable charge for the cost incurred in supplying records produced from a geographic information system at the request of anyone other than the owner of the land that is the subject of the request. However, such charges shall not exceed the actual cost to the public body in supplying such records, except that the public body may charge, on a pro rata per acre basis, for the cost of creating topographical maps developed by the public body, for such maps or portions thereof, which encompass a contiguous area greater than 50 acres. All charges for the supplying of requested records shall be estimated in advance at the request of the citizen.

G. Public records maintained by a public body in an electronic data processing system, computer database, or any other structured collection of data shall be made available to a requester at a reasonable cost, not to exceed the actual cost in accordance with subsection F. When electronic or other databases are combined or contain exempt and nonexempt records, the public body may provide access to the exempt records if not otherwise prohibited by law, but shall provide access to the nonexempt records as provided by this chapter.

Public bodies shall produce nonexempt records maintained in an electronic database in any tangible medium identified by the requester, including, where the public body has the capability, the option of posting the records on a website or delivering the records through an electronic mail address provided by the requester, if that medium is used by the public body in the regular course of business. No public body shall be required to produce records from an electronic database in a format not regularly used by the public body. However, the public body shall make reasonable efforts to provide records in any format under such terms and conditions as agreed between the requester and public body, including the payment of reasonable costs. The excision of exempt fields of information from a database or the conversion of data from one available format to another shall not be deemed the creation, preparation or compilation of a new public record.

H. In any case where a public body determines in advance that charges for producing the requested records are likely to exceed \$200, the public body may, before continuing to process the

request, require the requester to agree to payment of a deposit not to exceed the amount of the advance determination. The deposit shall be credited toward the final cost of supplying the requested records. The period within which the public body shall respond under this section shall be tolled for the amount of time that elapses between notice of the advance determination and the response of the requester.

I. Before processing a request for records, a public body may require the requester to pay any amounts owed to the public body for previous requests for records that remain unpaid 30 days or more after billing.

J. Every public body of state government shall compile, and annually update, an index of computer databases that contains at a minimum those databases created by them on or after July 1, 1997. "Computer database" means a structured collection of data or records residing in a computer. Such index shall be a public record and shall include, at a minimum, the following information with respect to each database listed therein: a list of data fields, a description of the format or record layout, the date last updated, a list of any data fields to which public access is restricted, a description of each format in which the database can be copied or reproduced using the public body's computer facilities, and a schedule of fees for the production of copies in each available form. The form, context, language, and guidelines for the indices and the databases to be indexed shall be developed by the Virginia Information Technologies Agency in consultation with the Librarian of Virginia and the State Archivist. The public body shall not be required to disclose its software security, including passwords.

§ 2.2-3704.1. Posting of notice of rights and responsibilities by state public bodies; assistance by the Freedom of Information Advisory Council.

A. All state public bodies created in the executive branch of state government and subject to the provisions of this chapter shall make available the following information to the public upon request and shall post such information on the Internet:

1. A plain English explanation of the rights of a requester under this chapter, the procedures to obtain public records from the public body, and the responsibilities of the public body in complying with this chapter. For purposes of this subdivision "plain English" means written in

nontechnical, readily understandable language using words of common everyday usage and avoiding legal terms and phrases or other terms and words of art whose usage or special meaning primarily is limited to a particular field or profession;

2. Contact information for the person designated by the public body to (i) assist a requester in making a request for records or (ii) respond to requests for public records; and

3. Any policy the public body has concerning the type of public records it routinely withholds from release as permitted by this chapter.

B. The Freedom of Information Advisory Council, created pursuant to § 30-178, shall assist in the development and implementation of the provisions of subsection A, upon request.

(2004, c. 730.)

§ 2.2-3705.

Repealed by Acts 2004, c. 690.

§ 2.2-3705.1. Exclusions to application of chapter; exclusions of general application to public bodies.

The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:

1. Personnel records containing information concerning identifiable individuals, except that access shall not be denied to the person who is the subject thereof. Any person who is the subject of any personnel record and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

2. Written advice of legal counsel to state, regional or local public bodies or the officers or employees of such public bodies, and any other records protected by the attorney-client privilege.

3. Legal memoranda and other work product compiled specifically for use in litigation or for use in an active administrative investigation concerning a matter that is properly the subject of a closed meeting under § 2.2-3711.

4. Any test or examination used, administered or prepared by any public body for purposes of evaluation of (i) any student or any student's performance, (ii) any employee or employment seeker's qualifications or aptitude for employment, retention, or promotion, or (iii) qualifications for any license or certificate issued by a public body.

As used in this subdivision, "test or examination" shall include (a) any scoring key for any such test or examination and (b) any other document that would jeopardize the security of the test or examination. Nothing contained in this subdivision shall prohibit the release of test scores or results as provided by law, or limit access to individual records as provided by law. However, the subject of such employment tests shall be entitled to review and inspect all records relative to his performance on such employment tests.

When, in the reasonable opinion of such public body, any such test or examination no longer has any potential for future use, and the security of future tests or examinations will not be jeopardized, the test or examination shall be made available to the public. However, minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

5. Records recorded in or compiled exclusively for use in closed meetings lawfully held pursuant to § 2.2-3711. However, no record that is otherwise open to inspection under this chapter shall be deemed exempt by virtue of the fact that it has been reviewed or discussed in a closed meeting.

6. Vendor proprietary information software that may be in the official records of a public body. For the purpose of this subdivision, "vendor proprietary software" means computer programs acquired from a vendor for purposes of processing data for agencies or political subdivisions of the Commonwealth.

7. Computer software developed by or for a state agency, state-supported institution of higher education or political subdivision of the Commonwealth.

8. Appraisals and cost estimates of real property subject to a proposed purchase, sale or lease, prior to the completion of such purchase, sale or lease.

9. Records concerning reserves established in specific claims administered by the Department of the Treasury through its Division of Risk Management as provided in Article 5 (§ 2.2-1832 et seq.) of Chapter 18 of this title, or by any county, city, or town; and investigative notes, correspondence and information furnished in confidence with respect to an investigation of a claim or a potential claim against a public body's insurance policy or self-insurance plan. However, nothing in this subdivision shall prohibit the disclosure of information taken from inactive reports upon expiration of the period of limitations for the filing of a civil suit.

10. Personal information, as defined in § 2.2-3801, including electronic mail addresses, furnished to a public body for the purpose of receiving electronic mail from the public body, provided that the electronic mail recipient has requested that the public body not disclose such information. However, access shall not be denied to the person who is the subject of the record.

11. Communications and materials required to be kept confidential pursuant to § 2.2-4119 of the Virginia Administrative Dispute Resolution Act (§ 2.2-4115 et seq.).

12. Records relating to the negotiation and award of a specific contract where competition or bargaining is involved and where the release of such records would adversely affect the bargaining position or negotiating strategy of the public body. Such records shall not be withheld after the public body has made a decision to award or not to award the contract. In the case of procurement transactions conducted pursuant to the Virginia Public Procurement Act (§ 2.2-4300 et seq.), the provisions of this subdivision shall not apply, and any release of records relating to such transactions shall be governed by the Virginia Public Procurement Act.

(1999, cc. 485, 518, 703, 726, 793, 849, 852, 867, 868, 881, § 2.1-342.01; 2000, cc. 66, 237, 382, 400, 430, 583, 589, 592, 594, 618, 632, 657, 720, 932, 933, 947, 1006, 1064; 2001, cc. 288, 518, 844, § 2.2-3705; 2002, cc. 87, 155, 242, 393, 478, 481, 499, 522, 571, 572, 633, 655, 715, 798, 830; 2003, cc. 274, 307, 327, 332, 358, 704, 801, 884, 891, 893, 897, 968; 2004, c. 690.)

§ 2.2-3705.2. Exclusions to application of chapter; records relating to public safety.

The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:

1. Confidential records, including victim identity, provided to or obtained by staff in a rape crisis center or a program for battered spouses.
2. Those portions of engineering and construction drawings and plans submitted for the sole purpose of complying with the Building Code in obtaining a building permit that would identify specific trade secrets or other information, the disclosure of which would be harmful to the competitive position of the owner or lessee. However, such information shall be exempt only until the building is completed. Information relating to the safety or environmental soundness of any building shall not be exempt from disclosure.

Those portions of engineering and construction drawings and plans that reveal critical structural components, security equipment and systems, ventilation systems, fire protection equipment, mandatory building emergency equipment or systems, elevators, electrical systems, telecommunications equipment and systems, and other utility equipment and systems submitted for the purpose of complying with the Uniform Statewide Building Code (§ 36-97 et seq.) or the Statewide Fire Prevention Code (§ 27-94 et seq.), the disclosure of which would jeopardize the safety or security of any public or private commercial office, multifamily residential or retail building or its occupants in the event of terrorism or other threat to public safety, to the extent that the owner or lessee of such property, equipment or system in writing (i) invokes the protections of this paragraph; (ii) identifies the drawings, plans, or other materials to be protected; and (iii) states the reasons why protection is necessary.

Nothing in this subdivision shall prevent the disclosure of information relating to any building in connection with an inquiry into the performance of that building after it has been subjected to fire, explosion, natural disaster or other catastrophic event.

3. Documentation or other information that describes the design, function, operation or access control features of any security system, whether manual or automated, which is used to control access to or use of any automated data processing or telecommunications system.

4. Plans and information to prevent or respond to terrorist activity, the disclosure of which would jeopardize the safety of any person, including (i) critical infrastructure sector or structural components; (ii) vulnerability assessments, operational, procedural, transportation, and tactical planning or training manuals, and staff meeting minutes or other records; and (iii) engineering or architectural records, or records containing information derived from such records, to the extent such records reveal the location or operation of security equipment and systems, elevators, ventilation, fire protection, emergency, electrical, telecommunications or utility equipment and systems of any public building, structure or information storage facility, or telecommunications or utility equipment or systems. The same categories of records of any governmental or nongovernmental person or entity submitted to a public body for the purpose of antiterrorism response planning may be withheld from disclosure if such person or entity in writing (a) invokes the protections of this subdivision, (b) identifies with specificity the records or portions thereof for which protection is sought, and (c) states with reasonable particularity why the protection of such records from public disclosure is necessary to meet the objective of antiterrorism planning or protection. Such statement shall be a public record and shall be disclosed upon request. Nothing in this subdivision shall be construed to prohibit the disclosure of records relating to the structural or environmental soundness of any building, nor shall it prevent the disclosure of information relating to any building in connection with an inquiry into the performance of that building after it has been subjected to fire, explosion, natural disaster or other catastrophic event.

5. Information that would disclose the security aspects of a system safety program plan adopted pursuant to 49 C.F.R. Part 659 by the Commonwealth's designated Rail Fixed Guideway Systems Safety Oversight agency; and information in the possession of such agency, the release of which would jeopardize the success of an ongoing investigation of a rail accident or other incident threatening railway safety.

6. Engineering and architectural drawings, operational, procedural, tactical planning or training manuals, or staff meeting minutes or other records, the disclosure of which would reveal surveillance techniques, personnel deployments, alarm or security systems or technologies, or operational and transportation plans or protocols, to the extent such disclosure would jeopardize the security of any governmental facility, building or structure or the safety of persons using such facility, building or structure.

7. Security plans and specific assessment components of school safety audits, as provided in § 22.1-279.8.

Nothing in this subdivision shall be construed to prohibit the disclosure of records relating to the effectiveness of security plans after (i) any school building or property has been subjected to fire, explosion, natural disaster or other catastrophic event, or (ii) any person on school property has suffered or been threatened with any personal injury.

8. (Expires July 1, 2006) Records of the Virginia Commission on Military Bases created by the Governor pursuant to Executive Order No. 49 (2003), to the extent that such records contain information relating to vulnerabilities of military bases located in Virginia and strategies under consideration or developed by the Commission to limit the effect of or to prevent the realignment or closure of federal military bases located in Virginia.

9. Records of the Commitment Review Committee concerning the mental health assessment of an individual subject to commitment as a sexually violent predator under Chapter 9 (§ 37.2-900 et seq.) of Title 37.2; except that in no case shall records identifying the victims of a sexually violent predator be disclosed.

10. Subscriber data, which for the purposes of this subdivision, means the name, address, telephone number, and any other information identifying a subscriber of a telecommunications carrier, provided directly or indirectly by a telecommunications carrier to a public body that operates a 911 or E-911 emergency dispatch system or an emergency notification or reverse 911 system, if the data is in a form not made available by the telecommunications carrier to the public generally. Nothing in this subdivision shall prevent the release of subscriber data generated in connection with specific calls to a 911 emergency system, where the requester is seeking to obtain public records about the use of the system in response to a specific crime, emergency or other event as to which a citizen has initiated a 911 call.

11. Subscriber data, which for the purposes of this subdivision, means the name, address, telephone number, and any other information identifying a subscriber of a telecommunications carrier, collected by a local governing body in accordance with the Enhanced Public Safety Telephone Services Act (§ 56-484.12 et seq.), and other identifying information of a personal, medical, or financial nature provided to a local governing body in connection with a 911 or E-911 emergency dispatch system or an emergency notification or reverse 911 system, if such records are not otherwise publicly available. Nothing in this subdivision shall prevent the release of subscriber data generated in connection with specific calls to a 911 emergency system, where the requester is seeking to obtain public records about the use of the system in response to a specific crime, emergency or other event as to which a citizen has initiated a 911 call.

§ 2.2-3708. Electronic communication meetings.

A. It shall be a violation of this chapter for any political subdivision or any governing body, authority, board, bureau, commission, district or agency of local government or any committee thereof to conduct a meeting wherein the public business is discussed or transacted through telephonic, video, electronic or other communication means where the members are not physically assembled. Nothing in this section shall be construed to prohibit the use of interactive audio or video means to expand public participation.

B. For purposes of this section:

"Electronic communication means" means any audio or combined audio and visual communication method.

"Public body" means any public body of the Commonwealth, but excludes any political subdivision or any governing body, authority, board, bureau, commission, district or agency of local government.

Except as provided in subsection D of § 2.2-3707.01, state public bodies may conduct any meeting wherein the public business is discussed or transacted through electronic communication means. Where a quorum of a public body of the Commonwealth is physically assembled at one location for the purpose of conducting a meeting authorized under this section, additional members of such public body may participate in the meeting through electronic communication means provided such participation is available to the public.

If a public body holds an electronic meeting pursuant to this section, the public body shall also hold at least one meeting annually where members in attendance at the meeting are physically assembled at one location and where no members participate by electronic communication means.

C. Notice of any meetings held pursuant to this section shall be provided at least seven working days in advance of the date scheduled for the meeting. The notice shall include the date, time, place, and purpose for the meeting; shall identify the locations for the meeting; and shall include a telephone number that may be used at remote locations to notify the primary or central meeting

location of any interruption in the telephonic or video broadcast of the meeting to the remote locations. All locations for the meeting shall be made accessible to the public. All persons attending the meeting at any of the meeting locations shall be afforded the same opportunity to address the public body as persons attending the primary or central location. Any interruption in the telephonic or video broadcast of the meeting shall result in the suspension of action at the meeting until repairs are made and public access restored.

Seven working days' notice shall not be required for meetings authorized under this section continued to address an emergency as provided in subsection F or to conclude the agenda of a meeting authorized under this section for which the proper notice has been given, when the date, time, place, and purpose of the continued meeting are set during the meeting prior to adjournment.

D. An agenda and materials that will be distributed to members of the public body and that have been made available to the staff of the public body in sufficient time for duplication and forwarding to all locations where public access will be provided shall be made available to the public at the time of the meeting. Minutes of all meetings held by electronic communication means shall be recorded as required by § 2.2-3707. Votes taken during any meeting conducted through electronic communication means shall be recorded by name in roll-call fashion and included in the minutes.

E. Any public body that meets by electronic communication means shall make a written report of the following to the Virginia Freedom of Information Advisory Council and the Joint Commission on Technology and Science by December 15 of each year:

1. The total number of electronic communication meetings held during the preceding year;
2. The dates and purposes of the meetings;
3. The number of sites for each meeting;
4. The types of electronic communication means by which the meetings were held;
5. The number of participants, including members of the public, at each meeting location;
6. The identity of the members of the public body recorded as absent, and those recorded as present at each meeting location;
7. A summary of any public comment received about the electronic communication meetings; and
8. A written summary of the public body's experience using electronic communication meetings, including its logistical and technical experience.

F. A public body may meet by electronic communication means as often as needed if an emergency exists and the public body is unable to meet in regular session. Public bodies conducting emergency meetings through electronic communication means shall comply with the provisions of subsection D requiring minutes of the meeting. The nature of the emergency shall be stated in the minutes.

B. When the required quorum of such board or its committees is physically assembled at one location for the purpose of conducting a meeting authorized under this section, additional members of such board or its committees may participate in the meeting through telephonic means if the public is permitted to hear such participation during any open meeting. Any interruption in the telephonic or video broadcast of the meeting shall result in the suspension of action at the open meeting until repairs are made and public access is restored.

C. Except as otherwise provided in this section, all meetings shall be conducted in accordance with this chapter. Any meeting conducted pursuant to this section shall not be considered an "electronic communication meeting" for purposes of § 2.2-3708; however, such board or its committees shall comply with the provisions of subsection D of § 2.2-3708, requiring minutes, recordation and preservation of the audio or audio/visual recording of the meeting. Votes taken by those participating by telephone or video shall also be publicly recorded by name in roll-call fashion and shall be included in the minutes, which shall be approved by such board or its committees in public session.

A. No public body shall vote by secret or written ballot, and unless expressly provided by this chapter, no public body shall vote by telephone or other electronic communication means.

B. Notwithstanding the foregoing, nothing contained herein shall be construed to prohibit (i) separately contacting the membership, or any part thereof, of any public body for the purpose of ascertaining a member's position with respect to the transaction of public business, whether such

contact is done in person, by telephone or by electronic communication, provided the contact is done on a basis that does not constitute a meeting as defined in this chapter or (ii) the House of Delegates or the Senate of Virginia from adopting rules relating to the casting of votes by members of standing committees. Nothing in this subsection shall operate to exclude any public record from the provisions of this chapter.

(1987, c. 71, § 2.1-343.2; 1999, cc. 703, 726; 2000, c. 932; 2001, cc. 710, 844; 2002, c. 491.)

Discussion, consideration, or interviews of prospective candidates for employment; assignment, appointment, promotion, performance, demotion, salaries, disciplining, or resignation of specific public officers, appointees, or employees of any public body; and evaluation of performance of departments or schools of public institutions of higher education where such evaluation will necessarily involve discussion of the performance of specific individuals. Any teacher shall be permitted to be present during a closed meeting in which there is a discussion or consideration of a disciplinary matter that involves the teacher and some student and the student involved in the matter is present, provided the teacher makes a written request to be present to the presiding officer of the appropriate board.

§ 2.2-3712. Closed meetings procedures; certification of proceedings.

A. No closed meeting shall be held unless the public body proposing to convene such meeting has taken an affirmative recorded vote in an open meeting approving a motion that (i) identifies the subject matter, (ii) states the purpose of the meeting and (iii) makes specific reference to the applicable exemption from open meeting requirements provided in § 2.2-3707 or subsection A of §

2.2-3711. The matters contained in such motion shall be set forth in detail in the minutes of the open meeting. A general reference to the provisions of this chapter, the authorized exemptions from open meeting requirements, or the subject matter of the closed meeting shall not be sufficient to satisfy the requirements for holding a closed meeting.

B. The notice provisions of this chapter shall not apply to closed meetings of any public body held solely for the purpose of interviewing candidates for the position of chief administrative officer. Prior to any such closed meeting for the purpose of interviewing candidates, the public body shall announce in an open meeting that such closed meeting shall be held at a disclosed or undisclosed location within fifteen days thereafter.

C. The public body holding a closed meeting shall restrict its discussion during the closed meeting only to those matters specifically exempted from the provisions of this chapter and identified in the motion required by subsection A.

D. At the conclusion of any closed meeting, the public body holding such meeting shall immediately reconvene in an open meeting and shall take a roll call or other recorded vote to be included in the minutes of that body, certifying that to the best of each member's knowledge (i) only public business matters lawfully exempted from open meeting requirements under this chapter and (ii) only such public business matters as were identified in the motion by which the closed meeting was convened were heard, discussed or considered in the meeting by the public body. Any member of the public body who believes that there was a departure from the requirements of clauses (i) and (ii), shall so state prior to the vote, indicating the substance of the departure that, in his judgment, has taken place. The statement shall be recorded in the minutes of the public body.

E. Failure of the certification required by subsection D to receive the affirmative vote of a majority of the members of the public body present during a meeting shall not affect the validity or confidentiality of such meeting with respect to matters considered therein in compliance with the provisions of this chapter. The recorded vote and any statement made in connection therewith, shall upon proper authentication, constitute evidence in any proceeding brought to enforce the provisions of this chapter.

F. A public body may permit nonmembers to attend a closed meeting if such persons are deemed necessary or if their presence will reasonably aid the public body in its consideration of a topic that is a subject of the meeting.

G. Except as specifically authorized by law, in no event may any public body take action on matters discussed in any closed meeting, except at an open meeting for which notice was given as required by § 2.2-3707.

H. Minutes may be taken during closed meetings of a public body, but shall not be required. Such minutes shall not be subject to mandatory public disclosure.

(1989, c. 358, § 2.1-344.1; 1999, cc. 703, 726; 2001, c. 844.)

§ 2.2-3713. Proceedings for enforcement of chapter.

A. Any person, including the attorney for the Commonwealth acting in his official or individual capacity, denied the rights and privileges conferred by this chapter may proceed to enforce such rights and privileges by filing a petition for mandamus or injunction, supported by an affidavit showing good cause, addressed to the general district court or the court of record of the county or city from which the public body has been elected or appointed to serve and in which such rights and privileges were so denied. Failure by any person to request and receive notice of the time and place of meetings as provided in § 2.2-3707 shall not preclude any person from enforcing his or her rights and privileges conferred by this chapter.

B. Any petition alleging denial of rights and privileges conferred by this chapter by a board, bureau, commission, authority, district or agency of the state government or by a standing or other committee of the General Assembly, shall be addressed to the general district court or the circuit court of the residence of the aggrieved party or of the City of Richmond. In any action brought before a general district court, a corporate petitioner may appear through its officer, director or managing agent without the assistance of counsel, notwithstanding any provision of law or Rule of the Supreme Court of Virginia to the contrary.

C. The petition for mandamus or injunction shall be heard within seven days of the date when the same is made. However, any petition made outside of the regular terms of the circuit court of a county that is included in a judicial circuit with another county or counties, the hearing on the petition shall be given precedence on the docket of such court over all cases that are not otherwise given precedence by law.

D. The petition shall allege with reasonable specificity the circumstances of the denial of the rights and privileges conferred by this chapter. A single instance of denial of the rights and privileges conferred by this chapter shall be sufficient to invoke the remedies granted herein. If the court finds the denial to be in violation of the provisions of this chapter, the petitioner shall be entitled to recover reasonable costs and attorneys' fees from the public body if the petitioner substantially prevails on the merits of the case, unless special circumstances would make an award unjust. In making this determination, a court may consider, among other things, the reliance of a public body on an opinion of the Attorney General or a decision of a court that substantially supports the public body's position.

E. In any action to enforce the provisions of this chapter, the public body shall bear the burden of proof to establish an exemption by a preponderance of the evidence. Any failure by a public body to follow the procedures established by this chapter shall be presumed to be a violation of this chapter.

(1968, c. 479, § 2.1-346; 1976, c. 709; 1978, c. 826; 1989, c. 358; 1990, c. 217; 1996, c. 578; 1999, cc. 703, 726; 2001, c. 844.)

§ 2.2-3714. Violations and penalties.

Legislative Process

The *Code of Virginia* (Section 54.1 et seq.) provides the statutory authority for regulatory boards and programs at the Department of Professional and Occupational Regulation. The law sets the parameters within which a board can regulate an occupation or profession as well as establishes the board's authority for the enforcement of the law and its regulations.

Any additions to the *Code* or revisions to a statute must be passed by the General Assembly and signed by the Governor. The Department of Professional and Occupational Regulation and the regulatory boards it administers use the following process to initiate all legislative proposals for a given year.

At regularly scheduled meetings, regulatory boards may identify additions to a statute it believes are needed. The boards may also identify provisions within the statute that could be revised or deleted. When such additions or revisions are discussed, the boards also determine whether alternative means exist which would achieve the same results.

Each summer, the Governor will request state agencies to submit legislative proposals for consideration. The Department will request regulatory boards to submit any legislative proposals or suggestions that have arisen at board meetings throughout the year. When a legislative proposal or suggestion comes up during a meeting, a board is asked to vote on it. The Director is then responsible for compiling those proposals which have been approved by the boards and prioritizing them along with the Department's own submission. Since the Department has numerous regulatory boards submitting proposals, not all proposals will be included in the final list of submissions which is presented to the Secretary of Commerce and Trade.

If the Secretary approves a submission from the list, legislation will then be drafted for it and submitted to the Attorney General's Office for a "Letter of Assurance" that the legislation is constitutional and does not conflict with state or federal laws. If the "Letter of Assurance" is granted, the "Letter" along with the draft legislation is submitted to the Secretary of Commerce and Trade for his review. If the "Letter" is not granted, the submission may be returned to the board which proposed it so that the Board can address the Attorney General's Office's concerns. Alternatively, nothing may be done with the submission and in turn it will not be submitted to the General Assembly that year.

If the Secretary of Commerce and Trade submits the legislation to the Governor, it will be judged on outlined criteria such as whether the proposed legislation is necessary to comply with federal law or a recent court decision or whether the proposal is critical to the operation of state government. The Governor's Office reviews the numerous legislative proposals it

receives from all state agencies and selects only those that are determined to be “critical” for inclusion in the Governor’s legislative package to the General Assembly.

If the Governor elects not to include particular proposals in his package, Board members should not seek outside entities to pursue legislation. All Board proposals must follow the procedures for introduction outlined by the Governor and the Department.

If the Governor approves a legislative proposal, the Department will work with the Governor’s Office to ensure passage. Board members may be requested by the agency to lend support through the legislative process. The General Assembly assigns every legislative proposal to a committee. The committee allows for public comment at a hearing. If the committee reports the legislation, it proceeds to the full legislative house of origin. If the house of origin adopts the bill, it goes to the other house where again it is reviewed in committee. If the bill passes both houses, it is sent to the Governor. Newly enacted laws are effective July 1 of the year in which the legislation was introduced unless the bill establishes a different enactment date.

If the Board is interested in pursuing legislation, please notify your Executive Director, Deputy Director, the Chief Deputy Director or the Director. If the Department or the Office of the Governor decides to include the legislation in the Governor’s legislative package, you will be informed by the Department. However, if the Department, the Secretary of Commerce and Trade, or the Office of the Governor decide not to carry the legislation, the Department will inform the Board of this decision as well.

There may be times when legislation that will impact your program is introduced by an outside entity. The Department will inform the Board and you may wish to take a position as a Board and provide testimony to the members of the General Assembly. There will be occasions when the Department or a Board will not take a specific position on a piece of legislation. Please call your Executive Director immediately if you receive a call from a member of the General Assembly or their staff regarding a piece of legislation currently before them that will either affect a regulatory board administered by the Department or the Department in general.

Please feel free to contact staff at any time with questions or concerns you may have about this process.

Regulatory Review Process

The regulatory review process is governed by the Administrative Process Act and the Governor's Executive Order. A regulation is promulgated, amended or repealed through a regulatory action. All regulatory actions are tracked through the Regulatory Town Hall website – www.townhall.virginia.gov. The website contains a wealth of information about the regulatory process. Following is an excerpt from the website of common questions and answers and a chart detailing the process.

What is a regulation?

A regulation is a general rule governing people's rights or conduct that is promulgated by a state agency and has the force of law. Agencies promulgate regulations in order to administer and enforce specific state laws and to implement general agency objectives. Each regulation must be authorized by law. Each chapter of the Virginia Administrative Code (VAC) contains a single regulation.

How is a regulation promulgated?

A regulation is created, amended, or repealed through a regulatory action. Regulatory actions currently take about 18 months from start to finish. The purpose of a regulatory action is to ensure that the public has an opportunity to participate in the rulemaking process and that all perspectives are considered in the development of a final regulation. Unless exempt by law (see explanation below), each regulatory action goes through a mandatory three stage process. These stages are the Notice of Intended Regulatory Action (NOIRA), Proposed regulation, and Final regulation.

Notice of Intended Regulatory Action (NOIRA): The public receives notification that a regulatory change is being considered, along with a description of the changes being considered. Once this stage appears on the Town Hall, there is at least a 30-day period during which the agency receives comments from the public. The agency reviews these comments as it develops the proposed regulation.

Proposed: The public is provided with the full text of the regulation, a statement explaining the substance of the regulatory action, and an Economic Impact Analysis (EIA) prepared by the Department of Planning and Budget. Once the proposed stage appears on the Town Hall, there is at least a 60-day public comment period. Based on the comments received, the agency may modify the proposed text of the regulation. The agency also provides a summary of comments that have been received during the NOIRA period, and the agency's response.

Final: The public is provided with the full text of the regulation, this time with an explanation of any changes made to the text of the regulation since the proposed stage. Once the final stage appears on the Town Hall, there is a 30-day final adoption period.

Emergency Regulations - Sometimes, the General Assembly passes a law requiring an emergency regulation. Emergency regulations are effective for up to one year and are exempt from the usual regulatory process. Usually, an agency will promulgate an emergency regulation and, at the same time, begin a regulatory action for a permanent replacement regulation.

Exempt Regulations - Some regulatory actions are exempt from the regulatory process described above: actions of exempt agencies, regulations setting rates or prices or relating to internal agency working, and regulations with technical changes or changes to strictly conform to changes in federal or state law. Most exempt regulations are published in final form only, however, some exempt actions can include notice and publication of a proposed text.

What is the Virginia Administrative Code (VAC)?

The Virginia Administrative Code (VAC) is the official source for Virginia's regulations. The VAC consists of approximately 1,250 chapters (regulations). You can link to the official text of a regulation in the VAC on each Chapter Information page of the Town Hall. Here is the format of a VAC citation:

Example: 18 VAC 135-20-30

18	Title Number: There are 24 titles in the Virginia Administrative Code. For example, Title 18 contains all regulations pertaining to professional and occupational licensing.
VAC	Abbreviation for Virginia Administrative Code.
135	Board Number: There are 122 boards in Virginia. For example, Board 135 of Title 18 contains regulations of the Real Estate Board
20	Chapter Number: There are approximately 1,250 chapters in the Virginia Administrative Code. Each chapter contains one regulation. For example, chapter 20 under Title 18, Board 135 contains a regulation about real estate licensing.
30	Section Number: Each regulation is divided into parts, e.g., definitions, purpose, and scope. For example, section 30 of this citation is about qualifications for licensure.

What is the Virginia Administrative Process Act (APA)?

The Virginia Administrative Process Act (APA) provides the basic framework for rulemaking in Virginia. Article 2 of the APA, in particular, sets out the stages of the regulatory process, including notice and comment; requires agencies to promulgate public participation guidelines on how the public can be involved in the rulemaking process; and requires the Governor to publish procedures for executive review of regulations.

What is executive branch review?

Before a stage of a regulatory action becomes available for public comment, it often undergoes review by the Office of Attorney General, the Department of Planning and Budget, the Cabinet Secretary, and the Governor. Executive branch review includes certifying that the regulation is consistent with statutory authority and assessing the economic costs and benefits of the regulation. It also includes making sure that regulations are clearly written and easily understandable to the regulated community, determining if the regulation is essential to protect public health, safety, and welfare, and is the least burdensome and intrusive regulation possible.

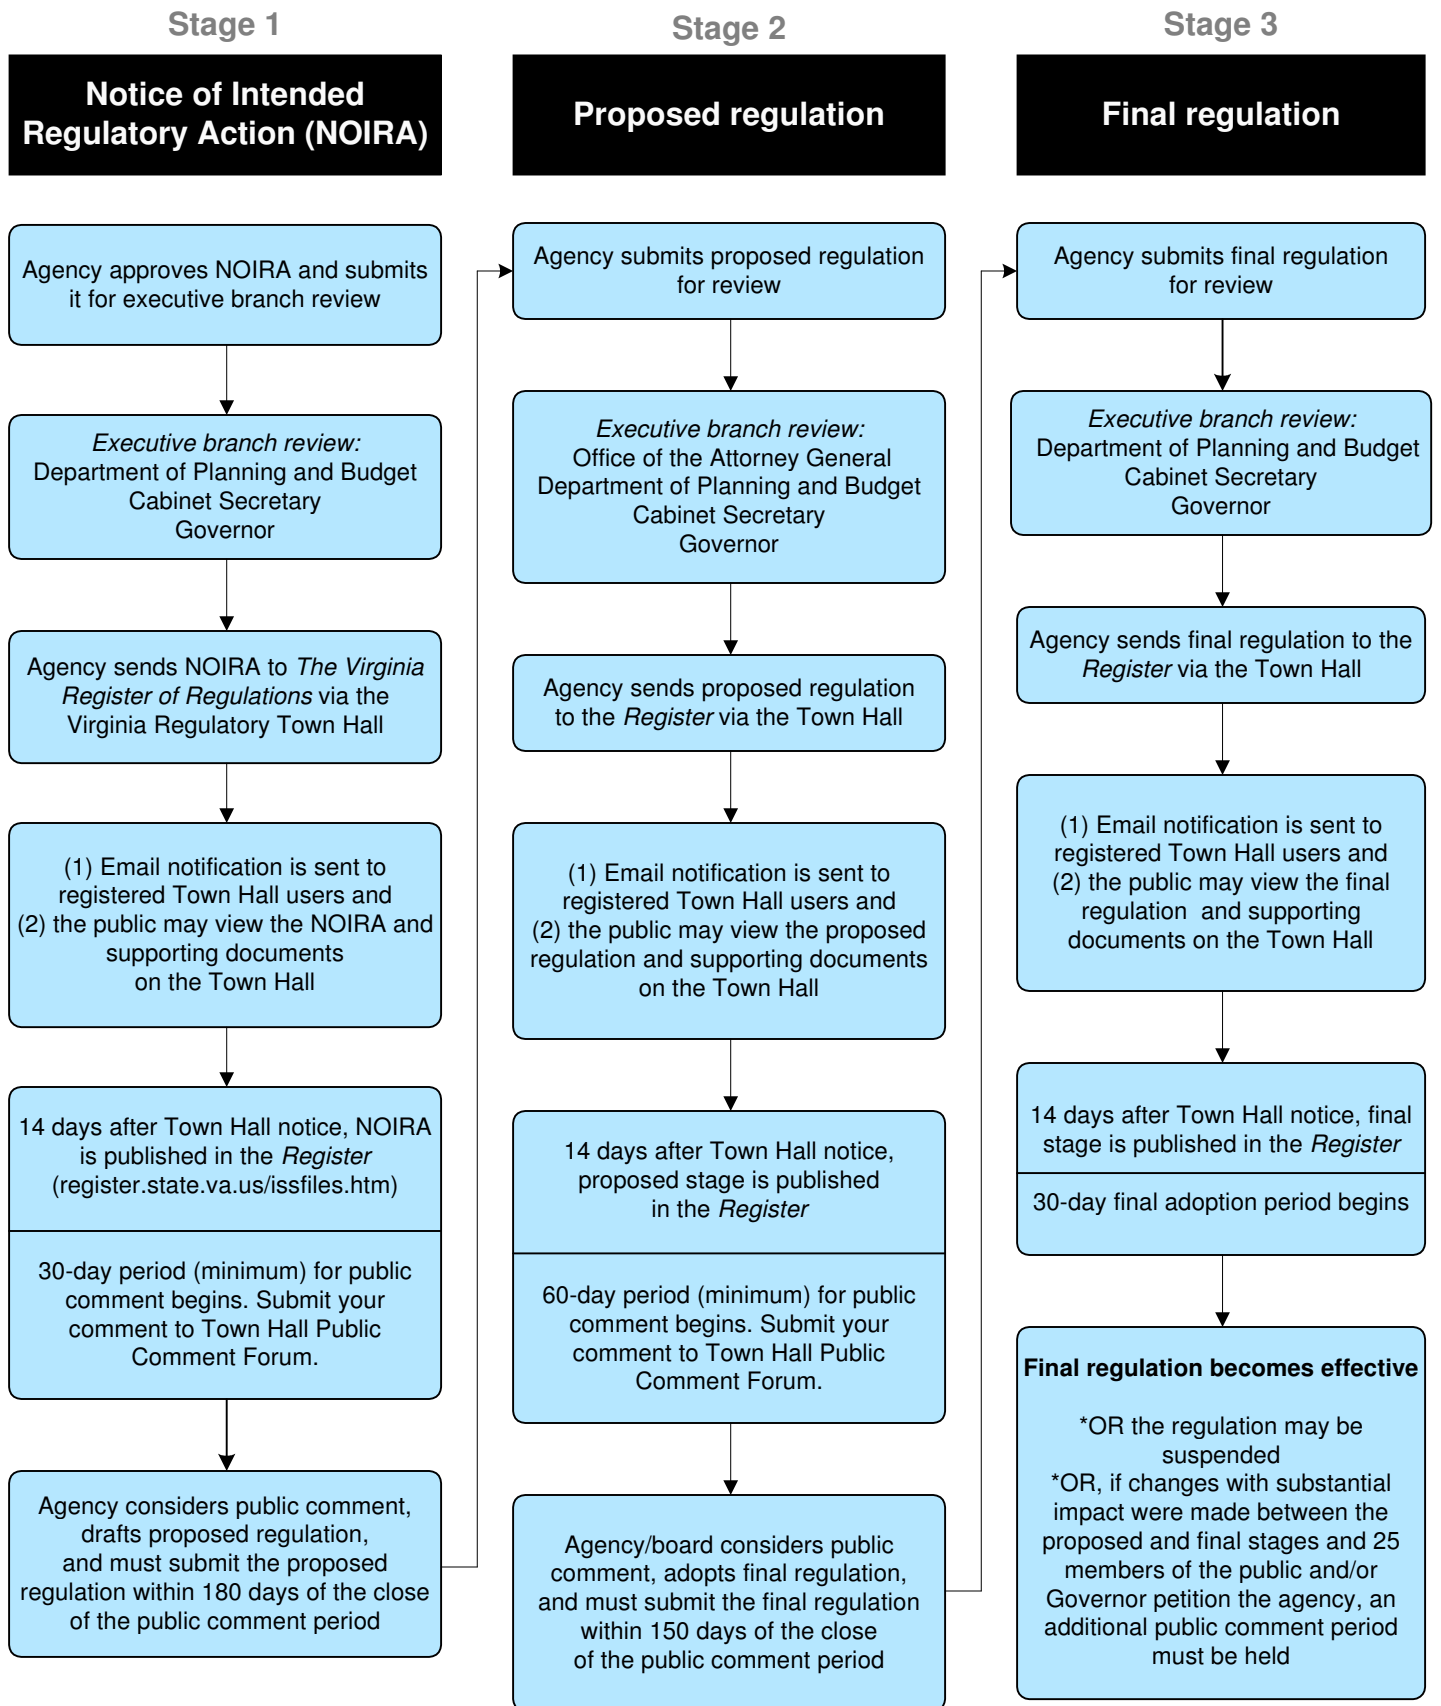

What is an economic impact analysis (EIA)?

An economic impact analysis (EIA) is prepared by the Department of Planning and Budget. An EIA summarizes the costs and benefits that are expected to result from the implementation of the regulatory language. The analysis includes an evaluation of any unintended consequences the new rule may have and assessment of any less intrusive and more cost effective alternatives. The EIA must also include information on the number and types of entities affected by a regulatory action, and on the effects the regulation will have on particular localities, on employment, and on the use and value of private property. The Department has 45 days from the date of submission to complete its economic analysis. EIAs can be found on the Stage Information page for each proposed regulatory action.

What is *The Virginia Register of Regulations*?

The Virginia Register of Regulations is the official publication of legal record in Virginia for regulatory actions. Citations to the *Register* are available on each Stage Information page of the Town Hall.

Secretary of the Commonwealth

COMMONWEALTH OF VIRGINIA

OFFICE OF THE GOVERNOR

Executive Order 21 (2002)

DEVELOPMENT AND REVIEW OF REGULATIONS PROPOSED BY STATE AGENCIES

By virtue of the authority vested in me as Governor under Article V of the Constitution of the Commonwealth of Virginia and under the laws of the Commonwealth, including but not limited to Sections 2.2-4013 and 2.2-4017 of the *Code of Virginia*, and subject to my continuing and ultimate authority and responsibility to act in such matters, I hereby establish policies and procedures for review of all new, revised, and existing regulations proposed by state agencies, which shall include for purposes of this executive order all agencies, boards, commissions and other entities of the Commonwealth within the Executive Branch which issue regulations. Nothing in this Executive Order shall be construed to limit my authority under Section 2.2-4013 to require an additional 30-day final adoption period, or to exercise any other rights and prerogatives existing under Virginia law.

General Policy

The Executive Branch agencies of the Commonwealth must consider, review, and promulgate many regulations each year. This Executive Order sets out procedures and requirements to ensure the efficiency and quality of Virginia's regulatory process.

All state employees who draft, provide policy analysis for, or review regulations shall carefully consider and apply the principles outlined below during the regulatory development and review process. Where applicable and to the extent permitted by law, it shall be the policy of the Commonwealth that:

Unless otherwise mandated by law, only regulations that are necessary to interpret the law or to protect the public health, safety, or welfare shall be promulgated.

- A. Agencies shall identify the nature and significance of the problem a regulation is intended to address, including, where applicable, the failure of private markets and institutions to adequately address the problem.
- B. Agencies shall identify and assess available alternatives for achieving the goals of a regulation, including where feasible and consistent with public health, safety, and welfare:
 - a. The use of information disclosure requirements, rather than regulatory mandates, so that the public can make more informed choices;
 - b. The use of performance standards in place of mandating specific techniques or behavior; and
 - c. The use of economic incentives to encourage the desired outcomes (such as user fees or marketable permits).
- C. Regulatory development shall be based on the best reasonably available scientific, economic, and other information concerning the need for, and consequences of, the intended regulation. Where feasible, agencies shall specifically cite such information in support of regulatory proposals.
- D. Regulations shall be designed to achieve their intended objective in the most cost-effective manner.
- E. Regulations shall be clearly written and easily understandable by the individuals and entities affected.
- F. All legal requirements related to public participation and all public participation guidelines shall be strictly followed to ensure that citizens have reasonable access and opportunity to present their comments and concerns. Agencies shall establish procedures that provide for a timely written response to all comments and the inclusion of suggested changes that would improve the quality of the regulation.
- G. In addition to requirements set out in the Virginia Administrative Process Act, agencies shall post all rulemaking actions on the Virginia Regulatory Town Hall to ensure that the public is adequately informed of rulemaking activity.

- H. Agencies, as well as reviewing entities, shall endeavor to perform their tasks in the regulatory process as expeditiously as the regulatory subject matter will allow and shall adhere to the time frames set out in this Executive Order.
- I. Each agency head will be held accountable for ensuring that the policies and objectives specified in this Executive Order are put into effect. Agency heads shall ensure that information requested by the Department of Planning and Budget (DPB) or the Office of the Governor in connection with this Executive Order is provided on a timely basis.

Applicability

The review process in this Executive Order applies to rulemaking initiated by agencies of the Commonwealth of Virginia in accordance with Article 2 of the Administrative Process Act (APA) (Section 2.2-4006 et seq. of the *Code of Virginia*).

With the exception of the requirements governing the periodic review of existing regulations, the posting of meeting agenda and minutes, and the posting of guidance documents, the requirements of this Executive Order shall not apply to regulations exempt from Article 2 of the APA. However, a Cabinet Secretary may request in writing that an agency comply with all or part of the requirements of this Executive Order for regulations exempt from Article 2 of the APA. Copies of any such request shall be forwarded to the Governor's Policy Office and DPB.

These procedures shall apply in addition to those already specified in the APA, the agencies' public participation guidelines, and the agencies' basic authorizing statutes.

Any failure to comply with the requirements set forth herein shall in no way effect the validity of a regulation, create any cause of action or provide standing for any person under Article 5 of the APA (Section 2.2-4025 et seq. of the *Code of Virginia*), or otherwise challenge the actions of a government entity responsible for adopting or reviewing regulations.

Regulatory Review Process

Regulations shall be subject to Executive Branch review as specified herein. For each stage of the regulatory development process, DPB shall develop an appropriate background form describing the regulatory action. Agencies shall use the form to inform the public about the substance and reasons for the rulemaking. All agency regulatory packages shall be submitted on the Virginia Regulatory Town Hall

and shall include the completed form for that stage of the regulatory process and the text of the regulation where applicable.

As a general rule, agencies shall submit regulatory packages to the Registrar on the Virginia Regulatory Town Hall within 14 days of being authorized to do so. The Counselor to the Governor may grant exceptions to this requirement for good cause.

A. *Notice of Intended Regulatory Action (NOIRA)*

DPB shall review the submission of a Notice of Intended Regulatory Action to determine whether it complies with all requirements of this Executive Order and applicable statutes and whether the contemplated regulatory action comports with the policy of the Commonwealth as set forth herein. Within 14 days of receiving a complete NOIRA review package from the agency, the Director of DPB shall advise the appropriate Secretary and the Governor of DPB's determination.

The agency shall be authorized to submit the NOIRA to the Registrar for publication when at least one of the following conditions are met:

- a. The Governor approves the NOIRA for publication.
- b. Fourteen days have elapsed since DPB's determination and neither the Governor nor the Secretary has objected to the NOIRA.
- c. Fourteen days have elapsed and any objections issued by the Governor or the Secretary have been withdrawn.

If the Director of DPB advises the appropriate Secretary and the Governor that the NOIRA presents issues requiring further review, the NOIRA shall be forwarded to the Secretary. The Secretary shall review the NOIRA within seven days and forward a recommendation to the Governor. The Chief of Staff is hereby authorized to approve NOIRAs on behalf of the Governor.

B. *Proposed Regulation*

Following the initial public comment period required by Section 2.2-4007.B of the *Code of Virginia* and taking into account the comments received, the agency shall prepare a regulatory review package. Agencies should complete the proposed regulation after the close of the NOIRA comment period as expeditiously as the subject matter will allow. However, the agency must submit the package to DPB within 180 days following the close of the NOIRA comment period, unless a waiver is granted by the Counselor to the Governor.

A proposed regulation shall not address new issues that were not disclosed to the public when the NOIRA was published. If an agency can demonstrate a compelling reason to include new issues, an exception to this policy may be granted by the Counselor to the Governor during the proposed regulation review process.

In addition to the information required on the regulation background form, the agency shall also include in the regulatory package a memorandum from the Office of the Attorney General certifying that the agency has legal authority to promulgate the regulation being proposed.

DPB shall review the proposed regulation package to determine whether it complies with all requirements of this Executive Order and applicable statutes and whether the contemplated regulatory action comports with the policy of the Commonwealth as set forth herein. Within 45 days of receiving a complete proposed regulation package from the agency, the Director of DPB shall advise the Secretary of DPB's determination. The Secretary shall review the proposed regulation package within 14 days and forward a recommendation to the Governor. The Chief of Staff is hereby authorized to approve proposed regulations on behalf of the Governor. Within 14 days of receiving notification that the Governor has approved the proposed regulation package, the agency shall submit the proposed regulation package to the Registrar for publication, unless an exception to this requirement is granted for good cause by the Counselor to the Governor.

C. *Final Regulation*

After the agency has reviewed the comments received during the public comment period following publication of the proposed regulation and has revised the proposed regulation, as the agency deems necessary and proper, the agency shall prepare the final regulation package for submission to the Department of Planning and Budget.

The agency shall submit the final regulation to DPB after the close of the proposed regulation comment period as expeditiously as the subject matter will allow. However, in no case should the submission of the final regulation to DPB take place more than 150 days from the close of the public comment period, unless a waiver has been granted by the Counselor to the Governor.

DPB shall review the final regulation package to determine whether it complies with all requirements of this Executive Order and applicable statutes and whether the regulatory action comports with the policy of the Commonwealth

as set forth herein. In particular, DPB shall assess the effect of any substantive changes made since the publication of the proposed regulation and the responsiveness of the agency to public comment. Within 14 days of receiving a complete final regulation package from the agency, the Director of DPB shall advise the Secretary and the Governor of DPB's determination.

After DPB's review, the final regulation shall be forwarded to the appropriate Secretary and the Governor. The Secretary shall make a recommendation to the Governor within seven days. The agency shall be authorized to submit the final regulation to the Registrar for publication when the Governor approves the final regulatory package for publication.

D. Emergency Regulation

In addition to the information required on the background form, the agency shall also include in the regulatory package for any emergency regulation a memorandum from the Office of the Attorney General certifying that the agency has legal authority to promulgate the emergency regulation.

DPB shall review the emergency regulation package to determine whether it complies with all requirements of this Executive Order and applicable statutes and whether the contemplated regulatory action comports with the policy of the Commonwealth as set forth herein. Within 14 days of receiving a complete emergency regulation package from the agency, the Director of DPB shall advise the Secretary of DPB's determination. The Secretary shall review the emergency regulation package within 14 days and forward a recommendation to the Governor. Upon receiving notification that the Governor has approved the emergency regulation package, the agency may then submit the emergency regulation package to the Registrar for publication.

Periodic Review of Existing Regulations

Each existing regulation in the state shall be reviewed at least once every four years by the promulgating agency unless specifically exempted from periodic review by the Governor. The review shall ensure that each regulation complies with the principles set out in this Executive Order. In addition, each periodic review shall include an examination by the Office of the Attorney General to ensure statutory authority for the regulation. The periodic review of a regulation shall be reported on a form established by DPB. Such form shall minimally provide an opportunity for the agency to demonstrate the regulation's compliance with the policies set out in this Executive Order.

Prior to the commencement date of the periodic review for a regulation, an agency shall post on the Town Hall a notice of the periodic review. The agency shall provide for a minimum of 21 days of public comment commencing on the posted date for the review. No later than 90 days after the close of the public comment period, the agency shall post a completed periodic review report on the Virginia Regulatory Town Hall.

When a regulation has undergone a comprehensive review as part of a regulatory action and when the agency has solicited public comment on the regulation, a periodic review shall not be required until four years after the effective date of this regulatory action.

The Counselor to the Governor may request a periodic review of a regulation at any time deemed appropriate. Such a request may outline specific areas to be addressed in the review. In the case of such a request, the agency shall follow the procedures for periodic review as established herein or such other procedures as may be stipulated by the Counselor to the Governor.

Petitions for Rulemaking

Agencies shall post petitions for rulemaking and written decisions to grant or deny the petitioner's request on the Virginia Regulatory Town Hall in accordance with the time frames established in Section 2.2-4007 of the Code of Virginia.

Waivers from Process Deadlines

The Counselor to the Governor may waive the deadlines an agency must meet when submitting proposed and final regulatory packages. A waiver shall only be granted when an agency has demonstrated a compelling need for extending the deadlines set out herein. An agency shall submit a waiver request as soon as possible prior to the expiration of a deadline. Such requests shall be submitted on forms prepared by DPB.

Electronic Availability of Meeting Agenda and Minutes

Executive Branch agencies that promulgate regulations and keep minutes of regulatory meetings shall post such minutes of their public meetings on the Virginia Regulatory Town Hall in accordance with the time frames established in Section 2.2-3707.1 of the *Code of Virginia*. This requirement shall apply to all meetings scheduled on or after July 1, 2002. In addition, wherever feasible, agencies shall post the agenda for a public meeting on the Virginia Regulatory Town Hall at least seven days prior to the date of the meeting.

Electronic Availability of Guidance Documents

To the extent feasible, agencies shall make all guidance documents, as defined by Section 2.2-4001 of the *Code of Virginia*, available to the public on the Virginia Regulatory Town Hall no later than July 1, 2003. Any guidance document currently available in electronic format shall be posted on the Virginia Regulatory Town Hall by December 31, 2002. Any changes to a guidance document shall be reflected on the Virginia Regulatory Town Hall within 10 days of the change. The Counselor to the Governor may waive these requirements or extend these deadlines in cases where agencies have demonstrated a compelling need. An agency shall submit a waiver request as soon as possible prior to the expiration of the deadline. Such requests shall be submitted on forms prepared by DPB.

This Executive Order rescinds Executive Order Number Twenty-Four (98) and Executive Order Number Twenty-Five (98) issued by Governor James S. Gilmore, III. This Executive Order shall become effective upon its signing and shall remain in full force and effect until June 30, 2006, unless amended or rescinded by further Executive Order.

Given under my hand and under the Seal of the Commonwealth of Virginia on this 26th day of June 2002.

Mark R. Warner, Governor

Compliance and Investigations

Disciplinary complaints are handled by four sections within the Compliance and Investigations Division: Complaint Analysis and Resolution; Alternative Dispute Resolution; Field Investigations; and Adjudication.

Complaints are received by the Complaint Analysis and Resolution Section. Initial review of a complaint is to determine whether DPOR has jurisdiction over the complaint. In other words, does the complaint relate to a profession or occupation regulated by one of the DPOR Boards? If not, the complaint is referred to the appropriate agency. If the answer is yes, the next determination is whether the Board has jurisdiction over the complaint. If the facts alleged are true, is there a violation of a Board regulation or statute? If so, informal resolution of the complaint through mediation, compliance or the issuance of a Consent Order is attempted. A consent order is an agreement between the licensee and the Board regarding the violation and sanction. If informal resolution is not achieved, the complaint is assigned to an investigator.

The purpose of the investigation is to determine probable cause. This conclusion is reached after the investigation is complete. If probable cause exists, another attempt at an informal resolution of the complaint is made. If the complaint is not resolved it is referred to the Adjudication Section to conduct an Informal Fact Finding Conference (IFF).

The Adjudication Section schedules the IFF and sends a Notice of the IFF to the respondent (the licensee alleged to have violated a regulation or statute). A Board member, former Board member, or staff member serve as the presiding officer at the IFF. Adjudication staff presents the case to the presiding officer. The respondent, and any other appropriate witnesses, have the opportunity to present evidence to the presiding officer. A court reporter records the proceedings. A consent order may still be offered at this time. If an agreement for a consent order is reached, staff prepares the consent order for signature by the respondent. The consent order is then placed on the agenda for the next Board meeting for ratification by the full Board. If a consent order agreement is not reached, the presiding officer writes a summary of the facts and a recommendation to the full Board regarding whether a violation occurred and what the appropriate sanction should be. Staff members assist the presiding officer with preparation of the summary, which is considered by the Board at their next meeting.

The Compliance and Investigations Division is also responsible for enforcing criminal laws under DPOR's jurisdiction, including practicing without a license and filing false or fraudulent applications for licensure. After investigation, criminal matters are referred to local Commonwealth's Attorneys for prosecution. Criminal investigators also serve as DPOR's liaison with other law enforcement and government agencies.

Administration and Finance

FINANCIAL OVERVIEW

Regulatory Fees

The activities of the Department and its regulatory boards are funded almost entirely from licensing fees. The general powers and duties of the boards related to financing their programs are addressed in the *Code of Virginia*, Section 54.1-204:

To levy and collect fees for certification or licensure and renewal that are sufficient to cover all expenses for the administration and operation of the regulatory board and a proportionate share of the expenses of the Department of Professional and Occupational Regulation and the Board of Professional and Occupational Regulation.

In Section 54.1.113, the Code addresses the specific responsibilities of the board for setting fee amounts:

Following the close of any biennium, when the account for any regulatory board within the Department of Professional and Occupational Regulation or the Department of Health Professions maintained under § 54.1-308 or § 54.1-2505 shows expenses allocated to it for the past biennium to be more than ten percent greater or less than moneys collected on behalf of the board, it shall revise the fees levied by it for certification or licensure and renewal thereof so that the fees are sufficient but not excessive to cover expenses.

The Budget Section maintains a detailed accounting of the revenues and expenditures of each board to support the boards in their responsibility to establish fees and maintain adequate revenues. The Budget Section also provides monthly reports to inform the board of its financial status. After the close of each biennium, or more frequently if necessary, the Budget Section reviews the financial position of the board, prepares projections of expected revenues and expenditures for the next biennium, and provides recommendations to the board concerning the need to adjust its fees. If fee adjustments are necessary, the Budget Section will prepare alternative fee structures for the board's consideration. The recommendations are designed to maintain the board's financial stability and to comply with the Department's Guidelines for establishing fees and Code of Virginia requirements.

Changes to fees must be proposed and published for public comment under the provisions of the Administrative Process Act. Fees do not become effective until the processes and approvals required by the Act are completed, which can take 12-18 months or longer. For that reason, each

regulatory board's current and projected financial position are monitored closely to plan for any upcoming need for fee adjustments and to allow for adequate time to complete required processes.

Budgets

Licensing fees are established at amounts that provide sufficient revenue to pay each board's and the Department's operating expenses. Amounts collected from fees are considered nongeneral fund revenues, which means they are collected for a specific purpose (professional and occupational licensure), and must be expended for that purpose. The Department receives no general fund (i.e., tax) revenues from the Commonwealth.

Revenues collected by the Department must be appropriated before they can be expended. The Department's appropriation represents the amount of money it is authorized to spend each year. The appropriation is authorized by the General Assembly in each year's 'Virginia Acts of Assembly', known as the Appropriations Act.

Each fiscal year, the Department establishes an internal operating budget that distributes available funds (the appropriation) to support all the operations and activities of the Department and the regulatory boards. During the budgeting process, managers have the opportunity to explain plans and request funding for specific activities for the year. Board administrators may ask the board for input during this process about plans for promulgation of regulations, travel and training, board meetings, changes in regulatory requirements, or other planned activities that impact funding needs. The Director approves the final operating budget based on the agency's total available funds/appropriation.

Board Expenses and Reimbursements

Costs that relate to a single board's activities are reported in a separate cost center and are charged directly to the board. Costs commonly charged directly to a board include board member per diem and travel costs, board member or staff training, printing, postage, and legal services.

Board members may incur certain expenses associated with working or traveling on official board business. Those expenses may be reimbursed within the requirements of the state and agency travel policies. Board members are reimbursed for mileage when traveling to and from board meetings and authorized workshops or conventions. Lodging costs and meals are also reimbursed when the board member is in overnight travel status. Board members should be familiar with the basic provisions for authorized travel expenses and reimbursement and should read the agency travel brochure at <http://www.state.va.us/dpor/Travel%20Brochure.pdf> before traveling. Board

members should contact their administrator or the Finance Section to obtain approvals for overnight travel or assistance with travel-related questions. In addition to reimbursements for travel expenses, board members receive a daily 'per diem' amount while conducting official board business.

Consent Order Penalty Collections

Monetary penalties collected pursuant to disciplinary actions of a board are deposited to a special state fund known as the Literary Fund and are not available for spending by DPOR. The Literary Fund provides low-interest loans to localities for funding school building projects. The law requires all monetary penalties to be deposited into this fund, thereby providing the boards clear independence from any appearance of improper assessment of penalties.

BOARD FINANCIAL STATEMENTS

Background

Section 54.1-113 of the *Code of Virginia* (Callahan Act) requires the Department to account for revenues collected for each board and expenses allocated to each board on a biennial (two-year) basis. That information is used for the purpose of maintaining or adjusting fees so that revenues collected are sufficient to cover expenses but not excessive. In order to reasonably and appropriately allocate and account for each board's expenses, the Department uses a Cost Allocation System. Under this System, direct expenditures of each board are identified from the accounting records. The indirect costs incurred by the agency to provide operational support are then identified and distributed to each board using specific allocation techniques. Through this system, the revenues collected through regulatory fees and the total expenses incurred to support operations are accounted for by each individual board.

Format

Because of the requirements of the Callahan Act, the Cost Allocation System is designed to account for each board's financial position for an entire biennium. A biennium begins on July 1 of each even-numbered year, and ends on June 30th of the next even-numbered year.

The Cost Allocation System produces two financial statements for each board:

Statement of Financial Activity

This statement is produced for each board on a monthly basis. The Board name, biennium, and current month are reported in the heading.

The first column lists each item by type, beginning with revenues, then details expenditures by Cost Category (see explanations below).

The second column reports revenues collected and each type of expenditure for the *current month*.

The third and fourth columns provide a *comparison of financial activity for the previous and the current biennium*. Each column reports the board's total financial activity from the beginning of the applicable biennium through the report month.

The fourth column is a statement of the board's *current financial position*, including the balance brought forward from the previous biennium and the cash/revenue balance at the close of the current month.

The final section of the Statement reports the board's actual Callahan Act percentage at the close of the previous biennium. It also reports the target Callahan Act percentage for the end of the current biennium. The target percentage is determined from the fee analysis performed for each board after the close of each biennium, and represents where the board is expected to be in the course of adjusting its revenues, expenditures, and/or cash balance as required by the Callahan Act.

Supporting Statement of Year-to-Date Activity and Budget

This supporting Statement provides a summary of each board's financial activity on a *fiscal year basis* for the purpose of monitoring plans and variations from budgeted amounts. Although the Callahan Act requires accounting for board activities on a biennial basis, most operational planning and budgeting is conducted on an annual basis.

For monitoring purposes, the agency's budgets for each type of expenditure are entered into the Cost Allocation System to provide estimates of anticipated annual costs for each board in each category. Because the allocations are based on volume and activity levels (see explanations below) which may not be constant, allocated budget amounts and actual allocated expenses can vary substantially. This Statement can assist the boards in understanding the underlying causes for such variations, and how operational, regulatory, or legal activities impact budget and actual allocations.

The Year-to-Date Activity Statement details each type of expenditure for each month and provides a *fiscal year-to-date* total. It reports the budget allocated to the board for each type of expenditure and the remaining budget. It then provides a straight-line projection of estimated costs at the close of the fiscal year (assuming that all costs remain relatively stable and continue at the same rate for the remainder of the year), and provides projected variances from budgeted amounts.

Cost Categories and Allocation Methodologies

Board Expenditures consist of charges incurred directly in support of board operations, such as travel, per diem, printing and postage. Board Expenditures include the board's share of the costs of processing fees, based on the number of fees processed for each board during the month.

Board Administration represents the cost of staff that support regulatory program operations. The allocated cost is based on each board's number of licensees.

Exam Administration represents the cost of providing direct support in the development, administration, and contracting of exams. Costs are allocated based on percentages of time and effort given to each board by Examination staff, and number of exams given.

Enforcement represents the costs associated with complaint processing, investigation, and adjudication. These costs are allocated based on enforcement activity for each board.

Legal Service charges include billings from the Office of the Attorney General for hourly support provided to each board, which are allocated based on use and number of licensees. It also includes the costs of court reporters and hearing officers which are charged directly to the board.

Information Systems represents charges incurred for information technology services and records management. The costs are allocated based on each board's percentage of licensees.

Facilities Management includes facilities and equipment, mailroom, and procurement costs incurred in support of board activities. The costs are allocated based on each board's percentage of licensees, as well as the percentage of mail processed for the board.

Agency Administration includes the agency's general administrative support and overhead costs. Charges are allocated based on each board's percentage of licensees.

The *Transfers/Other* category is used to allocate other charges to each board. The most common type of charge reported here is mandated transfers to the General Fund of the Commonwealth as mandated in the Appropriations Act, or to pay the agency's share of central state processing and support costs. The charges are allocated based on each board's percentage of licensees.

Fee Analysis

The information accumulated through the Cost Allocation System provides the data required for an analysis of each board's financial position after the close of each biennium, and provides the basis for recommended adjustments in fees. The Budget Section will discuss financial position, projections, and the need for any fee recommendations with each board as needed.

If additional information, explanation, or assistance is needed, please contact the **Budget Section**.

EDUCATION AND EXAMINATION OVERVIEW

Organization

The Office of Education and Examinations is staffed with a Director, Examination Specialist Manager and two Examination Specialists, one of which also serves as the Department's Internship Coordinator. The Office of Education and Examinations reports directly to the Deputy Director for Administration and Finance, who reports to the Director.

Functions

The Director of the Office of Education and Examinations serves as the Department representative and coordinator for the Professional Licensing Education Task Force (PLET) in accordance with the Department's mission and goals.

PLET goals include increasing communication between those designing Virginia's education programs and those responsible for establishing licensing requirements; creating partnerships to increase efficiency and service through the coordination, development and operation of education, licensing and testing programs; and to ensure that state education and licensing requirements are coordinated to maximize the opportunities for licensure to the public.

The Office of Education and Examinations also houses and coordinates the Department's Internship Program which offers students paid educational and work-related experience opportunities within all of its Divisions.

The Office of Education and Examinations provides centralized examination services for all regulatory boards which require examination for licensure or certification. Once approved to take an examination, this office works with the candidate until the examination is successfully passed or the candidate makes no further attempts.

PROFESSIONAL LICENSING EDUCATION TASK FORCE

In 1997, The Department of Professional and Occupational Regulation, with key leaders of the State Council of Higher Education, Department of Education, Virginia Community College System, Department of Labor and Industry, Virginia Business Education Partnership and the Virginia Employment Commission formed the Professional Licensing Education Task Force. The Task Force is a cooperative effort to coordinate education programs and licensing requirements for regulated professions in the Commonwealth.

PLET has been responsible for the implementation of programs such as the:

Basic Contractor Licensing Class-the Department and Board for Contractors in partnership with the Virginia Community College System created a one day remedial class for licensed contractors. Goals of the course are to educate respondents in disciplinary cases to avoid future regulatory and statutory violations and to protect the safety, health and welfare of the public. The class is also available to members of the public who are interested in pursuing apprenticeships, training and licensing in the field. The class is taught on fourteen community college campuses and one private school in Virginia.

Advanced Contractor Licensing Class (Business and Project Management for Virginia Contractors) the Department and Board for Contractors in partnership with the Virginia Community College System created a twenty hour course for those interested in obtaining licensure as Class A and Class B Contractors. Objectives are to develop knowledge of construction management and successful operation of a business, including compliance with government regulations related to the profession. This curriculum is now being taught on seven community college campuses throughout Virginia.

This course is also used as a remedial course to educate respondents and, in so doing, protect the welfare of the public.

Waterworks Operator Online Examination Pilot Program-The Department, in partnership with the Virginia Department of Health, Office of Drinking Water, and Virginia Polytechnic Institute and State University/Virginia Cooperative Extension created a pilot program to offer the Class VI Waterworks Operator licensing examination online throughout the state. This innovative method of examination delivery offers a high level of examination security and provides an excellent service to candidates by increasing availability of examination sites, number of locations and time frames in which to take the exam. Based on the success of this program, all ten Waterworks and Wastewater Works Operator examinations are computerized and offered daily in many locations throughout Virginia.

Land Surveyor Examination Preparatory Class-The Department and the Land Surveyor Board Members, in partnership with the Virginia Community College System (VCCS) and the Virginia Cemetery Management Training- Developed to respond to Cemetery Board regulations for compliance agent and designee qualifications, this course focuses on procedures regarding cemetery rules and regulations as they relate to various aspects of cemetery operation. It will prepare the participants to interpret, communicate, and comply with cemetery law while meeting the needs of the consumers.

Opticians Apprenticeship Related Instruction Curriculum Development-In 2005, The Department, in partnership with the VCCS, and the Department of Labor and Industry Apprenticeship Program created a curriculum which is currently taught by all related instruction coordinators in Virginia. The goals are to create consistency in instruction, allow students to transfer without losing credit or educational opportunities and to maintain a relevant and progressive curriculum which keeps pace with the standards of the profession.

PLET also participates in career development outreach programs, business ethics forums, curriculum and examination development projects, and as presenters in educational and workforce related conferences.

INTERNSHIP PROGRAM

An internship is a paid or unpaid supervised work experience designed to provide students with knowledge and experience in a career field. Internships may or may not be for academic credit depending on the educational institution.

The Office of Education and Examinations coordinates the Internship Program. Responsibilities include, but are not limited to, guidance to Department staff on preparation of Internship Descriptions, announcement of internship openings, liaison between the Department and educational institutions with internship programs, coordination of internship applications and interviews with Internship Supervisors. In addition, an Internship Coordinator represents the Department at Career and Job Fairs and other events to advise the public and potential internship candidates of the internship program and positions openings.

The Department shall apply consistent and objective standards in the offering of internship opportunities. Applicants for internship will be afforded equal opportunity without regard to race, color, religion, political affiliation, national origin, disability, marital status, gender or age.

EXAMINATIONS

Essential Services

The Office of Education and Examinations (the Office) provides the following essential examination services and is responsible for the testing of approximately 50,000 individuals per year:

- Developing examinations
- Developing and providing Candidate Bulletins of Information
- Scheduling the candidate for the examination
- Administering examinations
- Maintaining examination security
- Scoring examinations
- Posting examination results on the Department's automated system
- Providing the candidate with individual examination results
- Developing and providing diagnostic reports to failing candidates
- Scheduling exam reviews with failing candidates
- Rescheduling failing candidates
- Issuing licenses to successful candidates
- Providing a point of contact for answering telephonic inquiries and written correspondence about any exam
- Investigating security violations and cheating incidents
- Resolving complaints
- Providing a variety of statistical data to the Department, Boards and others
- Managing vendor contracts
- Evaluating vendor performance

Services vary depending on whether the development and administration of the examination is contracted to an outside vendor.

The Education & Examinations Director is responsible for working with the Boards and Executive Directors in the development of in-house examinations, conducting and coordinating examination workshops, supervising the Office, communicating with candidates, approving Americans With Disabilities Act (ADA) accommodations, making informational presentations to Boards, and performing the functions of Administrative Contract Officer for all contracted examination services.

Purpose of Examinations in the Licensing Process

Licensing examinations are our best method of assuring the public that an individual possesses minimal competence to practice a profession at the entry level.

Regulatory Boards are empowered to establish the criteria for licensing which candidates must meet. Criteria are designed to insure that licensees possess the knowledge and skills to perform important occupational activities safely and effectively. One of these criteria is the ability to pass a Board specified examination.

EXAMINATION DEVELOPMENT

There are three primary sources for examinations in the Department:

Board Developed (In-House) Exams

Some examinations are developed by the Board/Department. Typically both Board members and non-Board members, Subject Matter Experts (SMEs) are invited to participate in examination development workshops. The Education and Examinations Director then facilitates the development of exams and provides technical expertise to ensure the exams are "psychometrically" sound and legally defensible.

Vendor Developed

Contracts with vendors require the vendor to develop the exam in much the same manner as those developed by the Board/Department. Board members and SMEs are invited to participate in the exam development workshops. Vendor created exams are developed under the guidance of vendor psychometricians and the exams are typically "tailor made" for use in Virginia.

Purchase of a "National" Exam

This arrangement involves the least participation of Board members and the Department. Board members and other Virginia SMEs are usually invited to participate in national exam development workshops. This participation helps to ensure the exam is not oriented toward one geographic region of the country. However, state participation is not always possible. The national developer is responsible for the psychometric credibility and legal defensibility of the exam. Examples of these types of exams are the Fundamentals of Land Surveying Exam and the Professional Engineer Exam. National examinations are often administered by a vendor

under contract with the Department to ensure application, scheduling, and scoring processes meet Departmental requirements.

Public Protection

Although not always possible with national exams, Board developed and vendor developed exams can be and should be reviewed by the Board and/or Board appointed committees of SMEs to ensure the exam reflects the knowledge and skills necessary for competent performance in Virginia from the perspective of public protection. Most importantly the exam should be reflective of current practice in Virginia. In order for a test to measure potential competent performance of a candidate, it must be both valid and reliable.

Test Validity

An exam is considered valid if it accurately measures competencies for safe and effective entry-level job performance. This criteria is met by establishing a link between the questions on the examination and the tasks essential to public safety that are actually performed on the job. This linkage is initially established through a Job or Task Analysis and maintained by ensuring that all test forms (versions) reflect the results of the job analysis.

The examination must distinguish between candidates who do and do not possess these competencies. This criteria is satisfied by establishing a minimum passing score which defines the minimum level of competence in terms of examination performance for public protection. This is normally done through the conduct of a Cut-Score Study. A Cut-Score Study consists of the meeting of a panel of SMEs who review each question (item) on an examination or bank of questions and estimate the percentage of competent candidates who will answer each question correctly. When the proportions established by the panel are summed across all questions, the result is a recommended minimum "cut-score" or passing score.

The use of the Cut-Score Study and statistical methods of computing the cut-score such as the "Angoff Method" separates Criterion Referenced examinations from Norm Referenced examinations. All licensing examinations used by the Department are Criterion Reference as opposed to Norm Referenced. A Criterion Referenced exam sets minimum competence based on how the individual candidate performs and not how the group of test takers performs as is the case with a Norm Referenced exam. The Board or its appointed representative or committee will be asked to approve the cut-score derived from a Cut-Score Study.

Test Reliability

An examination is said to be reliable, or to generate reliable scores, if the results of the examination are stable. That is, the examination should consistently pass candidates who can demonstrate that they have the knowledge, skills and abilities needed to perform the job competently, and should consistently fail candidates who cannot demonstrate such knowledge, skills and abilities.

Item Writing

After the job analysis has been completed and the Board has determined the tasks required of minimally competent entry-level practitioners, the test specifications or blueprint for the examination is created. Test specifications outline the content of the examination and indicate the relative emphasis to be given to various content areas. Test questions, or "Items", are usually written at an Item Writing Workshop. A panel of SMEs meet to prepare and review actual questions to be used on the examination. The review aspect of this process is very important. Specific guidance is given to panel members on item writing techniques. All items approved by the panel are placed in the Item Bank for future use in examinations. At another workshop called an Examination Construction Workshop, the actual questions to be used on a particular form (version) of the exam are selected or "pulled" from the Item Bank and placed in the test form. Examination vendors typically use automated systems to store and retrieve items in a method to ensure each form is equivalent to the next in content and difficulty level.

Post Examination Analysis

A statistical analysis of examination performance is completed after each exam administration either by the Education & Examination Director or vendor. "P" (performance) values are calculated on each question which indicates the percentage of candidates who answered the question correctly. Items with low "P" values are reviewed by the Board or other SMEs to determine if there was any reason why the item did not perform well. If the item is clearly written and otherwise valid and reliable, the item remains in the exam regardless of the "P" value. If problems are discovered, the Board can adjust the exam by dropping items from the exam or multiple keying items, as necessary.

Practical or Performance Examinations

Several professions require that the candidate actually demonstrate skills in addition to passing a written examination. Practical examinations are administered by vendors and some

by Board members themselves. Practical examinations are more time consuming and costly to administer than written examinations. Practical examinations are challenging to conduct since they must be developed to be objective in a subjective environment.

EXAMINATION ADMINISTRATION

Administration of In-House Exams

In-House, or Board/Department developed examinations are administered by the Office of Education and Examinations Staff or by professional proctors contracted by the Department. A facility is rented or Department facilities used for the administration of the examination.

Administration of Contracted Exams

Contracted examinations are usually developed, administered, scored and proctored by the vendor depending on the provisions of the contract. With this type of arrangement, the vendor is totally responsible for securing the examination site and properly administering the examination.

Scoring Examinations

Examinations are scored by various means depending on the profession. Most contracted examinations are scored by the vendor who reports scores to the Department electronically. The Office of Education and Examinations posts scores to the Department's automated system which then generates a fail letter for those who fail and a license and/or a pass letter for those who pass the examination. Some vendors have the capability of reporting scores to the candidate immediately while at the test site. Others will send the pass or fail notice to the candidate instead of the Department. No vendor issues a license. The Department issues all licenses on behalf of the Boards.

Examination Security

Examination security is maintained by the Office of Education and Examinations for "in-house" examinations and by the vendor for contracted examinations. Review of examinations by Board members is necessary at times. Specific content of examinations must never be divulged to potential candidates or to the general public. Board members participating in exam workshops are required to sign a statement of non-disclosure.

Examination security is a key responsibility of test administrators. Towards this end, on May 1, 1998, the Department implemented an Examination Site Conduct policy to protect the validity and reliability of the exams. The policy also deals with handling disruptive and prohibited conduct by candidates during exam administration such as abusive behavior and cheating.

Candidate Bulletins of Information

Candidate Bulletins of Information are created by the Office of Education and Examinations or the vendor to provide the candidate information on general examination content and references, fees, test dates, application deadlines, test sites, and scoring and reporting procedures.

Examination Fees

Board Rules and Regulations may include specific fees or that fees are based on negotiated contracts with vendors. Fees cover such administrative costs as reviewing candidate applications, scheduling, examination development and production costs, scoring, and reporting. Some exam fees are paid directly to the vendor which constitutes their full payment for exam development and administration. Other fees are paid directly to the Department. Depending on the profession, unless the candidate can document extenuating circumstances supporting a request for an exam cancellation or postponement, individual candidate examination fees are non-refundable. In addition to exam fees, some professions also have application fees that cover the cost of reviewing initial applications required to ensure the candidate is eligible to take the examination.

Accommodating Candidates With Disabilities

Americans With Disabilities Act (ADA)

The ADA of 1990 provides specific requirements related to testing for qualified individuals with disabilities. Candidates with disabilities are to be offered examinations in an accessible place and manner. Qualified disabled candidates will not be charged for special accommodations, special services or alternate test formats. Such accommodations may include, but are not limited to, qualified readers, interpreters for signing, additional time, and Braille examinations. Qualified candidates with disabilities must provide reasonable advance notice and appropriate documentation of the disability, the need for accommodation and identify any modifications to the examination process or other aids that will be required. Any requirements for such documentation must be reasonable and must be limited to the need for the accommodation. Candidates with disabilities must make their disability known and the need for special accommodations by annotating their application for examination and providing adequate evidence of their disability. Examination vendors are very much in tune with the requirements of the ADA and provide good advice to aid the Education and Examinations Director and Boards in making decisions. The Department Policy 100-02 addresses the ADA.

Examination Summary

All licensing examinations need to be valid, reliable and legally defensible. They must measure entry-level knowledge and skills, and be developed with the ultimate goal of discriminating between competent and incompetent candidates in order to protect the public. Examinations must be administered in a standardized manner to maintain security and all facets of the examination program should be documented to explain how:

- The content of the examination is designed
- Questions are developed, reviewed and edited
- The examination forms are assembled
- Candidates register and schedule
- The examination is administered
- The examination is analyzed, scored and reported after the administration
- Security is maintained.

Whether the examination used is developed by a national organization, test developer or Board/Department, the Board has the ultimate responsibility for ensuring the development and administration of a valid, reliable and legally defensible examination.

Media Relations

The Department of Professional and Occupational Regulation recognizes the importance of providing accurate and timely information, as well as the value of pursuing a proactive public awareness strategy. Therefore, the Department strives to respond promptly to information queries and also to seek out external communications opportunities.

As public servants, all Department staff and Board members must keep in mind that our work is open to public scrutiny. The Department operates in a culture of openness, meaning that our business – the people’s business – is conducted in a public forum and that we welcome public input, attention and comment. An inquiry from a reporter should not be seen as a threat, but as an excellent opportunity to tell the Department’s story. When we do talk with the public, either directly or through the media, it is important that the Department’s messages be consistent and knowledgeable – and so we ask you to observe the following procedures:

All press releases regarding the Department and its regulatory boards must be approved by the Director’s Office, and may then be submitted to the Secretary of Commerce and Trade for approval by the Governor’s Office. Press releases are circulated to print, radio, and television media outlets across the state and posted on the Department’s web site.

At times, a licensee or a regulatory program may become involved in a highly visible news event. The Department will respond to reporters’ inquiries with information that is subject to public disclosure. If a reporter requests technical information or requests to speak to a board member, Department staff will provide a board member’s business telephone number. Staff will call the board member with a “heads-up” regarding the possible media inquiry. All staff and Board members must advise the Communications Director or appropriate Executive Director of all media-related contacts they receive.

The Department confirms the existence of open disciplinary cases only when an investigation has determined that sufficient evidence exists to establish probable cause of a violation. However, no specific information concerning an individual or business under investigation by the Compliance and Investigations Division or under review by a regulatory board may be released to the media until the case is closed. If Board members are questioned about an open case, they should refer reporters to the Freedom of Information Act’s prohibition on disclosing information about open complaint files [§54.1-108].
